## Pearson India Launches a New Series of Preparatory Books for GATE 2017 Aspirants in India

A comprehensive one-stop solution developed by highly-experienced subject-matter experts

**New Delhi, May 02, 2016: Pearson India**, the world's leading learning organisation, today launched the new '**Crack the GATE**' series for aspirants of 2017 Graduate Aptitude Test in Engineering (GATE) examination.

The new exhaustive preparatory series has been prepared by a consortium of highly-experienced faculties engaged in training GATE candidates. The series covers key elements of GATE examination through four separate books:

1. **GATE Computer Science and Information Technology 2017**
2. **GATE Electrical Engineering 2017**
3. **GATE Electronics and Communication Engineering 2017**
4. **GATE Mechanical Engineering 2017**

These books are divided into three parts covering, (1) General Aptitude, (2) Engineering Mathematics and (3) Technical Section (Computer Science and Information Technology/ Electronics and Communication Engineering / Mechanical Engineering/ Electrical Engineering).

### Highlights of the series:

- Complete set of solved 2016 GATE online papers with detailed analysis
- Maximum Coverage/Explanations/Illustrations as per latest syllabus
- Over 1600+ solved problems and 6000+ practice questions

- Elaborate question bank covering previous 10 Years GATE question papers
- Includes 5 free online mock tests based on the latest pattern of GATE Exam
- Modular design for easy understanding

Commenting on the launch, **Mr. Vikas Singh, Vice-President, Higher Education & Test preparation, Pearson India**, said, "GATE examination is a crucial step for every engineering aspirant in our country and we being the world's leading learning organisation, are committed to offer high-quality preparatory content for each of such key competitive examinations. Our latest Crack the GATE series for 2017 examination offers highly-relevant course content to provide insights, detailed explanations, practice modules and much more to candidates."

Priced at Rs. 949/- each, these books will be available at all leading stores across the country starting today.
