ANTHROPOLOGY

ANTHROPOLOGY, 15/e

Carol R. Ember
Melvin R. Ember
Peter N. Peregrine

ISBN: 9789353949600

₹ 799.00 | Pages: 656

ABOUT THE BOOK

Anthropology takes a unique and holistic approach to the study of anthropology with an emphasis on the biological, social and cultural aspects of human life. Transcending mere descriptions, the text explains not only what humans are and were like, but also how they got to be that way, in all their variety. Authors Carol Ember, Melvin Ember, and Peter Peregrine provide comparative, cross-cultural insights based on an evidence-based approach which is highly relevant today. The 15th Edition offers a streamlined narrative that makes it easier for instructors to cover all aspects of the discipline in a single semester, as well as thoroughly updated research that ensures an up-to-date learning experience.

FEATURES

- **Examines research.** *Current Research and Issues* boxes highlight recent topics that students may have heard about in the news or that are currently being debated in the profession.
- **Immigrants influence on social life.** *Migrants and Immigrants* boxes explore how migration and immigration have impacted recent and contemporary social life.
- **NEW! Environmental issues.** An expanded focus on environmental issues is presented.

CONTENTS

1. What Is Anthropology
2. Research Methods in Anthropology
3. Genetics and Evolution
4. Human Variation and Adaptation
5. Primates: Past and Present
6. The First Hominins
7. The Origins of Culture and the Emergence of Homo
8. The Emergence of Homo sapiens
9. The Upper Paleolithic World
10. Origins of Food Production and Settled Life
11. Origins of Cities and States
12. Culture and Culture Change
13. Culture and the Individual
14. Communication and Language
15. Getting Food
16. Economic Systems
17. Social Stratification: Class, Ethnicity, and Racism
18. Sex and Gender
19. Marriage and the Family
20. Marital Residence and Kinship

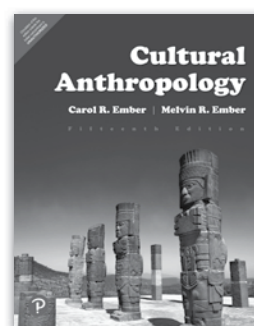

21. Associations and Interest Groups
22. Political Life: Social Order and Disorder
23. Religion and Magic
24. The Arts
25. Health and Illness
26. Practicing and Applying Anthropology

CULTURAL ANTHROPOLOGY, 15/e

Carol R. Ember
Melvin R. Ember

ISBN: 9789353436544

₹ 675.00 | Pages: 464

ABOUT THE BOOK

Cultural Anthropology takes a unique and holistic approach to the study of cultural anthropology. Transcending mere descriptions, the text explains not only what humans are and were like, but also how they got to be that way, in all their variety. Authors Carol and Melvin Ember provide comparative, cross cultural insights based on an evidence-based approach, which is highly relevant today. The **15th Edition** offers a streamlined narrative that makes it easier for instructors to cover all aspects of the discipline in a single semester, as well as thoroughly updated research that ensures an up-to-date learning experience.

FEATURES

- *Global Issues* boxes explore worldwide social problems. Some of these boxes are new and many were adapted from material in the global problems chapter of the previous edition.
- *Perspectives on Diversity* boxes shed light on issues pertaining to gender, ethnicity, and sexual orientation, both in anthropology and everyday life.
- *Applied Anthropology* boxes provide students with a thorough understanding of the vast range of issues to which anthropological knowledge can be usefully applied.
- *Current Research* boxes focus on anthropological research and highlight how this work can be used to help others.
- The 15th Edition has been updated with current research citations to ensure that students are receiving the latest information. Highlights include the following:
 - Coverage of issues such as whether language promotes sexist thinking in Chapter 5.

- New information on environmental and climate change in Chapters 2, 5, and 6.
- Updated and new content on global inequality in Chapter 8.

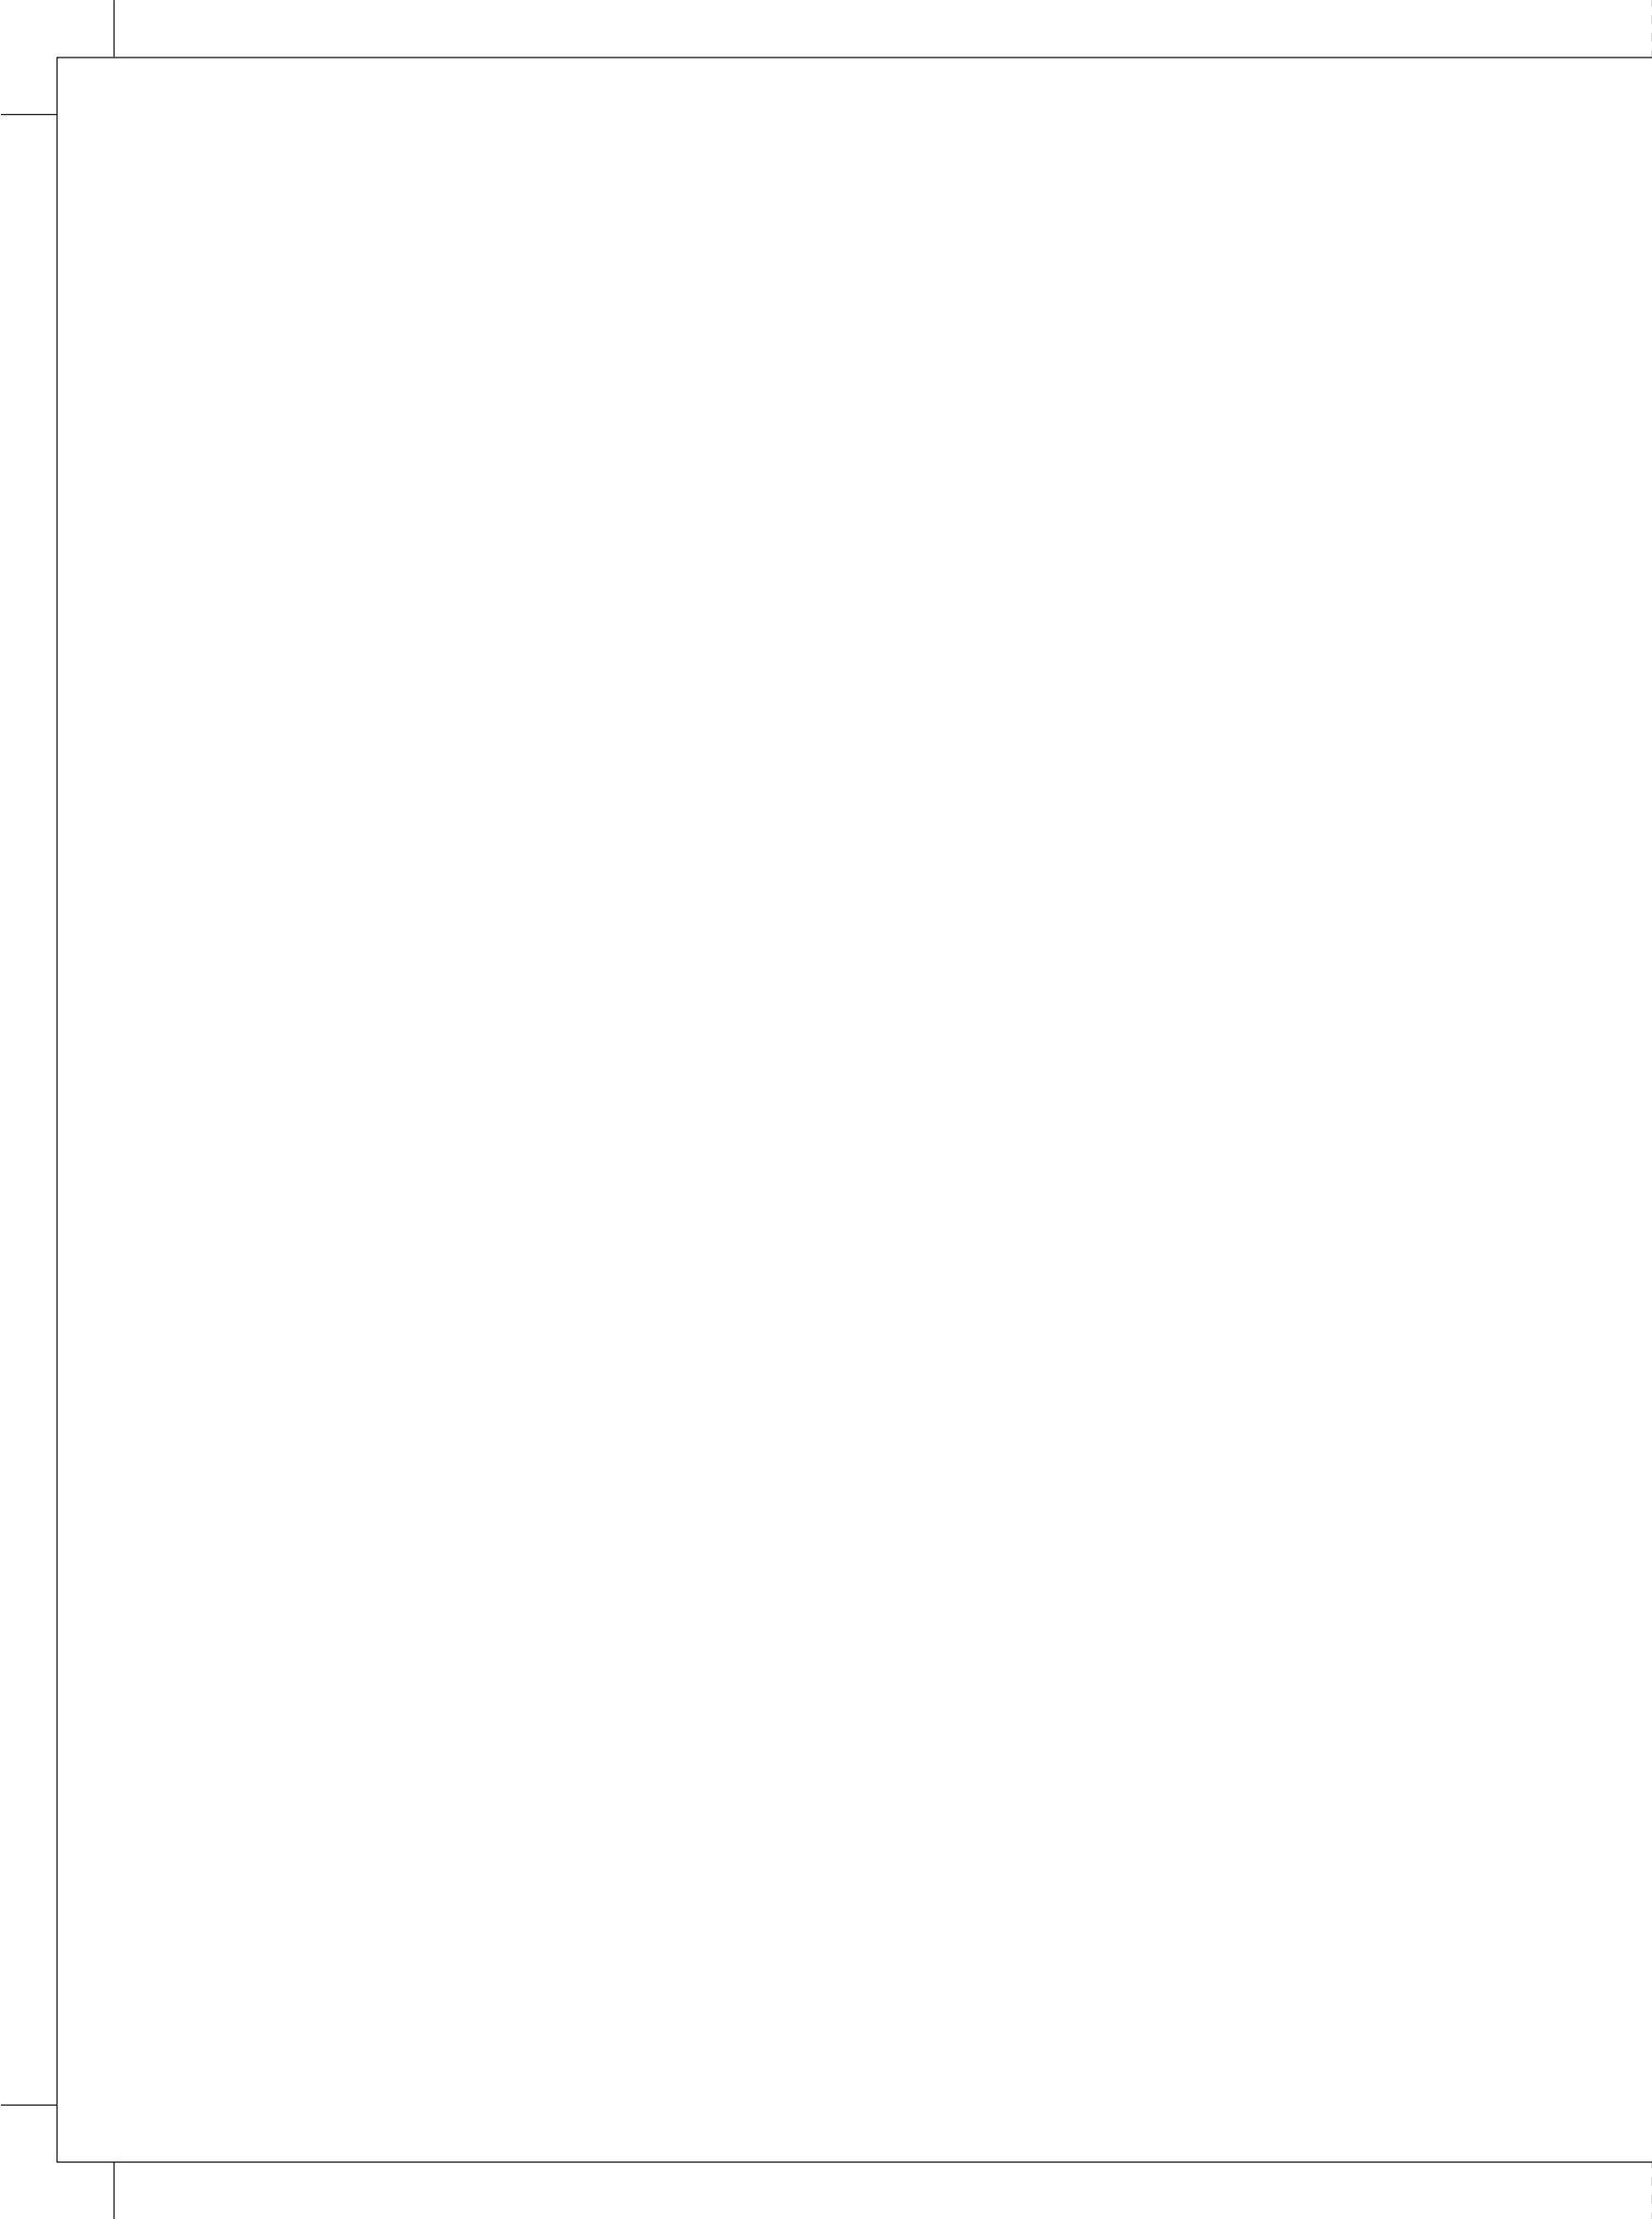

CONTENTS

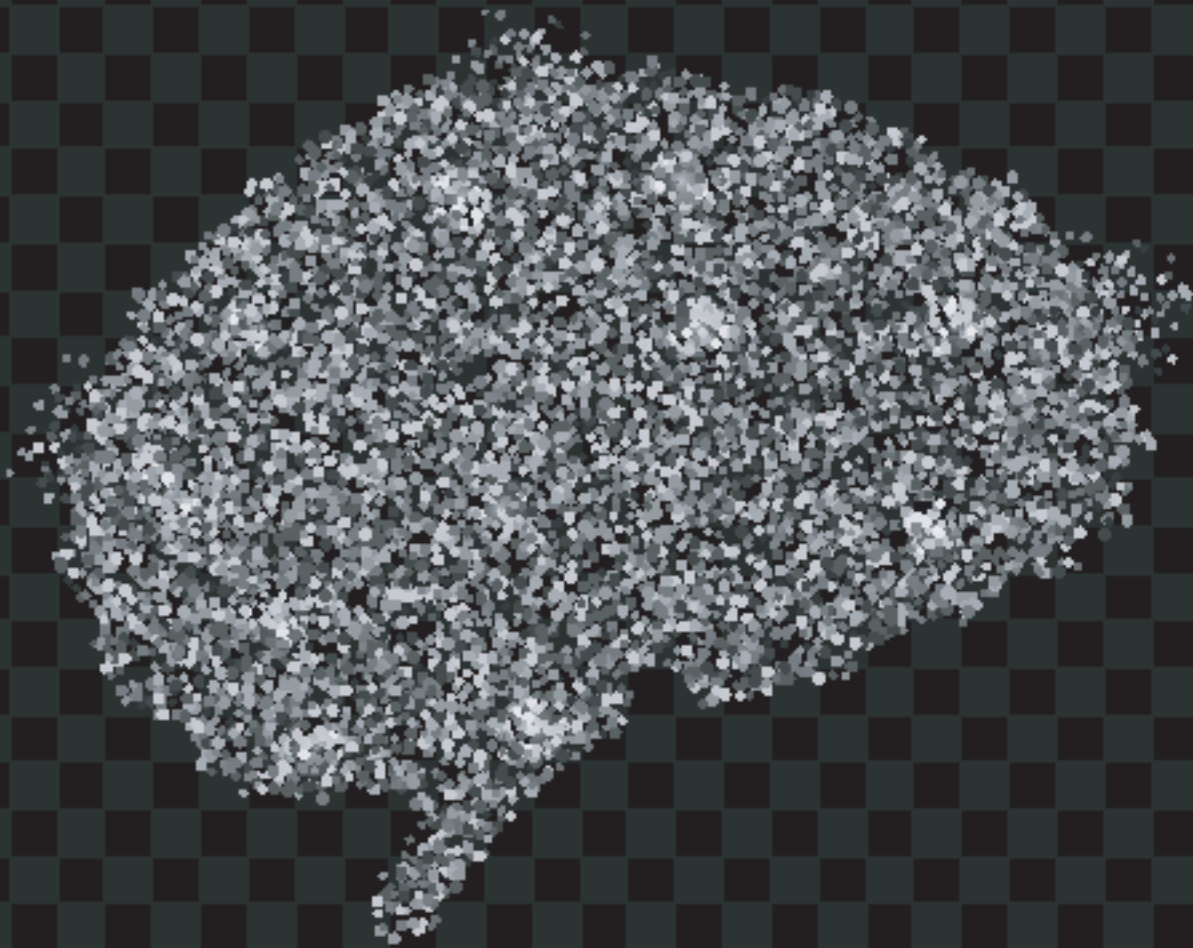

- 1. What Is Anthropology?
- 2. Culture and Culture Change
- 3. Culture and the Individual
- 4. Understanding and Explaining Culture
- 5. Communication and Language
- 6. Getting Food
- 7. Economic Systems
- 8. Social Stratification: Class, Ethnicity, and Racism
- 9. Sex and Gender
- 10. Marriage and the Family
- 11. Marital Residence and Kinship
- 12. Associations and Interest Groups
- 13. Political Life: Social Order and Disorder
- 14. Religion and Magic
- 15. The Arts
- 16. Health and Illness
- 17. Practicing and Applying Anthropology

PSYCHOLOGY

PSYCHOLOGY, 5/e

Saundra K. Ciccarelli

J. Noland White

Girishwar Misra

ISBN: 9789352861798

₹ 770.00 | Pages: 768

ABOUT THE BOOK

Throughout the fifth edition of Psychology, Saundra K. Ciccarelli and J. Noland White employ a learner-centered approach that maximizes student engagement. The authors draw students into the discipline by showing how psychology relates to their own lives. Clear learning objectives, based on the recommended APA learning outcomes, guide students through the material. While adapting this edition for an Indian audience, undue emphasis on the Western cultural context has been removed and Indian cases and perspectives have been added, without disturbing the rigor and tenor of the original text.

FEATURES

- A learner-centered approach engages students deeply in the study of psychology.
- An engaging writing style helps awakens students' curiosity and energizes their desire to learn about psychology.
- A greater emphasis on APA learning goals helps students master the skills they need to succeed.
- Inclusion of Indian research helps create a friendly learning context for Indian students.
- Some Indian topics added to the text are: Culture and Psychological Processes, The Notion of Intelligence in the Indian Cultural Context, Health and Healing in India, Love in the Indian Cultural Context, etc.

CONTENTS

1. The Science of Psychology
2. The Biological Perspective
3. Sensation and Perception
4. Consciousness
5. Learning
6. Memory
7. Cognition: Thinking, Intelligence, and Language
8. Development across the Life Span
9. Motivation and Emotion
10. Sexuality and Gender
11. Stress and Health
12. Social Psychology
13. Theories of Personality
14. Psychological Disorders
15. Psychological Therapies

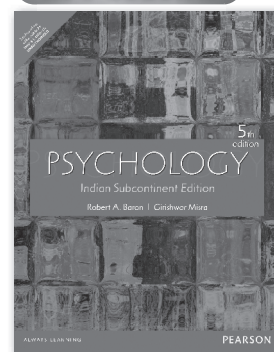

ABOUT THE AUTHOR

Saundra K. Ciccarelli, Professor of Psychology for over 28 years at Gulf Coast Community College; Ph.D in developmental psychology from Peabody College of Vanderbilt University.

J. Noland White, Associate Professor in the Department of Psychological Science at Georgia College and State University; Ph.D. in Education from The University of Tennessee with a major in counselling psychology and specialty focus in neuropsychology.

Girishwar Misra is the Vice Chancellor at the Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya, Wardha.

PSYCHOLOGY: INDIAN SUBCONTINENT EDITION, 5/e

Robert A. Baron

Girishwar Misra

ISBN: 9789332558540

₹ 799.00 | Pages: 680

ABOUT THE BOOK

This book tries to provide an in-depth introduction to the field of psychology. It introduces basic concepts, theories and methods used in psychology—the study of mental life and behavior. It adopts the stance of objective science committed to uncover the truth about human behavior. The text has been organized to help understand key concepts and ideas in a manner conducive to give an overview while keeping it interesting for the readers.

FEATURES

- Research Methods, covers integrated psychological research processes allowing readers to see how psychologists approach and investigate important concepts.
- Beyond the Headlines, focuses on news headlines from all over the world illustrating varied perspectives about how the human mind works.
- Making Psychology Part of Your Life demonstrates how readers can apply the presented theories into practice.
- Updated references and examples provide a cross-cultural outlook to bridge the gap between Western and Indian studies in psychology.
- Review Questions, Margin Glossary and Chapter Summaries enable learners to develop critical thinking skills required for this discipline.
- Critical Thinking Questions at the end of each chapter facilitate the development of interpretative skills needed for this discipline.

CONTENTS

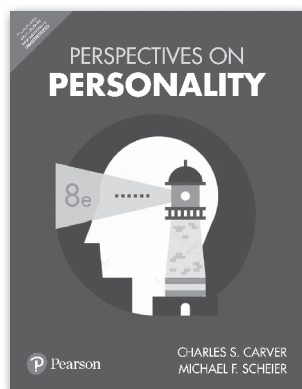

1. Psychology: A Science and a Perspective
2. Biology, Culture, and Human Behavior
3. Sensation and Perception: Making Contact with the World around Us
4. States of Consciousness

5. Learning: How We're Changed by Experience
6. Memory: Of Things Remembered.... and Forgotten
7. Cognition: Thinking, Deciding, Communicating
8. Human Development I: The Childhood Years
9. Human Development II: Adolescence, Adulthood, and Aging
10. Motivation and Emotion
11. Intelligence: Cognitive, Practical, and Emotional
12. Personality: Uniqueness and Consistency in the Behavior of Individuals
13. Health, Stress, and Coping
14. Mental Disorders: Their Nature and Causes
15. Therapies: Techniques for Alleviating Mental Disorders
16. Social Thought and Social Behavior

ABOUT THE AUTHOR

Robert A. Baron is a Professor of Psychology and Professor of Management at Rensselaer Polytechnic Institute.

Girishwar Misra is the Vice Chancellor at the Mahatma Gandhi Antarrashtriya Hindi Vishwavidyalaya, Wardha.

PERSPECTIVES ON PERSONALITY, 8/e

Charles S. Carver
Michael F. Scheier

ISBN: 9789353067854

₹ 499.00 | Pages: 320

ABOUT THE BOOK

Perspectives on Personality describes a range of viewpoints that are used by personality psychologists today, and helps students understand how these viewpoints can be applied to their own lives. Authors Charles Carver and Michael Scheier dedicate a chapter to each major perspective, presenting an overview of the perspective's orienting assumptions and core themes and concluding with a discussion of problems within that theoretical viewpoint and predictions about its future prospects. The **Eighth Edition** incorporates several important recent developments in the field, including genetics and genomics and the biological underpinnings of impulsiveness.

FEATURES

- Authors Charles Carver and Michael Scheier's informal, conversational style is reader-friendly without sacrificing clarity or accuracy.
- The authors provide a balanced approach to different perspectives and emphasize diversity among viewpoints, helping students achieve a thorough understanding of personality.

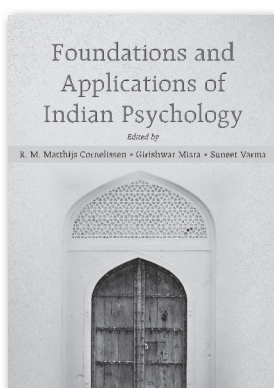

- The text reflects the rapid advances in work on behavioral genetics, molecular genetics, temperament, neurotransmitters, and other biological processes and how they relate to personality.
- The text covers the "new" behavioral genetics (genes correlating with and interacting with environments) and epigenetic influences on gene expression as well as discussion of future issues ("Problems and Prospects") faced by differing viewpoints.
- The text offers integrated coverage of adult attachment patterns and their implications for personality and social behavior, a hot topic in the field

CONTENTS

1. What Is Personality Psychology?
2. Methods in the Study of Personality
3. Issues in Personality Assessment
4. The Trait Perspective
5. The Motive Perspective
6. Genetics, Evolution, and Personality
7. Biological Processes and Personality
8. The Psychoanalytic Perspective
9. Psychosocial Theories
10. The Learning Perspective
11. Self-Actualization and Self-Determination
12. The Cognitive Perspective
13. The Self-Regulation Perspective
14. Personality in Perspective: Overlap and Integration

ABOUT THE AUTHORS

Charles S. Carver and **Michael F. Scheier** met in graduate school at the University of Texas at Austin, where they both earned doctoral degrees in personality psychology. After graduation, they took positions at the University of Miami and Carnegie-Mellon University, respectively, where they have remained throughout their careers.

FOUNDATIONS AND APPLICATIONS OF INDIAN PSYCHOLOGY, 2/e

Mattheijs Cornelissen
Girishwar Misra
Suneet Varma

ISBN: 9789332526365

₹ 525.00 | Pages: 418

ABOUT THE BOOK

Venturing into the widely under-explored area of Indian Psychology, this book provides coverage of the origins, scope and development in this area. The twenty-six essays in this book cover a broad spectrum of topics in Psychology and

link mainstream topics that are taught in General Psychology with Indian thought. It has several renowned contributors who have covered Indian psychology's links with Yoga, Buddhism, Ayurveda, Veda and Sufi traditions. The book covers some of the most important areas that have emerged in modern psychology and will be of great value to students and teachers alike.

FEATURES

- Glossary of words that are Sanskrit or Pali in origin
- Note on Contributors

CONTENTS

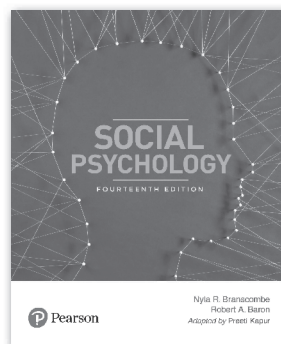

1. Indian psychology: Implications and Applications
2. A Journey back to the roots: Psychology in India
3. Beyond Mind: the future of psychology as a Science
4. Indian psychology and the Scientific method
5. Integrating Yoga epistemology and ontology into an expanded integral approach to research
6. What is knowledge? A reflection based on the work of Sri Aurobindo
7. Knowing in the Indian tradition
8. On the Vedic symbolism in the light of Sri Aurobindo
9. Models of personality in Buddhist psychology
10. Ego and ahamkara: Self and identity in modern psychology and Indian thought
11. The Sufi path of self-transformation
12. Integral psychology :A new science of self, personality and psychology
13. Psychology of emotions: Some cultural perspectives
14. The philosophy of healing in Indian medicine
15. Healing and counseling in traditional spiritual setting
16. Concept and scope of pratyahara in management of mental health
17. Psychotherapy and Indian thought
18. Psychotherapy and Integral Yoga therapy
19. Integral education: an application in Indian psychology
20. The blending of healing and pedagogy in Ayurveda
21. Situating teacher education in the Indian context: a paradigm shift
22. The Mirambika experience
23. Krishnamurti and value education
24. Broadening of consciousness: a healing process among the survivors of the Kacchh earthquake
25. Resolution of social conflicts: an Indian model
26. spiritual climate of business organizations and its impact on customers' experience

SOCIAL PSYCHOLOGY, 14/e

Nyla R. Branscombe

Robert A. Baron

Adaptor: Preeti Kapur

ISBN: 9789332586116

₹ 775.00 | Pages: 592

ABOUT THE BOOK

The primary focus of Social Psychology, 14e, is the social world which has changed tremendously in recent years under technological advancements. These changes have important implications for how we think about ourselves and other people. Social psychology is the branch of psychology that studies all aspects of our behavior with and toward others, our feelings and thoughts about them, and the relationships we develop with them. The central message for social psychology as a field, and for any book that seeks to represent it, is: Keep up with these technological changes in terms of their implications for social life, and this is precisely what has been done in the 14th edition of this book.

FEATURES

- Dozens of new topics have been added to reflect exciting current research trends. The importance of belonging and group ties; Self-esteem and group memberships; why some people are happier than others.
- A revamped Chapter 12: Dealing with Adversity and Achieving a Happy Life which examines strategies people can use to handle the setbacks they may experience and reveal the ingredients for increasing happiness.
- Content in the Indian context include discussion on acid attack victim, Laxmi Agarwal, and her crusade to ensure justice and rehabilitation for victims of acid attack (Chapter 12); an updated 'Section 1.2.6: Taking Full Account of Social Diversity' with additional input on multiculturalism in the Indian setting (Chapter 1).

CONTENTS

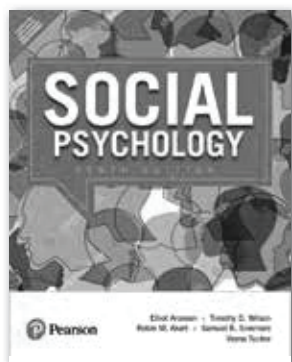

1. Social Psychology
2. Social Cognition
3. Social Perception
4. The Self
5. Attitudes
6. Causes and Cures of Stereotyping, Prejudice, and Discrimination
7. Liking, Love, and Other Close Relationships
8. Social Influence
9. Prosocial Behavior
10. Aggression
11. Groups and Individuals
12. Dealing with Adversity and Achieving a Happy Life

ABOUT THE AUTHOR

Preeti Kapur is a Associate Professor of Department of Psychology, Daulat Ram college, University of Delhi.

SOCIAL PSYCHOLOGY, 10/e

Elliot Aronson
Timothy D. Wilson
Robin M. Akert
Samuel R. Sommers
Veena Tucker

ISBN: 9789353943455

₹ 670.00 | Pages: 696

ABOUT THE BOOK

The idea behind *Social Psychology, 10e* is to incorporate the culture, traditions, and contexts of the society for improving the teaching and learning of social behavior. This edition aims to actively engage students by including real-life examples from the Indian context along with the empirical Indian researches. This book is useful for readers in the academic pursuit of the subject matter, under the curriculum of universities and educational institutes across India, and even for practicing professionals for relevant references. The content of the book has been designed to suit the purpose of analysis and application of research-based study of the prevalent social psychological traits and their types.

FEATURES

- Relevant YouTube video information that can be easily accessed and watched with the given titles.
- To facilitate better learning and understanding, the book contains review questions, 'Try it' feature that encourages the students to apply the principles to their own lives.
- "What do YOU think?" feature at the onset of every chapter encourages students answer a survey question designed to illustrate a concept in that chapter.
- SPAs or Social Psychology in Action chapters talk of broader social issues of modern day, such as, 'achieving sustainable and happy future', 'health' and 'litigation', and the social psychology take on these issues.

CONTENTS

1. Introducing Social Psychology
2. Methodology: How Social Psychologists Do Research
3. Social Cognition: How We Think About the Social World
4. Social Perception: How We Come to Understand Other People

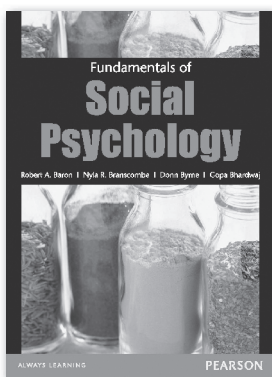

5. The Self: Understanding Ourselves in a Social Context
6. Cognitive Dissonance and the Need to Protect Our Self-Esteem
7. Attitudes and Attitude Change: Influencing Thoughts and Feelings
8. Conformity and Obedience: Influencing Behavior
9. Group Processes: Influence in Social Groups
10. Attraction and Relationships: From Initial Impressions to Long-Term Intimacy
11. Prosocial Behavior: Why Do People Help?
12. Aggression: Why Do We Hurt Other People? Can We Prevent It?
13. Prejudice: Causes, Consequences, and Cures
14. Social Psychology in Action 1 – Using Social Psychology to Achieve a Sustainable and Happy Future
15. Social Psychology in Action 2 – Social Psychology and Health
16. Social Psychology in Action 3 – Social Psychology and the Law

FUNDAMENTALS OF SOCIAL PSYCHOLOGY

Robert A. Baron
Nyla R. Branscombe
Donn Byrne
Gopa Bhardwaj

ISBN: 9788131759530

₹ 350.00 | Pages: 244

ABOUT THE BOOK

The brief edition of the classic text Social Psychology, Fundamentals of Social Psychology, tries to encapsulate the hallmark style and coverage of the text to make it more reader friendly and accessible to Indian students. Gopa Bhardwaj tries to reshape the content and bridge the gap to contextualise the needs and requirements of the Indian readers and yet preserve the richness and taste of the work that has motivated students to take social psychology out of the classroom and into their lives for over four decades.

FEATURES

- The book provides current and exciting features in the field and facilitates critical appreciation of issues and concerns of seminal importance in the minds of its readers.
- All new research is provided with foundations representing the theoretical bases connecting them to empirical findings.

- A new template has been created which helps in deciphering the classics alongside the new and fresh.

CONTENTS

1. Social Psychology
2. Social Cognition
3. Social Perception
4. The Self
5. Attitudes
6. Stereotyping, Prejudice and Discrimination
7. Interpersonal attraction and close relationships
8. Social influence
9. Prosocial behaviour
10. Aggression
11. Groups and Individuals
12. Social Psychology

ABNORMAL PSYCHOLOGY, 17/e

James N. Butcher

Jill M. Hooley

Susan Mineka

Adaptor: Preeti Kapur

ISBN: 9789353065591

₹ 910.00 | Pages: 904

ABOUT THE BOOK

This new edition of *Abnormal Psychology* has been redesigned to reflect the newest and most relevant research findings, presented in a way that is engaging to the newest generation of students. We've done a lot of updating! Our focus has been on streamlining material throughout the book to decrease the length of each chapter while retaining all of the important information that students should be learning.

FEATURES

- Discussions in certain chapters have been updated to capture the latest research findings. Some of them are listed here:
 1. Chapter 3 offers a new and more accessible description of why correlation does not equal causation — and what does.

2. Chapter 5 provides a more broad and integrative approach to the health consequences of stress.
3. Chapter 7 has been updated substantially and now includes more information about suicide and self-injury.

- Engaging boxed features—*Developments in Research*, *Developments in Thinking*, *Developments in Practice*, and *The World Around Us*—highlight topics of particular interest, focusing on applications of research to everyday life, current events, and the latest research methodologies, technologies, and findings.

- The present edition also includes India-specific discussion and solutions to various mental disorders. For example, demonstrating the effect of yogic relaxation and other types of meditation, socio-cultural aspect of eating disorder, yogic management of obesity, ancient Indian classification of mental disorders, policies, legislation, and effort related to mental health in India, etc.

CONTENTS

1. Abnormal Psychology: Overview and Research Approaches
2. Historical and Contemporary Views of Abnormal Behavior
3. Causal Factors and Viewpoints
4. Clinical Assessment and Diagnosis
5. Stress and Physical and Mental Health
6. Panic, Anxiety, Obsessions, and Their Disorders
7. Mood Disorders and Suicide
8. Somatic Symptom and Dissociative Disorders
9. Eating Disorders and Obesity
10. Personality Disorders
11. Substance-Related Disorders
12. Sexual Variants, Abuse, and Dysfunctions
13. Schizophrenia and Other Psychotic Disorders
14. Neurocognitive Disorders
15. Disorders of Childhood and Adolescence (Neurodevelopmental Disorders)
16. Psychological Treatment
17. Contemporary and Legal Issues in Abnormal Psychology

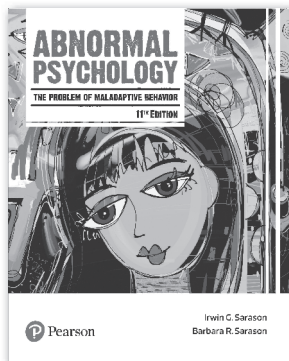

ABOUT THE AUTHOR

James N. Butcher, professor emeritus in the Department of Psychology at the University of Minnesota.

Jill M. Hooley, professor of psychology at Harvard University.

Susan Mineka, professor of psychology, Northwestern University.

Preeti Kapur is a Associate Professor of Department of Psychology, Daulat Ram college, University of Delhi.

ABNORMAL PSYCHOLOGY: THE PROBLEM OF MALADAPTIVE BEHAVIOR, 11/e

**Irwin G. Sarason
Barbara R. Sarason**

ISBN: 9789332584846

₹ 750.00 | Pages: 728

ABOUT THE BOOK

Abnormal Psychology, 11/e, is a classic textbook that builds on the strengths of existing theoretical systems and clinical methods to provide students with a comprehensive and up-to-date real-world overview of the field of abnormal psychology. It focuses on maladaptive behavior as a product of the interaction between personal vulnerabilities and resiliencies.

FEATURES

- Each chapter now begins with “What This Chapter Is About,” a concise overview of what will be covered in the chapter.
- Each chapter now ends with “Our Take-Away Message,” in which the authors present some personal views on the material that has been covered.
- “Vulnerability and Resilience” boxes throughout the book emphasize the concepts of vulnerability and resilience as they influence the risk of maladaptive behavior and response to therapy. The number of “Vulnerability and Resilience” boxes has been increased in this edition to strengthen the theme.
- Material on current issues and research, e.g., brain plasticity and neurogenesis, the effects of drugs on bodily systems, the effects of 9/11 on New York City residents and other people, the use of transcranial magnetic stimulation (TMS) in mood disorders, and more, have been included.
- Numerous brief cases have been incorporated in the text, which include first-person accounts that illustrate the experience of mental illness, as well as the nature and challenges of clinical practice and clinically-relevant research.
- New case material has also been added on PTSD, obsessive-compulsive disorder, and transsexualism.

CONTENTS

1. Introduction
2. Theoretical Perspectives on Maladaptive Behavior
3. The Therapeutic Enterprise: Choices, Techniques, Evaluation
4. Classification and Assessment
5. Stress, Coping, and Maladaptive Behavior
6. Bodily Maladaptations: Eating, Sleeping, and Psychophysiological Disorders
7. Disorders of Bodily Preoccupation

8. Anxiety Disorders
9. Sexual Variants and Disorders
10. Personality Disorders
11. Mood Disorders and Suicide
12. Schizophrenia and Other Psychotic Disorders
13. Cognitive Impairment Disorders
14. Substance-Related Disorders
15. Disorders of Childhood and Adolescence
16. Pervasive Developmental Disorders and Mental Retardation
17. Society's Response to Maladaptive Behavior

ABOUT THE AUTHOR

Irwin G. Sarason & Barbara R. Sarason

disrupted by psychological problems—and how effective treatment can rebuild shattered lives.

- **Explores Research** – Research has been updated throughout, including controversies about depression, anxiety, eating disorders, and autism spectrum disorders. Research Methods sections in every chapter allow for a more detailed coverage of research methods by making the material more manageable, focused, and relevant to chapter content.

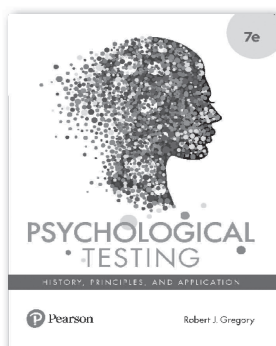

CONTENTS

1. Examples and Definitions of Abnormal Behavior
2. Causes of Abnormal Behavior
3. Treatment of Psychological Disorders Classification and Assessment of Abnormal Behavior
4. Classification and Assessment of Abnormal Behavior
5. Mood Disorders and Suicide
6. Anxiety Disorders and Obsessive-Compulsive Disorder
7. Acute and Posttraumatic Stress Disorders, Dissociative Disorders, and Somatic Symptom Disorders
8. Stress and Physical Health
9. Personality Disorders
10. Feeding and Eating Disorders
11. Substance-Related and Addictive Disorders
12. Sexual Dysfunctions, Paraphilic Disorders, and Gender Dysphoria
13. Schizophrenia Spectrum and Other Psychotic Disorders
14. Neurocognitive Disorders
15. Intellectual Disabilities and Autism Spectrum Disorders
16. Psychological Disorders of Childhood
17. Adjustment Disorders and Life-cycle Transitions
18. Mental Health and the Law

PSYCHOLOGICAL TESTING:

HISTORY, PRINCIPLES & APPLICATIONS, 7/e

Robert J. Gregory

ISBN: 9789332573819

₹ 699.00 | Pages: 602

ABOUT THE BOOK

The seventh edition of this book is written with the objective to provide the reader with knowledge about the characteristics, objectives, and wide-ranging effects of the consequential enterprise, psychological testing. This is more than a book about tests and their reliabilities and validities, as this goes on to explore numerous value-laden issues bearing on the wisdom of testing.

This edition continues the use of case histories and brief vignettes that feature testing concepts and illustrate the occasionally abusive application of psychological tests. These examples are “boxed” and referred to as Case Exhibits.

FEATURES

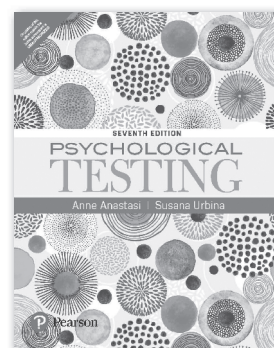

- In Chapter 1, new empirical research on the role of examiner errors in producing distorted test scores is included
- Recent developments in evidence-based practice and outcomes assessment have been added to Chapter 2
- In Chapter 5, coverage of the PASS theory (Planning, Attention, Simultaneous, Successive) has been expanded
- New research on the impact of Head Start, the fate of children with Fetal Alcohol Spectrum Disorders, and the nature of cognitive decline in advance age, has been added to Topic 6B
- New topic on stability and change in personality has been added to Chapter 9

CONTENTS

1. Applications and Consequences of Psychological Testing
2. The History of Psychological Testing
3. Norms and Reliability
4. Validity and Test Development
5. Theories and Individual Test of Intelligence and Achievement
6. Group Tests and Controversies in Ability
7. Testing Special Populations
8. Origins of Personality Testing
9. Assessment of Normality and Human
10. Neuropsychological Assessment and Screening
11. Industrial, Occupational, and Career Assessment
12. Legal Issues and the Future of Testing

ABOUT THE AUTHOR

Robert J. Gregory, Professor Emeritus, Wheaton College, Wheaton, Illinois.

PSYCHOLOGICAL TESTING, 7/e

Anne Anastasi

Susana Urbina

ISBN: 9789332575585

₹ 710.00 | Pages: 656

ABOUT THE BOOK

The books available in the market on the subject provide well written and simple explanations of some of the widely used and rapidly developing psychological assessments which are likely to affect psychometric practices in the 21st century.

Psychometric testing in India has seen a multifarious growth in recent times. Earlier, these tests were widely used as diagnostic tools in clinical, therapeutic, and social context. However,

psychometric tests are now being used by all types of organization, from educational to professional, for the purpose of selection of candidates or employees and to provide them with development opportunities by understanding their requirement for training and testing the knowledge acquired thereafter.

This revised version provides information about the ethical and social considerations of using psychological assessments in the Indian context which serves as an added advantage as these aspects are rarely mentioned in the other books. Moreover, the information on the Indian psychological agencies and best practices in the domain of psychometrics are also included. To conclude, this Indian adaptation of Psychological Testing provides a good blend of global and indigenous examples to explain the technical concepts of psychological testing. This edition hopes to increase recognition and acceptance of psychological testing, equip the readers with right tools and technologies, and encourage further growth in psychometric testing in the immediate future.

FEATURES

- In this edition, readers will get an insight about the relevance of these widely-used, internationally-developed tools in the Indian market and how these can be further applied.
- Special attention has been paid to showcase certain important psychological assessments that are widely used in the country.
- An interesting addition will be found in Chapter 12, where intriguing insights about generational changes in performance on intelligence tests are presented.
- This revised version provides information about the ethical and social considerations of using psychological assessments in the Indian context which serves as an added advantage as these aspects are rarely mentioned in the other books.
- The information on the Indian psychological agencies and best practices in the domain of psychometrics are also included.
- They have tried to cover almost all the possible dimensions needed to deal with topics under discussion. Keeping in mind that the readers of this text will be undergraduates the content, quality and coverage look sufficient. The book is a welcome addition to the existing literature in Psychology.

CONTENTS

Part 1: Functions and origins of psychological testing

1. Nature and Use of Psychological Tests
2. Historical Antecedents of Modern Testing

Part 2: Technical and methodological principles

3. Norms and the Meaning of Test Scores
4. Reliability
5. Validity : Basic Concepts
6. Validity: Measurement and Interpretation
7. Item Analysis

PART 3: Ability Testing

8. Individual Tests
9. Tests for Special Populations
10. Group Testing

11. Nature of Intelligence
12. Psychological Issues in Ability Testing

PART 4: Personality Testing

13. Self-Report Personality Inventories
14. Measuring Interests and Attitudes
15. Projective Techniques
16. Other Assessment Techniques

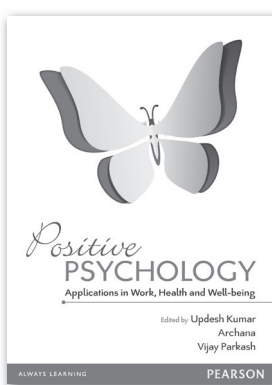

PART 5: Applications of Testing

17. Major Contexts of Current Test Use
18. Ethical and Social Considerations in Testing

Marie Crothers is a Professor at University of Wisconsin, Eau Claire.

DEVELOPMENT ACROSS THE LIFE SPAN, 8/e

Robert S. Feldman
Nandita Babu

ISBN: 9789352865765

₹ 799.00 | Pages: 832

ABOUT THE BOOK

Development Across the Life Span provides a chronological overview of human development from the moment of conception through death, examining both the traditional areas of the field and more recent innovations. Author Robert Feldman focuses on how developmental findings can be applied meaningfully and practically, helping students to recognize the relevance of the discipline to their own lives. Thoroughly updated with the latest data and contemporary examples, the Eighth Edition better engages students in key concepts via recent news items, timely world events, and contemporary uses of lifespan development.

FEATURES

- New and updated information on advances in such areas as behavioral genetics, brain development, evolutionary perspectives, and cross-cultural approaches to development have been added.
- *From Research to Practice* features in every chapter describe a contemporary developmental research topic and explain how it can be applied to everyday problems.
- A brief vignette at the beginning of each chapter describes an individual or situation that is relevant to the basic developmental issues being discussed in the chapter. These chapter-opening prologues introduce students to the real-world implications of the chapter topic.
- Indian examples, statistics, and studies on various topics have been added to make topics relevant for the immediate target audience. Some important topics include interaction between mother and child, the Nirbhaya case and Indian juvenile justice laws, policies for elderly in India and their financial status, elders engaging in spiritual activities, etc.

CONTENTS

1. An Introduction to Lifespan Development
2. The Start of Life: Prenatal Development
3. Birth and the Newborn Infant
4. Physical Development in Infancy
5. Cognitive Development in Infancy
6. Social and Personality Development in Infancy
7. Physical and Cognitive Development in the Preschool Years
8. Social and Personality Development in the Preschool Years
9. Physical and Cognitive Development in Middle Childhood
10. Social and Personality Development in Middle Childhood
11. Physical and Cognitive Development in Adolescence
12. Social and Personality Development in Adolescence
13. Physical and Cognitive Development in Early Adulthood
14. Social and Personality Development in Early Adulthood
15. Physical and Cognitive Development in Middle Adulthood
16. Social and Personality Development in Middle Adulthood
17. Physical and Cognitive Development in Late Adulthood
18. Social and Personality Development in Late Adulthood
19. Death and Dying

ABOUT THE AUTHOR

Robert S. Feldman, is a Professor of Psychological and Brain Sciences and Deputy Chancellor of the University of Massachusetts, Amherst.

Nandita Babu is a Professor of Psychology in Department of Psychology, University of Delhi.

CHILD DEVELOPMENT, 8/e

Robert S. Feldman

Nandita Babu

ISBN: 9789353430818

₹ 825.00 | Pages: 592

ABOUT THE BOOK

Child Development, 8e, offers students a balanced, up-to-date overview of developmental theory and research with a focus on application to students' personal lives and future careers. It covers the full range of childhood and adolescence, from the moment of conception through the end of adolescence.

The Eighth Edition incorporates a significant amount of new and updated information. For instance, the revision addresses important issues such as the concept of race as a social construct, malnutrition, the effects of poverty on development, and the impact of media and technology on child development. The new edition also incorporates changes relating to psychological disorders reflecting the publication of Diagnostic and Statistical Manual of Mental Health Disorders, Fifth Edition (DSM-5).

FEATURES

- Replacement and updation of chapter openers and epilogues to introduce students to the real-world implications of the chapter topic
- Inclusion of new topics such as bullying as a form of violence, cyberbullying, reducing media exposure prior to bedtime to help sleep, concept of race as a social construct, role of hormones in activation of behavior and brain, and Replacement of term mental retardation with intellectual disability
- Examples and topics from the Indian context includes reference to the trauma of Gujarat earthquake of 2001 and super cyclone in Odisha in 1999, researches in bullying and cyberbullying in India, Indian data in child abuse, early childhood education in India, importance of culture in shaping moral conceptualizations, obesity, crime against children, etc.

Nandita Babu, is a Professor, Department of Psychology, University of Delhi.

CHILDREN AND THEIR DEVELOPMENT, 7e

Robert V. Kail

ISBN: 9789353065409

₹ 779.00 | Pages: 588

ABOUT THE BOOK

Organized topically and focused on practice, *Children and Their Development*, Seventh Edition shows students the way scientists actually conduct research and study the discipline. A well-known and respected researcher in the field of child development, author Robert V. Kail provides a path to explore the theory, research, and application of modern child development from conception through adolescence.

FEATURES

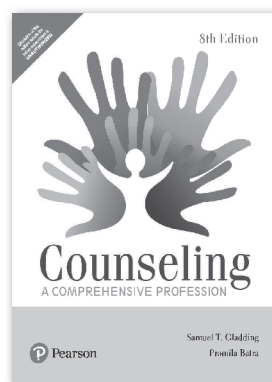

- **Module Organization.** The focus on a student-friendly book begins with the structure of the chapters. Each chapter consists of three or four modules that provide a clear and well-defined organization to the chapter.
- **Chapter-opening Introductions.** *Learning Objectives* and *Vignettes* at the start of each module introduce the topic to be covered, helping to guide students on important subjects in each section.
- **Fully integrates Features.** Special topics that are set off in other textbooks as feature boxes are fully integrated with the main text and identified by a distinctive icon.
- **Self-Testing Material.** *Test Yourself* questions at the end of each chapter confirm and cement students' understanding of the chapter material.
- **Highlights Key Terms.** The *Key Terms* section lists all of the important boldfaced terms appearing in the chapter.
- **Chapter-ending Summaries.** The *Summary* is a concise review of the chapter helping students to recall important themes of the chapter.

CONTENTS

1. The Science of Child Development
2. Genetic Bases of Child Development
3. Prenatal Development, Birth, and the Newborn
4. Growth and Health
5. Perceptual and Motor Development
6. Theories of Cognitive Development
7. Cognitive Processes and Academic Skills
8. Intelligence and Individual Differences in Cognition
9. Language and Communication
10. Emotional Development
11. Understanding Self and Others
12. Moral Understanding and Behavior
13. Gender and Development
14. Family Relationship
15. Influences Beyond the Family

ABOUT THE AUTHORS

Robert V. Kail is a Distinguished Professor of Psychological Sciences at Purdue University. His undergraduate degree is from Ohio Wesleyan University, and his Ph.D. is from the University of Michigan.

COUNSELING: A COMPREHENSIVE PROFESSION, 8e

Samuel T. Gladding

Adaptor: Promila Batra

ISBN: 9789353061807

₹ 615.00 | Pages: 776

ABOUT THE BOOK

Counseling: A Comprehensive Profession, 8e, has been adapted in order to make it relevant in the Indian context, without disturbing the original structure and content. The text presents counseling in a broad manner covering its history, theories, activities, specialties, and trends. In addition, this text concentrates on the multicultural, ethical, and legal environments in which counselors operate.

This adaptation title provides the much-needed interdisciplinary approach to counseling in the Indian context. Several concepts and developments in the current scenario of counseling in India have been accommodated in the present edition. The book hopes to increase recognition and acceptance of 'counseling as a profession' in India, and encourage further growth and development of research in counseling in the immediate future.

FEATURES

- All chapters focus on highlighting the current scenario of counseling in India. The current status and varying needs and methods for counseling in the context of India's cultural heritage have been discussed in detail.
- All chapters focus on India-specific case examples. While preparing these real-life case examples, the adaptor has consulted many renowned Indian psychologists and doctors.
- The current edition has more than 300 updated and new references within its pages.
- A new appendix on the Indian **Mental Health Bill, 2017** has been included so that students and teachers can study and understand the bill and its context to counseling as a profession in India.

CONTENTS

Part I Professional Foundations of Counseling

1. Personal and Professional Aspects of Counseling
2. Ethical and Legal Aspects of Counseling
3. Counseling in a Multicultural Society
4. Counseling with Diverse Populations

Part II Counseling Processes and Theories

5. Building Counseling Relationships
6. Working in and Closing a Counseling Relationship
7. Psychoanalytic, Adlerian, and Humanistic Theories of Counseling
8. Behavioral, Cognitive, Systemic, Brief, and Crisis Theories of Counseling

Part III Core Counseling Activities in Various Settings

9. Groups in Counseling
10. Consultation and Supervision
11. Evaluation and Research
12. Testing, Assessment, and Diagnosis in Counseling

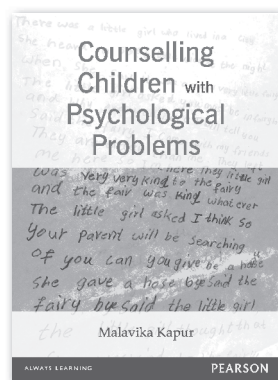

Part IV Counseling Specialties

13. Career Counseling over the Life Span
14. Couple and Family Counseling
15. Professional School Counseling
16. College Counseling and Student-Life Services
17. Abuse, Addiction, Disability, and Counseling
18. Clinical Mental Health and Private Practice Counseling

ABOUT THE AUTHOR

Samuel T. Gladding is a professor of counseling and chair of the Department of Counseling at Wake Forest University in Winston-Salem, North Carolina.

Promila Batra is a professor in the Department of Psychology at Maharshi Dayanand University (M.D.U.), Rohtak, Haryana. She has also been a former Dean at the Faculty of Social Sciences and a former-Head in the Department of Psychology at M.D.U., Rohtak.

COUNSELLING CHILDREN WITH PSYCHOLOGICAL PROBLEMS

Malavika Kapur

ISBN: 9788131730447

₹ 325.00 | Pages: 292

ABOUT THE BOOK

The child population of twenty-first century India has often been the most vulnerable amidst radical, ever-evolving changes in the social landscape. Caring for children has never been more relevant. Drawing on ancient Indian medical traditions and the author's 40 years of experience as a professional psychologist, this text is a complete sourcebook on the practical and methodological aspects of counselling children with psychological problems. All groups of professionals who work with children in developing countries, including psychologists, counsellors, teachers and NGOs, will find this an invaluable guide.

FEATURES

- Summaries and self-evaluation sections in each part
- Detailed academic references for further reading and research
- Indigenous case studies
- Includes a manual of the Developmental Psychopathology Check List (DPCL), a pioneering diagnostic tool developed by the author

CONTENTS

Part I General Background

1. Introduction
2. International Classifications of Psychiatric Disorders
3. Child Psychology and Psychopathology from a Developmental Perspective
4. Abnormal Child Psychology from a Developmental Perspective
5. Psychological Assessment of the Child
6. Psychological Therapies, or Counselling with Children

ABOUT THE AUTHOR

Malavika Kapur is Visiting Professor, School of Humanities, National Institute of Advanced Studies (NIAS), Bangalore. She retired as Head of the Department of Clinical Psychology at the National Institute of Mental Health and Neuro Sciences (NIMHANS), Bangalore.

GUIDANCE AND COUNSELLING

Asha K. Kinra

ISBN: 9788131715277

₹ 550.00 | Pages: 176

ABOUT THE BOOK

Individuals, especially the young, face myriad problems related to growing up, social adjustment, education, and career. The guidance essential for appropriate resolution of the various crises that arise is usually provided by teachers, parents, and peer group. However, given the complexity of modern life, the transitional nature of society, an increasing variety in the nature and extent of individual problems, trained counsellors are required for providing adequate guidance to the youth.

FEATURES

- Qualitative and quantitative techniques for understanding the individual and their environment.

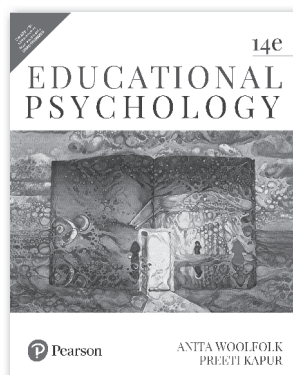

- Educational, vocational, and personal social guidance.
- Placement and follow-up services.
- Counselling process, counsellors' skills, and group counselling.
- Latest trends in the field.

CONTENTS

1. Guidance
2. Understanding the Individual: Testing Techniques
3. Understanding the Individual: Non-testing Techniques
4. Knowing the Environment
5. Placement Service
6. Follow – up Service
7. Evaluation and Research
8. Educational Guidance
9. Vocational Guidance
10. Personal Social Guidance
11. Counseling
12. Process of Counseling
13. Skill of the Counsellor
14. Group counseling
15. Modern Trends in Counselling

ABOUT THE AUTHOR

Asha K Kinra is Associate Professor in Jodhpur National University, Jodhpur

EDUCATIONAL PSYCHOLOGY, 14/e

**Anita Woolfolk
Preeti Kapur**

ISBN: 9789353436384

₹ 775.00 | Pages: 820

ABOUT THE BOOK

Present edition is to offer the Indian reader with the latest developments and pertinent issues such as policy formation and its implementation, and its follow up in terms of educational outcomes and performance at the school levels; innovative teaching pedagogy; relevant research concerns and description of Indian research work; and tracing the historical development of educational psychology in the Indian setting to name a few. The process of reading about the research work, opinions, and perspectives of renowned contributors clearly indicates the distinct concern of the critical power education has on the growth and well-being of the individual and its impact on the progress of the society at large.

FEATURES

- New information on the brain and brain imaging techniques, synaptic plasticity, brain development in childhood and adolescence, and implications for teaching.

- Every Student Succeeds Act (ESSA), extensive diversity in the Indian context, Indian government's educational policies and acts (The Right to Education Act and Sarva Shiksha Abhiyan), private contributions under Corporate Social Responsibility in India, and contributions of the Indian NGOs.
- New coverage of intersectionality, ethnicity and race, diversity in Indian classrooms, prejudice, expanded coverage of stereotype threat including Indian context, gender, gender identity, sexual orientation, creating culturally compatible classrooms and levels of school achievement in India.
- Emphasis on diversity in today's classrooms (Chapters 1 to 6). Portraits of students in educational settings make diversity real and human for readers.

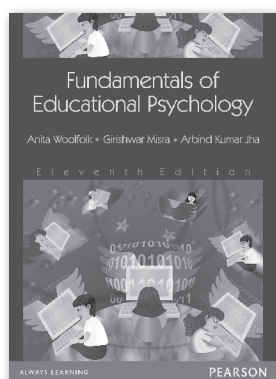

CONTENTS

1. Learning, Teaching, and Educational Psychology
2. Cognitive Development
3. The Self, Social, and Moral Development
4. Learner Differences and Learning Needs
5. Language Development, Language Diversity, and Immigrant Education
6. Culture and Diversity
7. Behavioral Views of Learning
8. Cognitive Views of Learning
9. Complex Cognitive Processes
10. Constructivism and Designing Learning Environments
11. Social Cognitive Views of Learning and Motivation
12. Motivation in Learning and Teaching
13. Managing Learning Environments
14. Teaching Every Student
15. Classroom Assessment, Grading, and Standardized Testing

ABOUT THE AUTHOR

Anita Woolfolk began her career in higher education as a professor of educational psychology at Rutgers University, and then moved to The Ohio State University in 1994. Today she is Professor Emerita at Ohio State.

Preeti Kapur is Associate Professor at Daulat Ram College, Department of Psychology, University of Delhi.

FUNDAMENTALS OF EDUCATIONAL PSYCHOLOGY

Anita Woolfolk Hoy

Girishwar Misra

Arbind Kumar Jha

ISBN: 9788131758663

मनोविज्ञान

रॉबर्ट ए. बैरन

ISBN: 9788131730751

₹ 539.00 | Pages: 344

पुस्तक के विषय में

यह पुस्तक रॉबर्ट ए. बैरन द्वारा लिखित 'Psychology' के पंचम संस्करण का प्रथम हिंदी अनुवाद है। लेखक बैरन के विचार में मनोविज्ञान एक ऐसा क्षेत्र है, जिसका उपयोग प्रत्येक व्यक्ति जीवन भर कर सकता है और उसे करना भी चाहिए। यह मानव व्यवहार के बारे में न केवल दिलचस्प निष्कर्ष और ज्ञान देती है, अपितु यह संसार तथा स्वयं को देखने का एक नजरिया भी प्रदान करता है, जिसका लाभ मनोविज्ञान के पाठ्यक्रम को पढ़ने वाले हर एक व्यक्ति को मिलना चाहिए।

मनोविज्ञान की पुस्तक का हिंदी अनुवाद सहज एवं सरल भाषा में प्रकाशित करने का उद्देश्य इसे शिक्षकों, विद्यार्थियों तथा मनोविज्ञान में रुचि रखने वाले सभी व्यक्तियों तक पहुंचाना है, जिससे ज्ञान के विस्तार में भाषा बाधक न बन सके। अनुवादकों ने पुस्तक के मूलरूप और लेखक के विचारों को ध्यान में रखते हुए पुस्तक का अनुवाद भारतीय परिप्रेक्ष्य के अनुसार किया है।

विशेषता

- इस पुस्तक की विशेषता सहजताए सरलता और इसकी गुणवत्ता में है।
- मनोविज्ञान पढ़ने या पढ़ाने वालों के लिए मानव व्यवहार को समझने में मदद करेगी।

विषय सूची

प्रस्तावना
लेखकों के विषय में
मनोविज्ञान: एक विज्ञान ... और एक परिप्रेक्ष्य
व्यवहार के जैविकीय आधार
संवेदन और प्रत्यक्षण: अपने आसपास के संसार से संपर्क
चेतना की अवस्थाएं
अधिगम: हम अनुभव के द्वारा कैसे बदलते हैं
स्मृति: उन चीजों की जो याद थीं ... तथा जिन्हें भूल गए
संज्ञान: चिंतन, निर्णय लेना और संप्रेषित करना
मानव विकास—1: बचपन के वर्ष
मानव विकास—2: किशोरावस्था, प्रौढ़ावस्था तथा बुढ़ापा
अभिप्रेरणा और संवेग
बुद्धि: संज्ञानात्मक, व्यावहारिक तथा सांवेगिक
व्यक्तित्व: मनुष्य के व्यवहार की अद्वितीयता तथा समानता
स्वास्थ्य, तनाव और मुकाबला
मानसिक विकार: उनकी प्रकृति और कारण
चिकित्साएं: मानसिक विकारों को कम करने की तकनीकें
अनुक्रमणिका

लेखक के विषय में

The Indian Political System

Edited by

Mahendra Prasad Singh & Subhendu Ranjan Raj

ALWAYS LEARNING

PEARSON

ABOUT THE BOOK

The Indian Political System is an essential volume for graduate and post graduate students of political science. Focusing on the core syllabi of various political science courses, the book gives a detailed overview of the various aspects of the Indian political system, including social movements which have taken place over the course of India's history and the various power structures like the social, institutional and religious, among others. Additionally, the book gives significant insights into comparative politics, focusing on The United Kingdoms, Canada and China.

FEATURES

- Student friendly use of language
- Separate sections on the political system in India and comparative politics

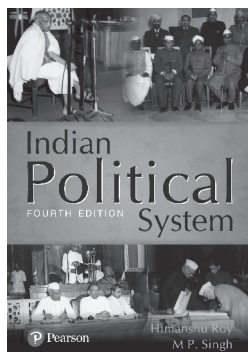

CONTENTS

1. Approaches to the Study of Indian Politics and Nature of the State in India: Liberal, Marxist and Gandhian
2. National Movement and its Ideological Discourse and Political Legacies
3. Power Structure in India: Institutional
4. Power Structure in India: Social
5. Indian Constitution: Provisions and Institutional Functioning
6. Secularism and Communalism in Indian Politics: Dialectics and Dilemmas
7. Development Strategy in Post-Independence India: A Political Economy Perspective
8. Social Movements in India: Workers' Movement
9. Social Movements in India: Peasants' Movement
10. Social Movements in India: Women's Movement
11. Social Movements in India: Environmental Policy
12. Social Movements in India: Environmental Movements
13. Federalism in India in comparison to Canada
14. Party system in India in comparison to U.K
15. Human Rights in India in comparison to China

ABOUT THE AUTHOR

Mahendra Prasad Singh retired as a Professor and Head of the Department of Political Science, and Dean of Faculty of Social Sciences, University of Delhi. He is presently the editor of the Indian Journal of Public Administration, IIPA, New Delhi.

Subhendu Ranjan Raj is a Senior Associate Professor of Political Science at PGDAVE College, University of Delhi.

INDIAN POLITICAL SYSTEM, 4/e

Himanshu Roy
M. P. Singh

ISBN: 9789352866434

₹ 599.00 | Pages: 752

ABOUT THE BOOK

Indian Political System 4/e, dabbles with the post-colonial political system in India which is premised on two major reconciliations between democracy and capitalism, on one hand, and parliamentarianism and federalism, on the other. These are the results of complexities and diversities of India's culture and social structure as also the ideological consensus forged during the nationalist movement and after independence.

In the past seventy years, both capitalism and democracy have expanded and deepened in the inner-most regions ringing in modernities among the citizens. The social movements, the electoral process, the market, the institutions and the governmentality have been instrumental in such development. It has resulted into change in social structure, party system, federal relations, and in government policies towards education, health, agriculture, industries, etc.

In a nutshell, the book deals with the social-institutional structure, political process, governmental policies, and emerging social-political trends.

FEATURES:

- The book has been divided into four sections namely, Colonial Backdrop; Structure; Process; and Policy. Each section is enhanced by individual essays detailing the history and its gradual process to being a fast-paced economic country.
- This book contains an analysis of the different political structures and processes over a span of centuries, which has helped shape India into the country that it is today.
- It provides the reader a comprehensive outline of the political structures and the people who shaped the policies with their intellect to help govern the country.
- Lastly, it also talks about the future scope and hope for this enigmatic country.

CONTENTS

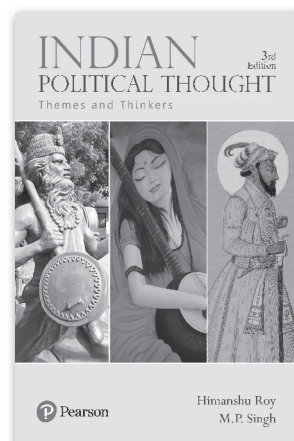

1. The Colonial State
2. Colonial Economy
3. Constituent Assembly and its Vision of the Future
4. Constitutional Amendment and Socio-Political Implications
5. The Nature of the State
6. Fundamental Rights and Directive Principles of State Policy
7. The Parliament by
8. Federalism: Constitution and Dynamics
9. Federalism: Elite and Nationalities
10. The Judiciary: Supreme Court

11. The Union Executive
12. Governor: Powers and Position
13. Bureaucracy and Development
14. Ombudsman in India
15. Electoral Commission and Electoral Process
16. The National Party System
17. State Party Systems
18. State Politics in India

INDIAN POLITICAL THOUGHT: THEMES AND THINKERS, 3/e

Himanshu Roy
M. P. Singh

ISBN: 9789353949280

₹ 425.00 | Pages: 536

ABOUT THE BOOK

In the third edition, we have tried to retrieve and resurrect the Indic thought by focusing on the works of pre-colonial thinkers. It also intends to posit this Indianness as the pivot of academic curriculum and public discourse. For this reason, works of four new thinkers namely Sankaradeva, Meerabai, Dara Shukoh and Swami Sahajanand Saraswati have been added to this edition. They represent different regions of India but, as said earlier, there is a common running theme of social integration and social emancipation in their work.

FEATURES

- *Indian Political Thought: Themes and Thinkers*, Third edition, discusses the thought process of important Indian political thinkers who range from ancient to modern times.
- New thinkers have been added in this edition, namely Sankaradeva, Meerabai, Dara Shukoh and Swami Sahajanand Saraswati.
- The chapters delve into a discussion on important themes, including Civil Rights, Nationalism, Democracy, Gender and Caste, Marxism, Socialism, Gandhism, Dhamma, Theory of State, Ideal Polity and Swaraj.

CONTENTS

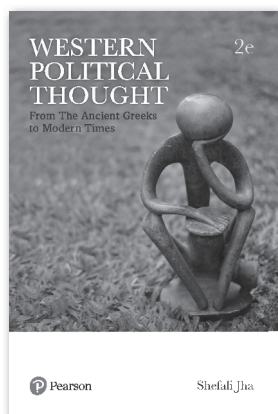

1. Dhamma: Buddha's and Aśoka's
2. Kautilya: Theory of State
3. Political Ideas of Thiruvalluvar
4. Manu: Social Laws
5. Exploring the Modern in Medieval: Political Ideas of Basava
6. Zia Barani: Good Sultan and Ideal Polity
7. Political Ideas of Kabir
8. Sankaradeva: Cultural Reforms and Social Integration
9. Women's Freedom in Meerabai's Bhakti
10. Political Philosophy of Tulsidas
11. Abul Fazl: Governance and Administration
12. Social and Political in Vemana's Thought
13. Dara Shukoh's Pluralism
14. Rammohan Roy: Civil Rights
15. Jotirao Phule: Social Justice

16. Tilak's Nationalism and Swaraj
17. Narayana Guru
18. Vivekanand: Cultural Nationalism
19. Aurobindo: Nationalism and Democracy
20. Ramabai: Gender and Caste
21. Gandhi: Swaraj and Satyagraha
22. Jinnah: In Search of Political Power
23. Savarkar: Hindutva and Critique of Caste System
24. Swami Sahajanand Saraswati: Social Reforms and Democratic Praxis
25. Nehru: Ideas of Development
26. M.N. Roy: Twentieth-Century Renaissance
27. Periyar: Radical Liberalism
28. Ambedkar: Constitutionalism and State Structure
29. Ambedkar: Democracy and Economic Theory
30. Lohia: Democracy
31. Jayaprakash Narayan: Marxism, Democratic Socialism and Gandhism

ABOUT THE AUTHOR

Himanshu Roy is Atal Bihari Vajpayee Senior Fellow, Nehru Memorial Museum and Library, Teen Murti House, New Delhi. His publications include *Peasant in Marxism*, *Secularism and its Colonial Legacy*, *State Politics in India*, *Indian Political System* (Pearson) and *Patel*.

Mahendra Prasad Singh is National Fellow, Indian Institute of Advanced Study, Shimla. He retired as the Professor and Head of the Department of Political Science and the Dean of Faculty of Social Sciences, University of Delhi. He had also served as a Director at the Indian Council of Social Science Research, New Delhi.

WESTERN POLITICAL THOUGHT: FROM THE ANCIENT GREEKS TO MODERN TIMES, 2/e

Shefali Jha

ISBN: 9789352869343

₹ 375.00 | Pages: 312

ABOUT THE BOOK

This second edition of *Western Political Thought* is an attempt to include in its reach the political ideas of some of the more recent thinkers. These thinkers certainly draw on the classics of western political thought like the writings of Marx, Rousseau, Locke and Aristotle; however, they also extend our understanding of the political in several ways. Rawls, for instance, shows us that if the

idea behind democracy is that of cooperation between free and equal citizens, then our acceptance of democracy as a form of government requires us to abide by certain other specific principles. Gramsci argues that democratization entails fundamental social change which cannot come about without political mobilization. And feminist political theory claims that the central ideas of western political thought—justice, individual liberty, equality, community, democracy—need to be re-examined in the light of how they apply to the position of women.

FEATURES

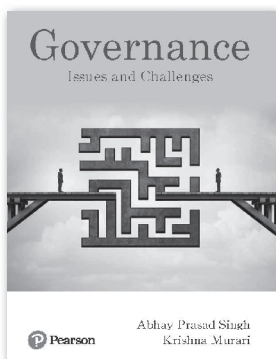

- Three new chapters are being added to this edition on Antonio Gramsci, John Rawls and Contemporary Feminist Theory.
- Each chapter carries boxes with excerpts and Central Themes to understand the content in detail.
- The book presents a wide perspective on various social and political ideologies.

CONTENTS

1. The Greek City-State: Democratic Institutions in Athens
2. Plato (427–347 BCE): Justice and Reason
3. Aristotle (384–322 BCE): Moral Action and the Best Constitution
4. Augustine and Thomas Aquinas: Christian Political Thought in the Middle Ages
5. Machiavelli (1469–1527): Humanism and Republicanism
6. Thomas Hobbes (1588–1679): Contract as the Basis of Political Obligation
7. John Locke (1632–1704): Theological Premises and Liberal Limits on Government
8. Rousseau (1712–1778): The General Will and Moral and Political Liberty
9. Jeremy Bentham (1748–1832): Representative Government as the Maximizer of Utility
10. John Stuart Mill (1806–1873): The Benefits of the Liberty of Men and Women for Society
11. G.W.F. Hegel (1770–1831): The Social Conditions for a Non-Contractual Theory of Freedom
12. Karl Marx (1818–1883): The State and Class Struggle
13. Antonio Gramsci (1891–1937): Hegemony in Civil Society as a Basis of the Modern State
14. John Rawls (1921–2002): A Liberal Egalitarian Theory of Justice
15. Carole Pateman, Martha C. Nussbaum, Judith Butler: Contemporary Feminist Theory

ABOUT THE AUTHOR

Shefali Jha teaches political science at Jawaharlal Nehru University. She has taught courses in Western Political Thought both to undergraduate students at Miranda House, University of Delhi, and to postgraduate students at the Centre for Political Studies, Jawaharlal Nehru University. She did her doctoral work on Hegel's concept of freedom at the University of California, Los Angeles.

GOVERNANCE: ISSUES AND CHALLENGES

**Abhay Prasad Singh
Krishna Murari**

ISBN: 9789352869336

₹ 450.00 | Pages: 384

ABOUT THE BOOK

Governance: Issues and Challenges offers a detailed summary of the insights into the policy and governance processes over the last seven decades in India, providing a comparative and conceptual framework of governance drawing instances from developed countries, situating governance imperatives in South Asia, and finally, giving centrality to the issues and challenges of governance in India. This is also a unique attempt to address the need for a textbook on governance as per the syllabi of Indian universities. This book covers length and breadth of the topic of governance which has gained prominence since 2014. In a nutshell, the book deals with the social-institutional structure, political process, governmental policies, and emerging social-political trends.

FEATURES:

- Discussion moves from global origins and perspectives of governance to South Asia and subsequently to India.
- In-depth coverage of changes in the concepts of governance after the onset of globalization and revolutions in Information and Communications Technology (ICT).
- Core themes covered are Contemporary Discourses on Governance, State, Government and Governance, Democracy, Development and Governance, Environmental Governance, Participatory Governance, and Good Governance Initiatives in India.
- Concise and organized coverage of entire syllabus for the topic of governance within the framework of 13 chapters distributed across six parts.
- An useful text for graduate and postgraduate students, researchers, and aspirants of civil and state services examination.

CONTENTS

Part 1: Introduction

1. Contemporary Discourses on Governance in India

Part 2 State, Government and Governance

2. Government, Governance and Good Governance: A Concept
3. The State in India in a Globalizing World

POLITICAL SCIENCE: AN INTRODUCTION, 14th

Michael G. Roskin

Robert L. Cord

James A. Medeiros

Walter S. Jones

Adaptor: Abhay Prasad Singh

Krishna Murari

ISBN: 9789353065713

₹ 425.00 | Pages: 408

ABOUT THE BOOK

Political science as a discipline seeks to explain entitlements of different stakeholders in a polity. Roles of individuals, identity groups, civil society, and institutions of government become vital in this context. Therefore, any book on political science has to offer both empirical and normative frameworks to help readers gain a comprehensive and verifiable knowledge of the interactions among citizens, civil society, and the state.

Political Science: An Introduction seeks to blend scholarship and citizenship. The fourteenth edition continues the eclectic approach that avoids selling any single theory, conceptual framework, or paradigm as the key to political science. Above all, it still views politics as exciting and tries to communicate that feeling to young people new to the discipline.

FEATURES

- Chapters 1 and 2 from the previous edition have been merged to make the content more concise and relevant.
- Jonathan Williamson of Lycoming College, US contributes to Chapter 1 with discussions on political theory and how political science contrasts with history and journalism.
- Comprehensive discussion has been included on food and nutritional security: governance of the public distribution system (PDS) and public service delivery, and entitlements of health, education, and rural employment in India.

- More emphasis has been given to the mostly unhappy results of the Arab Spring and to ISIS and Islamic fundamentalism.
- The role of social media in the Indian democracy has been examined extensively.

CONTENTS

Part I: The Bases of Politics

1. Politics and Political Science
2. Political Ideologies
3. States
4. Constitutions and Rights
5. Regimes

Part II: Political Attitudes

6. Political Culture
7. Public Opinion

Part III: Political Interactions

8. Political Communication
9. Interest Groups
10. Parties
11. Elections

Part IV: Political Institutions

12. Legislatures
13. Executives and Bureaucracies
14. Judiciaries

Part V: What Political Systems Do

15. Political Economy
16. Violence and Revolution
17. International Relations

POLITICAL THEORY: AN INTRODUCTION, 2/e

Rajeev Bhargava
Ashok Acharya

ISBN: 9789332568839

₹ 450.00 | Pages: 356

ABOUT THE BOOK

This pioneering political theory textbook is a step towards making students do and evolve an Indian political theory, that is, theory born out of reflection on and engagement with Indian social and political practices. It innovatively embeds Indian cases and contexts in the theoretical discussions and involves students in applying theories to current issues. Without oversimplifying concepts, this textbook uses the conversational, context-specific style of a good teacher and recreates the flavour of the classroom inside its covers. Some of its special features are: An outline for each chapter highlighting its main elements, an introductory section discussing the concept, and rationale of chapter organization, cross-referencing of important terms, points for discussion and a detailed reading list.

FEATURES

- A chapter outline for each chapter, which highlights its main elements
- An introductory section, discussing the concept and the rationale of chapter organization
- Cross-referencing of important terms
- Points for discussion, which ask the student to link the discussion in the text to current issues
- A detailed reading list

POLITICAL THEORY

Hoveyda Abbas
Ranjay Kumar

ISBN: 9788131760819

₹ 525.00 | Pages: 576

ABOUT THE BOOK

Political science is the study and analysis of the theory and practice of politics. Political Theory is about description, observation, analysis and inquiry into the issues of political science. These issues, in turn, are governed by ideals and normative values such as liberty, rights, equality and justice, which serve to define the rights and responsibilities of the government and of citizens, or groups of citizens.

Divided into 15 chapters this book captures all relevant aspects of political science and analyses them in the light of examples from India and the rest of the world. Through a thorough examination of various political institutions, the role of different social groups and the evolution of our politics *Political Theory* will guide students in understanding the basic concepts and notions of political theory, and how these apply to political systems across the world.

FEATURES

- Clearly defined concepts
- Accessible explanation to theories and political realities
- Plenty of examples and cases from across the world
- Key points and summary for each chapter
- Updated to recent times

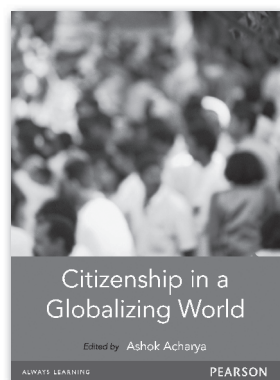

CONTENTS

1. Introduction
2. Approaches, Methods and Models of Political Study and Analysis
3. Concept of the State in Political Theory
4. Perspectives and Theories on the State
5. Concept of Sovereignty in Political Theory
6. Concept of Sovereignty Challenged
7. Principle of Liberty and Freedom
8. Principle of Rights
9. Principle of Equality
10. Principle of Justice
11. Concept and Theories of Democracy
12. Political Obligation, Resistance and Revolution
13. Theories of Power, Dominance and Hegemony
14. Theory of Political Culture
15. Theories of Political Economy

CITIZENSHIP IN A GLOBALIZING WORLD

Ashok Acharya

ISBN: 9788131760949

₹ 325.00 | Pages: 216

ABOUT THE BOOK

In recent times, the notion of citizenship has become increasingly prominent as the traditional boundaries of the nation-state face challenges from globalization, multiculturalism, and economic restructuring. In this context, *Citizenship in a Globalizing World* is a welcome addition in the field of political science as it takes a detailed look at the topic of citizenship, from the origins of both citizenship and the state, to various theories of citizenship and what it means in the modern context, when it has to coexist with forces of globalization and the rise of new social groups.

FEATURES

- Detailed explanations of every form of citizenship, from the ancient Greek to modern Western conceptions
- Individual chapters on what citizenship means to different groups of people, like women, minorities and refugees, explained with examples taken from everyday life
- A useful glossary that provides definitions of every term and concept used

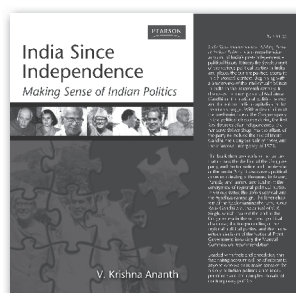

- A series of questions and list of suggested readings at the end of every chapter, which will benefit both students and teachers.

CONTENTS

1. Historical Development of Citizenship
2. Classical Conception of Citizenship
3. Citizenship and National Identity
4. Liberal Conception of Citizenship
5. Multicultural Conception of Citizenship
6. Republican Conception of Citizenship
7. Feminist Conception
8. Citizenship and Diversity
9. Citizenship in Theory and Practice in a Globalizing World
10. Citizenship and Global Justice
11. Cosmopolitan Citizenship

ABOUT THE AUTHOR

Ashok Acharya is a Professor, Department of Political Science, University of Delhi.

INDIA SINCE INDEPENDENCE : MAKING SENSE OF INDIAN POLITICS

V. Krishna Ananth

ISBN: 9788131734650

₹ 550.00 | Pages: 462

ABOUT THE BOOK

India Since Independence: Making Sense of Indian Politics is a comprehensive account of India's post-independence political history. It traces the development of the various political parties in India and places the current political scenario in a historical context. Beginning with a brief review of the intellectual tradition in India in the nineteenth century, it discusses the emergence of Mahatma Gandhi on the national political scene and the role of Indian capitalists in the freedom struggle. With a description of the predominance of the Congress party in the political discourse during the first few decades after independence, the narrative delves deep into the affairs of the party to include the rise of Indira Gandhi, the Congress split of 1969, and the infamous Emergency of 1975.

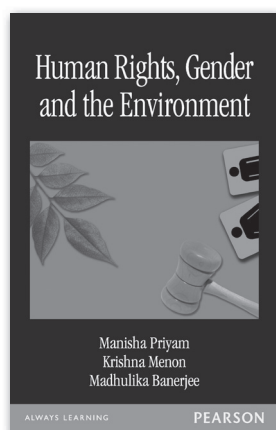

CONTENTS

1. Nineteenth Century Intellectuals and the Emergence of Nationalist Thought
2. The Emergence of Gandhi and the Nationalist Struggle
3. Indian Capitalists and the Freedom Struggle
4. Independence and the Emergence of Nehru
5. The Era of Nehruvian Socialism
6. The End of the Nehru Era, the Shastri Interlude and the Rise of Indira
7. The Decline of the Congress and Indira's Rise

8. The Congress Party's Shift to the Command Mode
9. Indira Under Siege and JP Arrives on the Scene
10. The Emergency: 26 June 1975–21 March 1977
11. The Janata Party
12. The Turbulent Years: 1980–84
13. The Rajiv Gandhi Era
14. The V. P. Singh Era

ABOUT THE AUTHOR

V. Krishna Ananth is an Associate Professor at Sikkim University.

HUMAN RIGHTS, GENDER AND THE ENVIRONMENT

Manisha Priyam
Madhulika Banerjee
Krishna Menon

ISBN: 9788131713259

₹ 350.00 | Pages: 352

ABOUT THE BOOK

In this textbook, the authors unravel the complex themes of human rights, gender and the environment, basing their approach on the pivotal issue of inequality. All three themes manifest unequal relationships that exist between human beings—on the basis of caste, class, gender, ethnicity, race and community—and between human beings and the environment, which most people believe exists only to be 'exploited'.

This book is divided into three sections. The section on human rights includes discussions on the rights of citizens in general and marginalized groups in particular. It also presents a comprehensive account of the various national and international movements, laws, and institutional and policy measures in this area. The section on gender discusses the issue in contemporary India, analyses the concept of patriarchy to help better understand gender, and then places it in the context of history and culture. It also includes the institutional and legal context of women's issues. The third section discusses the impact of socio-economic development on the environment. It examines the specific issues of the environment in an international context and proceeds to present the environmental policies and movements in India.

FEATURES

- Attempts to primarily help students at the University of Delhi through the foundation course entitled 'Human Rights, Gender and the Environment' in the newly structured BA Programme syllabus introduced in 2004.
- Introduces to the students *the basic arguments* in each dimension of these issues, as spelt out in the syllabus.
- Provides a window to a great world of ideas and encourages the students to venture into other new ones.

CONTENTS

Part I: Human Rights

1. Thinking About Human Rights
2. Human Rights, Laws and Institutions: The International Context
3. Human Rights, Laws and Institutions: The National Context
4. Human Rights of Marginalised Groups

Krishna Menon teaches political science at Lady Shri Ram College, University of Delhi.

Madhulika Banerjee teaches at the Department of Political Science, University of Delhi.

CONTEMPORARY INDIA: ECONOMY, SOCIETY, POLITICS

Neera Chandhoke
Praveen Priyadarshi

ISBN: 9788131719299

₹ 499.00 | Pages: 432

ABOUT THE BOOK

Edited by Neera Chandhoke and Praveen Priyadarshi, *Contemporary India* addresses issues facing the nation-state and civil society from diverse perspectives: those of political science, sociology, economics and history.

The book is thematically divided into three parts—Economy, Society, and Politics—and includes discussions on topics as wide-ranging as poverty, regional disparities, policies, social change and social movements, the elements of democracy, dynamics of the party system, secularism, federalism, decentralization, and so on. The common thread of democracy, which strings together different aspects of contemporary India, serves as the framework of understanding here and underlies discussions in all the chapters.

FEATURES

- Well-researched and up-to-date chapters by authors who teach different courses in the social sciences.
- Authors have used a lucid, conversational style that will attract readers who have no previous knowledge of the topics.
- Contributors have also provided a glossary, questions and further readings lists

Praveen Priyadarshi is pursuing his PhD in development studies from the London School of Economics and Political Science (LSE). He is also a research associate with the Crisis States Research Centre, LSE.

INDIA'S FOREIGN POLICY: POST-COLD WAR YEARS

R S. Yadav

ISBN: 9789353948177

₹ 365.00 | Pages: 296

ABOUT THE BOOK

Indian Foreign Policy: Post Cold War Years is being presented with an objective that students, researcher, policymakers, journalists, and common readers can understand the general trends of India's outlook towards the world in present times. This volume depicts a common framework along with general trends so that an overview of India's foreign policy is available for the readers. The present volume is an effort to provide an exhaustive, innovative and authoritative explanation, and critique on major trends and tendencies of India's foreign policy in the post-Cold War period.

FEATURES

- Fresh relook and in-depth analysis of India's foreign policy in the post-Cold War years.
- Provides a sound overview of the present-day concerns and orientations of India's foreign policy at one place.
- Lends a complete overview of India's new trajectory in foreign affairs after the end of Cold War.
- Covers multifaceted dimensions of India's foreign policy and the policy initiatives taken by the present government.
- Departure from the nostalgic past of non-alignment to multi-alliances has been explained in greater details across all the chapters.

CONTENTS

Part I: Introduction

1. New Foreign Policy Orientations

Part II: Theorizing Change in the Post-Cold War

2. Changing Foreign Policy Dynamics
3. Paradigm Shift: Non-Alignment to Globalization

Part III: Towards Power Centers

4. Indo-US Relations: Changing Contour
5. Relations with Russia: Emerging Strategic Partnership
6. Relations with Australia: Emerging Co-Operation
7. Relations with Japan: Strengthening Convergences

Part IV: Neighbours and Extended Neighbourhood

8. Neighbourhood Policy: Changing Trends
9. Relations with China: Reviewing Bandung Spirit
10. Relations with Pakistan: Efforts Towards Confidence Building
11. Relations with Iran: Energy Co-operation
12. Relations with Central Asian Republics: Look North Policy
13. Indo-Pacific Region: Exploring New Horizons

Part V: New initiatives and Concerns

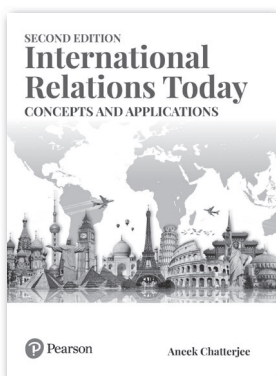

14. Role in UN Peacekeeping
15. Energy Security Concerns
16. Foreign Direct Investments Policy

Part VI: New Beginning

17. India as Rising Power: Opportunities and Constraints
18. Modi's Foreign Policy: New Initiatives and Challenges

Dr R.S.Yadav is Professor Emeritus presently working as Dean Academic Affairs in Pandit Lakhmi Chand State University of Visual and Performing Arts, Rohtak. Earlier he has served as Dean, Faculty of Social Sciences and Chairman, Department of Political Science; Defence and Strategic Studies and Sociology at Kurukshetra University, Kurukshetra.

INTERNATIONAL RELATIONS TODAY, 2/e

Aneek Chatterjee

ISBN: 9789353061265

₹ 399.00 | Pages: 368

ABOUT THE BOOK

International Relations Today, 2/e, captures the drastic changes that the discipline of international relations (IR) has undergone since the disintegration of the Soviet Union and the end of the Cold War in 1991. It delves into the way the US has emerged

as the only superpower in the world, and its impact in making international politics seemingly unipolar. However, in his analysis, the author also shows that how international politics today also signals the possibility of a multipolar world. The rise of China as a major military and economic power, the potential of Russia, India and Germany as tomorrow's big powers, and the success of the European Union and ASEAN as economic and political blocs of considerable substance point towards the feasibility of a multipolar world.

Other than covering the change in the world order post—Cold War and on the face of emerging issues in international relations such as environment, terrorism, and globalization, this book has added discussion on two important theories, namely, the English School and Critical Theory, and updated content on foreign policies of major powers. Meant primarily for students studying International Relations in colleges and universities, this textbook will also be useful to civil service aspirants and others interested in the discipline.

FEATURES

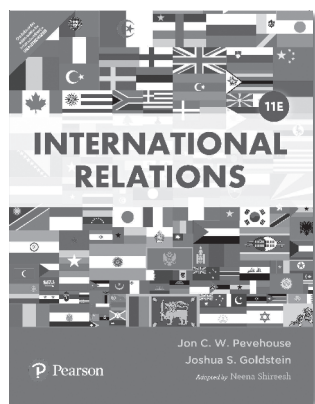

- Two important theories in IR—the English School and the Critical Theory—have been added to the existing 11 theories in Chapter 2.
- Foreign policies of major powers in the world today, namely, the US, China, Russia, Japan, Britain and India have been updated till the year 2018.
- Indian foreign policy has been updated to cover the premiership of Narendra Modi.
- Chapters on the UN, nuclear and security issues; regional organizations; other inter-governmental organizations; post-Cold War International Relations; and international political economy and recent issues in IR have been upgraded to cover recent periods and events.

CONTENTS

- 1 The Discipline of International Relations
- 2 Important Theories in International Relations
- 3 Basic Concepts
- 4 Concepts and Techniques of Foreign Policy
- 5 The United Nations
- 6 Other Inter-governmental Organizations
- 7 Cold War Politics and Beyond
- 8 Security and Nuclear Issues after the Second World War
- 9 Regional Organizations
- 10 International Political Economy
- 11 Foreign Policies of Major Nations: India, The United States, China, Russia, Japan, England
- 12 Recent Issues in International Relations

ABOUT THE AUTHOR

Aneek Chatterjee teaches at the Post Graduate Department of Political Science, Hooghly Mohsin College, India. Earlier, he served as Professor and Head of Political Science at Presidency University, Kolkata, India.

INTERNATIONAL RELATIONS, 11/e

Jon C. W. Pevehouse
Joshua S. Goldstein
Adaptor: Neena Shireesh

ISBN: 9789332586659

₹ 799.00 | Pages: 570

ABOUT THE BOOK

International Relation is not only an important topic but also a fascinating one. The rich complexity of international relationships—political, economic, and cultural—provides a puzzle to try to understand. The puzzle is not only an intellectual challenge but also emotionally powerful. It contains human-scale stories in which the subject's grand themes, such as war and peace, intergroup conflict and community, integration and division, humans and their environment, poverty and development. This text aims to present the current state of knowledge in IR in a comprehensive and accessible way—to provide a map of the subject covering its various research communities in a logical order.

FEATURES

- This edition provides the much-needed interdisciplinary approach to international studies in the Indian context.
- Several concepts and developments in India's international life have been accommodated in the present edition of the book.
- Emphasizing upon the interconnected nature of history, geography, anthropology, economics, and political Science, the book details the methodologies and subject matter of each discipline and provides an indispensable and cohesive framework for understanding the global issues.

CONTENTS

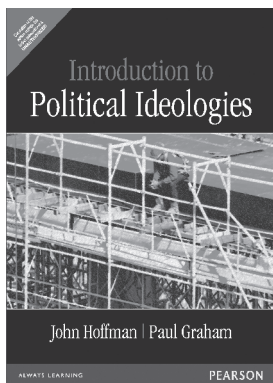

1. The Globalization of International Relations
2. Realist Theories
3. Liberal and Social Theories
4. Foreign Policy
5. International Conflict
6. Military Force and Terrorism
7. International Organization, Law, and Human Rights
8. International Trade
9. Global Finance and Business
10. International Integration
11. Environment and Population
12. The North-South Gap
13. International Development
14. Postscript

ABOUT THE AUTHOR

Joshua S. Goldstein is Professor Emeritus of International Relations, American University (Washington, DC) and Research Scholar, University of Massachusetts Amherst.

Neena Shireesh, is a Associate Professor, Department of Political Science, Shyam Lal College, University of Delhi

INTRODUCTION TO POLITICAL IDEOLOGIES

John Hoffman
Paul Graham

ISBN: 9788131730881

₹ 619.00 | Pages: 316

ABOUT THE BOOK

This introduction to ideologies shows students why an understanding of ideology is crucial to an understanding of political issues. By using real-life examples to relate political ideas to actual political situations, the hugely experienced author team make the subject as lively and contentious in order to stimulate students into developing their own position on the ideas discussed.

The book shows how 'traditional' ideologies such as liberalism and socialism have been challenged, yet also how some of their ideas have been incorporated into new ideologies such as feminism and ecologism.

FEATURES

- Maps show the learning outcomes of each chapter
- Opening Test Cases place theories into their real-world context
- Ideas and Perspective boxes help students evaluate theories from different viewpoints
- Biography & mini-biography boxes tell students more about the thinkers who have had the biggest impact on political theory
- How to Read feature enables students to understand the primary texts that are fundamental to an understanding of the subject
- Thought provoking picture program visually demonstrates each theory
- Innovative web site with Multiple Choice Questions, more case studies and links to political theory web resources will help students develop their skills and broaden their knowledge

CONTENTS

Part 1: Classical Ideologies

1. Liberalism
2. Conservatism
3. Socialism
4. Anarchism
5. Nationalism
6. Fascism

Part 2: New Ideologies

7. Feminism
8. Multiculturalism
9. Ecologism
10. Fundamentalism

READING GANDHI

Anil Dutta Mishra

ISBN: 9788131769560

₹ 350.00 | Pages: 336

ABOUT THE BOOK

Reading Gandhi is a textbook for undergraduate students of Gandhi Studies. However, it will also interest anyone who wants a deeper understanding of the Mahatma's writings. The book covers all of Gandhi's major thoughts—from Satyagraha and Swaraj to his understanding of untouchability, the environment, and issues related to women. Additionally, the book comprehensively analyzes commentaries on Gandhi by eminent scholars from various fields, such as Terence Ball and Quentin Skinner.

Written in a vivid yet accessible manner with plenty of examples, this book will bring Gandhi's writings alive for the student. The book also contains several useful appendices like a chronology of important events in Gandhi's life for the reader's reference.

FEATURES

- The complex topic of reading Gandhi has been approached in a simple, student-friendly manner
- Several useful appendices on Gandhi's life have been included for quick and easy reference

CONTENTS

1. Understanding Gandhi/ Introducing Gandhi
2. Text and Context:
Terence Ball on Reappraising Political Theory
Quentin Skinner on Reading a Text
3. Hind Swaraj
4. Satyagraha With Special Reference to Bhiku Parekh
5. The Critique of Modernity with Special Reference to Bhiku Parekh
6. The Philosophy of Sarvodaya
7. An Alternative Modernity With Special reference to Hardiman
8. Trusteeship: A New Economic Concept
9. Swaraj
10. Swadeshi
11. Nonviolence
12. Nationalism
13. Constructive Programme
14. Communal Unity
15. Gandhi on Women's Question
16. Gandhi and Untouchability
17. Gandhi on Environment
18. Relevance of Mahatma Gandhi

ABOUT THE AUTHOR

Anil Dutta Mishra is the deputy director of National Gandhi Museum, Rajghat, New Delhi.

GLOBAL POLITICS

Rupak Dattagupta

ISBN: 9789389588385

₹ 325.00 | Pages: 264

ABOUT THE BOOK

The study of the era of globalization with its multi-faceted processes in the field of economic activities, trade, commerce, cultural flows, its technological dimensions, along with its political aspects, has been subjected to rigorous research, analyses and interrogation. This has, in fact, fueled academic curiosity in the world of learning. Universities across the world have seen the formation of separate departments, institutes and centres dedicatedly focusing upon studying the phenomenon of globalization. The significance of this exercise has been acknowledged by universities across India.

The book *Global Politics* attempts to capture the essence of the new global phenomenon and the emerging world order in their varied manifestations. The book has tried to conform to the requirements syllabus of BA (Honours) Political Science of University of Delhi, which itself contains a vast range of topics.

Its highlight is its comprehensive nature, where all the major aspects and the challenges of the globalization process, along with the new transformations have been dealt with.

FEATURES

- The book focuses on a single yet very significant aspect of Global Politics by dwelling upon the changing dimensions of power and the evolving contours of interrelationships among the nations of the world and the need for global governance.
- Students should be able to understand the phenomenon of globalization, its complexities, significance and, its relevance to India, and at the same time, be able to develop a perspective of their own to interpret the world around them.

CONTENTS

Part I: The Process of Globalization

1. Globalization: Conceptions and Perspectives
2. Political Debates on Sovereignty and Territoriality
3. Global Economy: Its Significance and Anchors
4. Globalization: Technological and Cultural Dimensions
5. Global Resistances: Global Social Movements and NGOs

Part 2: Contemporary Global Issues

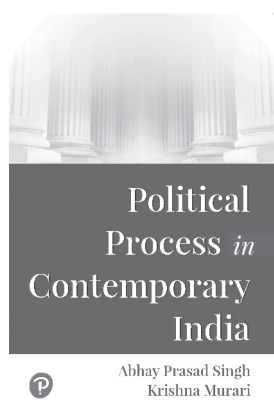

6. Ecological Issues
7. Nuclear Proliferation
8. International Terrorism
9. Human Security
10. Migration

Part 3: Global Shifts

11. Global Shifts: Power and Governance

ABOUT THE AUTHOR

Rupak Dattagupta, Associate Professor, Department of Political Science, Kirori Mal College, University of Delhi.

POLITICAL PROCESS IN CONTEMPORARY INDIA

**Abhay Prasad Singh
Krishna Murari**

ISBN: 9789353432454

₹ 375.00 | Pages: 376

ABOUT THE BOOK

With a comparative and conceptual framework of constitutional designs and institutional functioning, *Political Process in Contemporary India*, is an effort towards opening possibilities of intellectual navigation and conversation. This compendium offers a detailed summary of the insights into constitutional foundations and institutional praxes of Indian democracy. This book is unique as the institutional foundations, their

arrangements and accretion to them, are analysed not only with the lens of Indian experience but their functioning is scrutinized with changing trends in the contemporary political process.

FEATURES

- Scrutinizes the institutional foundations, their arrangements and accretion to them with changing trends in the contemporary political process.
- In-depth coverage of how revolutions in the Information and Communications Technology (ICT) have pushed the boundary of democratic engagements.
- Working of the Indian constitution and performance of parties, civil society and citizens have been intricately linked.
- Core themes covered: Political Parties in India, Changing Trends in Party System in India, Political Economy of State Politics in India, Determinants of Voting Behaviour, Religion and Politics, Nature of Secularism in Contemporary India, Caste in Politics and the Politicization of Caste, Dalit Movement in India, Affirmative Action in India, etc.
- A useful text for graduate and postgraduate students, researchers, aspirants of civil and state services examination.

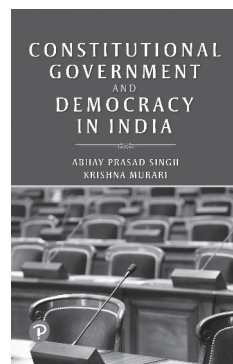

CONTENTS

1. Political Processes in Contemporary India: An Introductory Note
2. Political Parties in India
3. Changing Trends in Party System in India: Dominant Party System and its Breakdown
4. Political Economy of State Politics in India

राजनीति सिद्धांत:

एक परिचय

राजीव भार्गव
अशोक आचार्य
कमल नयन चौबे

ISBN: 9788131759387

₹ 379.00 | Pages: 344

पुस्तक के विषय में

यह किताब अपने-आप में अनूठी है, क्योंकि यह राजनीति सिद्धांत को भारतीय उदाहरणों के साथ पेश करने की कोशिश करती है। यह पढ़ने वालों को राजनीति सिद्धांत के प्रमुख विषयों की सारगर्भित जानकारी देती है और उनका विश्लेषण भी करती है। साथ ही यह मूल किताबों को पढ़ने के लिए भी प्रेरित करती है। मैं डॉ. अशोक आचार्य का आभारी हूँ कि उन्होंने मुझे इस पुस्तक के अनुवाद का मौका दिया।

विशेषता

- इसकी भाषा सरल तथा बोधगम्य हैं।
- पुस्तक में अध्यायों को समकालीन घटनाक्रम से जोड़कर दिखाया गया है।

विषय सूची

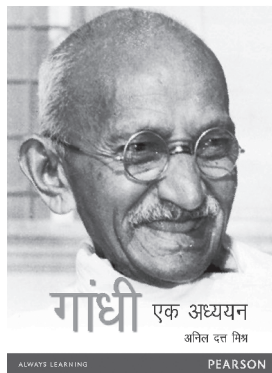

1. राजनीति सिद्धांत क्या है।
2. हमें राजनीति सिद्धांत की आवश्यकता क्यों है?
3. स्वतंत्रता
4. समानता
5. न्याय
6. अधिकार
7. लोकतंत्र
8. नागरिकता
9. शक्ति
10. प्रभुसत्ता
11. राज्य
12. नागरिक समाज

13. संपत्ति
14. जेंडर
15. उदारवाद
16. समाजवाद
17. राष्ट्रवाद
18. सेकुलरवाद
19. सकारात्मक कार्यवाही

लेखक के विषय में

राजीव भार्गव, सिनीयर फेलो और निर्देशक के पद पर स्टडी ऑफ डेवलपिंग सोसायटी, दिल्ली में कार्यरत हैं।

अशोक आचार्य, दिल्ली युनिवर्सिटी के राजनीति विभाग में प्रोफेसर के पद पर कार्यरत हैं।

गांधी एक अध्ययन

अनिल दत्त मिश्र

ISBN: 9788131769577

₹ 299.00 | Pages: 296

पुस्तक के विषय में

गांधी एक अध्ययन स्नातक, स्नातकोत्तर एवं उन सभी छात्रों के लिए है जो महात्मा गांधी के बारे में जानने के इच्छुक रहते हैं। इस पुस्तक में गांधी द्वारा किए गए कार्य जैसे सत्याग्रह-स्वराज के साथ-साथ छुआछूत, पर्यावरण एवं महिलाओं से जुड़े मुद्दों की व्याख्या की गई है। यह पुस्तक विद्यार्थियों की जरूरतों को ध्यान में रखकर लिखी गई है जिसमें कई उदाहरणों, चित्रों एवं संदर्भों को साथ में रखते हुए गांधी के लेखन को एक बार फिर सामने लाने का प्रयास किया गया है।

विशेषता

- पुस्तक में सरल भाषा का प्रयोग किया गया है।
- विस्तृत शब्दावली जो गांधी के जीवन शैली को समझने में सहायक होगी।

विषय सूची

अनिल दत्त मिश्र राष्ट्रीय गांधी संग्रहालय के उपनिदेशक एवं गाँधीवादी दर्शन तथा मानव विकास केन्द्र, गायत्री विद्या परिषद् कालेज, विशाखापटनम् में मानद प्रोफेसर हैं।

भारत की विदेश नीति

आर. एस. यादव

ISBN: 9788131769607

₹ 419.00 | Pages: 420

पुस्तक के विषय में

वर्तमान समय में किसी भी देश की आन्तरिक एवं बाह्य घटनाक्रम को समझने हेतु अन्तर्राष्ट्रीय सम्बन्धों का ज्ञान अनिवार्य है। इस दृष्टि से उस देश की विदेश नीति का विश्लेषण अति महत्वपूर्ण है। समकालीन अन्तर्राष्ट्रीय परिवेश में विदेश नीति के अध्ययन केवल शैक्षणिक कारणों हेतु ही नहीं, अपितु जनमानस के लिए भी अनिवार्य बन पड़ा

है। परन्तु इस कठिन व जटिल विषय के सुस्पष्ट, सुनियोजित एवं सारगर्भित अध्ययन हेतु हिन्दी भाषा में उपलब्ध साहित्य का आभाव रहा है। वर्तमान पुस्तक इस कमी की पूर्ति हेतु एक सार्थक व अनूठा प्रयास है। यह पुस्तक मुख्यतः स्नातक एवं स्नातकोत्तर, एम.फिल. राजनीति शास्त्र, अन्तर्राष्ट्रीय संबंधों एवं समकालीन इतिहास के छात्रों, शोधकर्ताओं एवं अध्यापकों की जरूरतों को सामने रख कर लिखी गई है।

विशेषता

- इसमें भाषा की सरलता एवं मौलिकता बनाए रखते हुए धारणाओं की एकरूपता एवं प्रामाणिकता का विशेष ध्यान रखा गया है।
- भारतीय स्वतन्त्रता की प्राप्ति के बाद यह हिन्दी में प्रकाशित सर्वप्रथम मौलिक, सुसम्बद्ध व शास्त्रीय ग्रंथ है, जिसमें भारतीय विदेश नीति के छः से भी अधिक दशकों का अति व्यापक एवं समग्र दृष्टिकोण से अध्ययन किया गया है।
- इस रचना हेतु सामग्री प्रामाणिक स्रोतों से एकत्रित करके विषयों का विवेचन आलोचनात्मक एवं विश्लेषणात्मक रूप से सरल एवं सुबोध शैली में प्रस्तुत किया गया है।
- प्रामाणिक आँकड़ों एवं समकालीन सभी पहलुओं के अध्ययन के आधार पर इसमें शीतयुद्धोत्तर युग में हुए बदलाओं पर भी गहन चर्चा प्रस्तुत की गई है।

विषय सूची

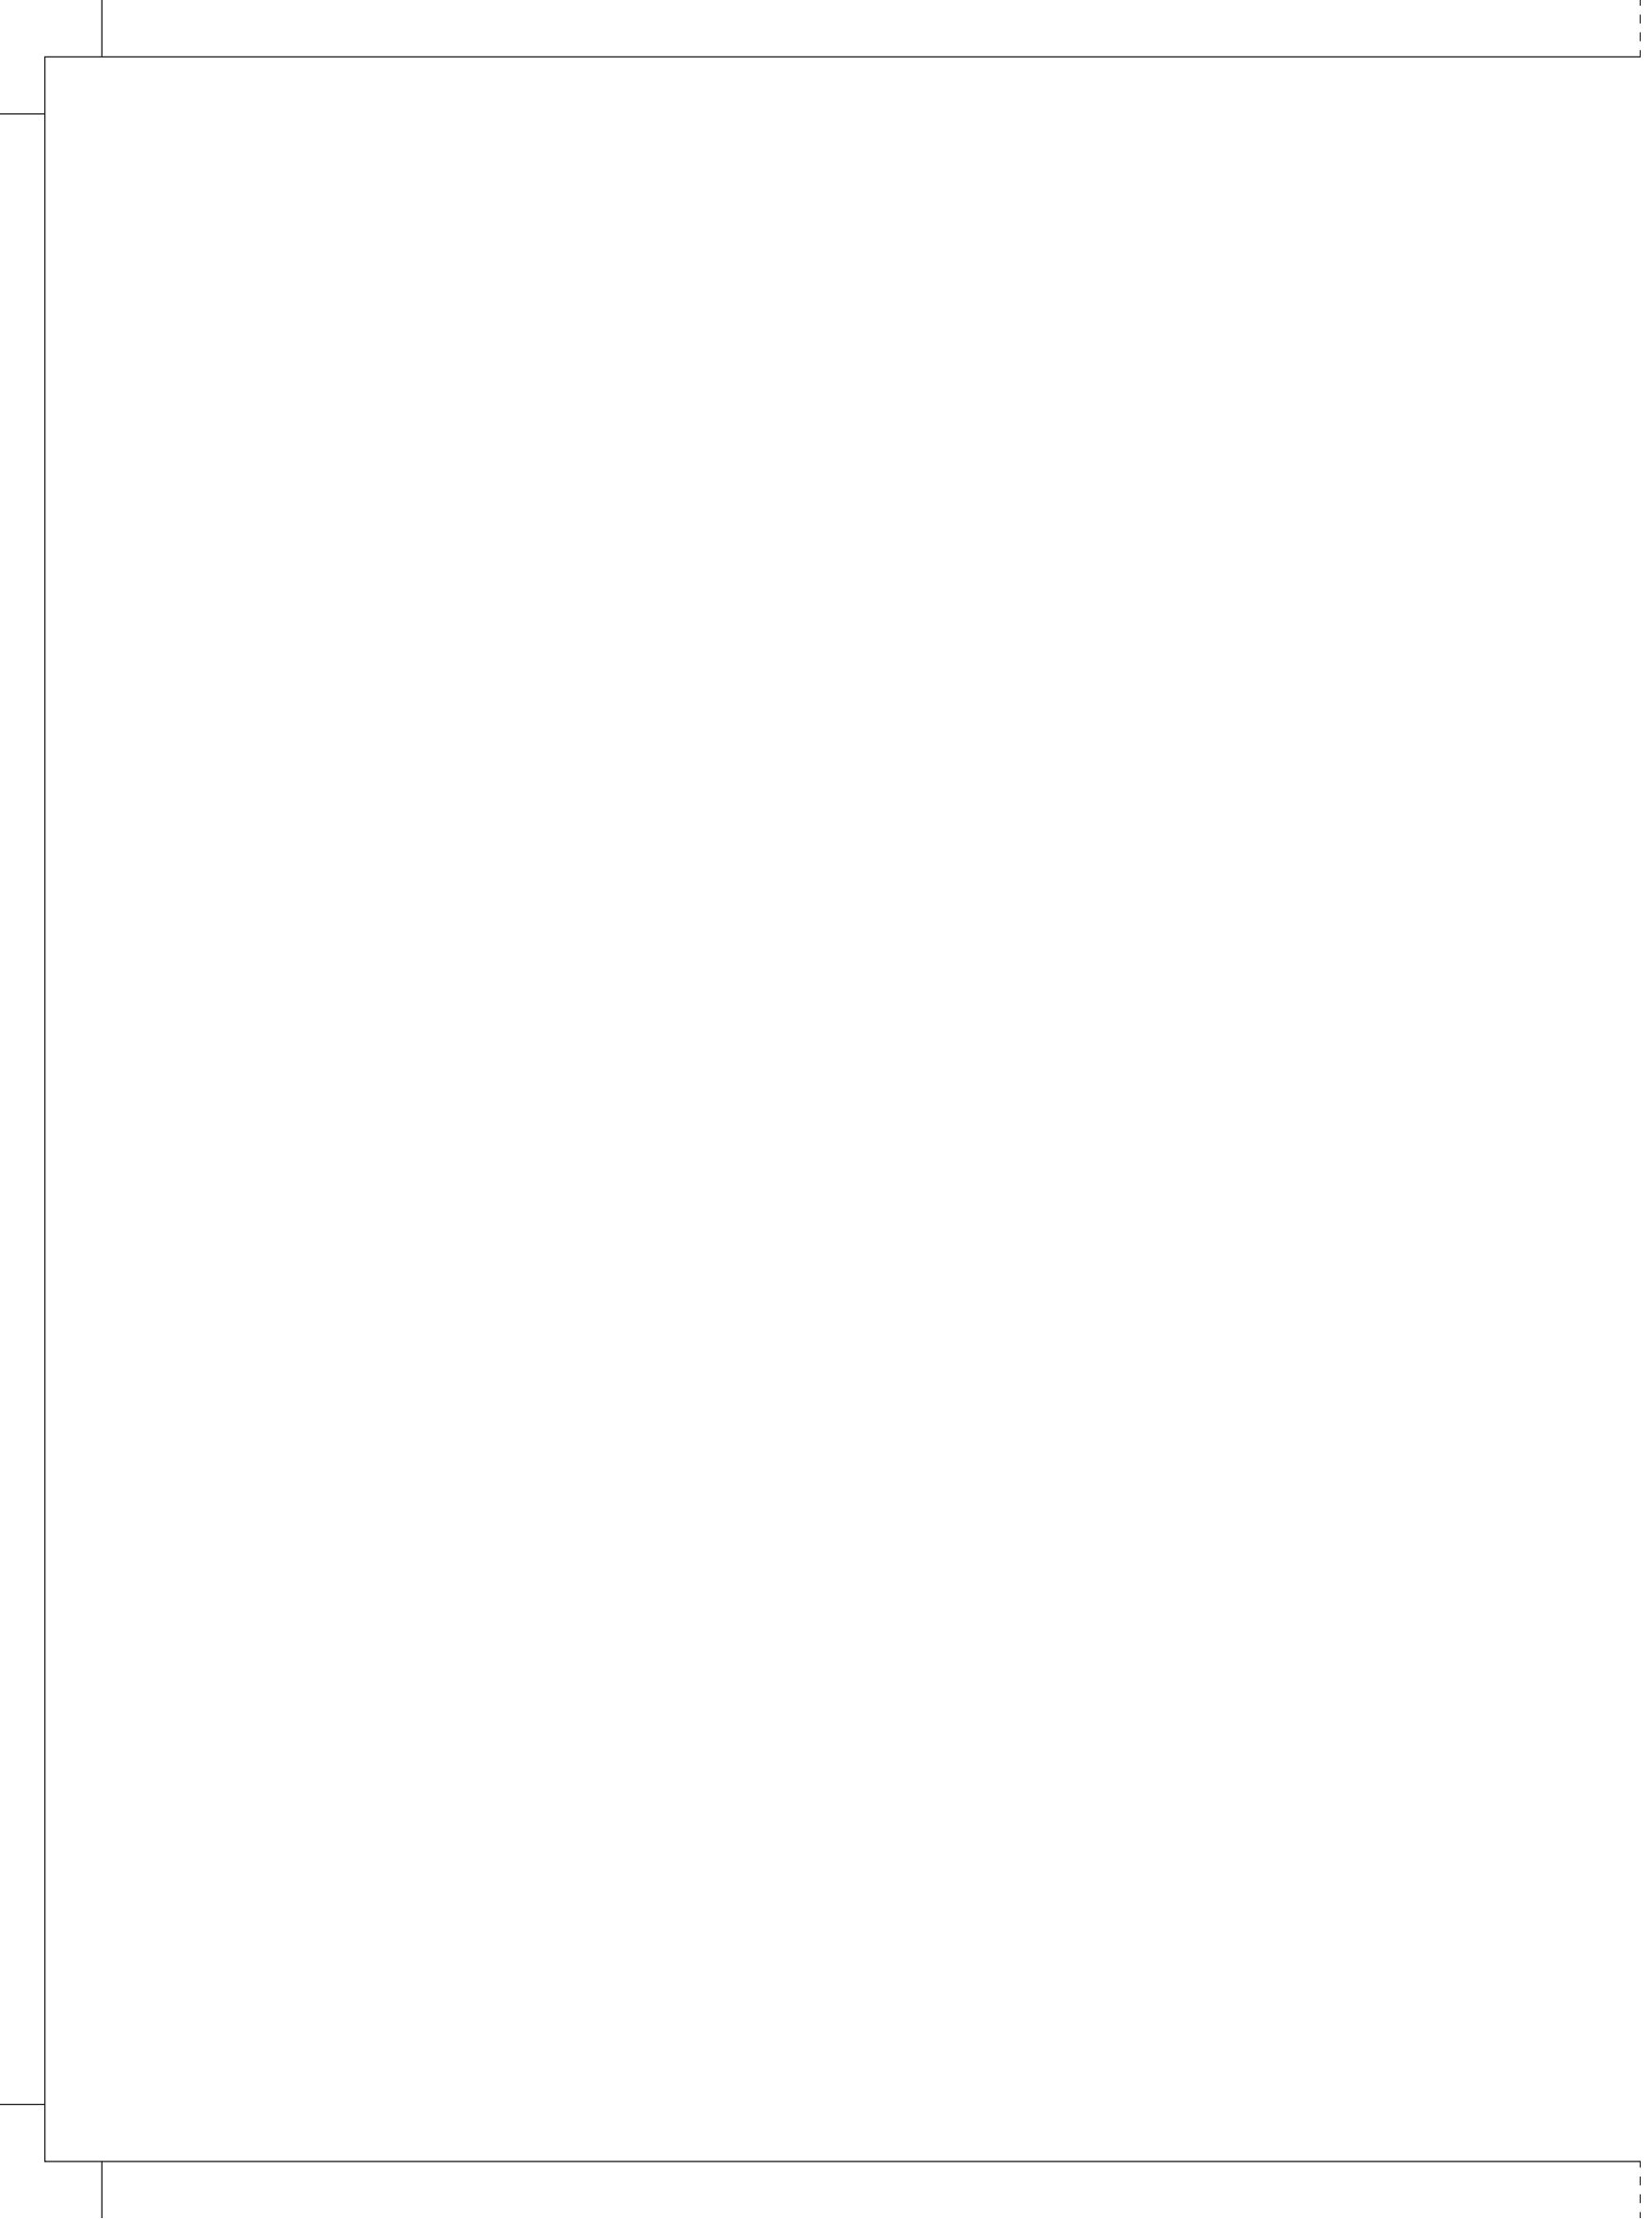

1. प्रस्तावना
2. निर्धारक तत्त्व एवं निर्माण प्रक्रिया
3. महाशक्तियों से सम्बन्ध
4. पड़ोसियों से सम्बन्ध
5. अन्य देशों से सम्बन्ध
6. क्षेत्रीय सम्बन्ध व सहयोग
7. राष्ट्रीय सुरक्षा
8. अन्तर्राष्ट्रीय शान्ति हेतु प्रयास
9. विदेश आर्थिक नीति
10. सांस्कृतिक राजनय
11. अन्तर्राष्ट्रीय परिवेश
12. समीक्षा
13. निष्कर्ष की ओर

| PUBLIC ADMINISTRATION

PUBLIC ADMINISTRATION: APPROACHES AND APPLICATIONS

Alka Dhameja
Sweta Mishra

ISBN: 9789332555075

₹ 499.00 | Pages: 448

ABOUT THE BOOK

This volume is written to fulfill the demand for a comprehensive textbook on public administration. It covers almost all the topics in public administration taught at the undergraduate level of Indian universities. However, because of its multi-disciplinary focus and orientation, this book will also be useful for the postgraduates as well as civil services aspirants. For the benefit of the readers, a chapter on post-new public management and another one on historical antecedents of civil society have been added. The objective of this volume is to provide an insight into the key concepts and issues of public administration, especially in the changing neo-liberal context.

FEATURES

- An analytical approach in examining the key issues in public administration
- Boxes, tables and chapter-end questions to highlight and recapitulate important information
- Apart from focusing on concepts and approaches, eleven chapters on specific themes in the application of public administration

CONTENTS

- 1 Concept and Significance of Public Administration
- 2 Phases in Evolution of Public Administration
- 3 Approaches to the Study of Public Administration
- 4 The Classical Approach to Organizations
- 5 The Human Relations Approach
- 6 Max Weber's Theory of Bureaucracy
- 7 The Rational-Choice Approach
- 8 The Systems and Sociopsychological Approaches
- 9 Ecological Approach to Public Administration
- 10 Fundamentals of Development Administration
- 11 Feminist Perspective of Public Administration
- 12 Public Policy: Concept and Approaches
- 13 New Public Administration

ABOUT THE AUTHOR

Alka Dhameja is a Professor with the Faculty of Public Administration, School of Social Sciences, Indira Gandhi National Open University.

Sweta Mishra is a Senior Assistant Professor, Department of Political Science, Gargi College, University of Delhi.

TESTIMONIALS

The Indian academia has generally ignored the area of textbooks, even though this is one of the best ways to reach out to a young mind and streamline the scattered thought processes. Who would understand this better than a teacher that a good textbook inspires students to move further to their own selected area for further research. If there were good textbooks, students may completely bypass the shortcut literature that have surged in to fill the void. In this book, the authors have attempted to present their big ideas using simple expressions so that students can imbibe them holistically.

Prof. Amita Singh,

Centre for the Study of Law and Governance,
Jawaharlal Nehru University

This book is comprehensive in coverage, lucid, highly analytical and up-to-date in content. It meets the requirements of students at the under- and postgraduate level and those appearing for competitive examinations.

Prof. C. V. Raghavulu,

Former Vice-chancellor, Acharya Nagarjuna University

The (content) presentation appears good. The chapters are well-structured, and they are divided into sub-themes. The chapter presentation is very good and focused. The pedagogy followed is also apt as it deals with examples that will help the students understand the subject better. Ensuring comprehensive coverage, the chapters cover all the topics in a concise manner using lucid and easily comprehensible language. The book meets the current syllabus requirements of Indian universities.

Prof. Suresh Misra,

Professor of Public Administration,
Indian Institute of Public Administration

The book lays out in a well-planned manner the theoretical constructs on new public management, human relations, approach and role of non-governmental organization. They have tried to cover almost all the possible dimensions needed to deal with topics under discussion. Keeping in mind that the readers

of this text will be undergraduates, civil servants and all those who are working in the area of governance, the content, quality and coverage look sufficient. The book is a welcome addition to the existing literature in public administration.

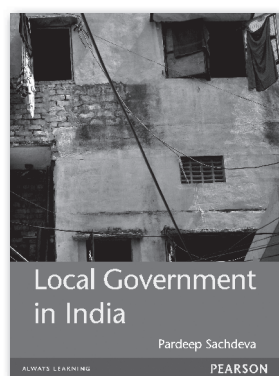

Prof. Rajani Ranjan Jha, Dean,
Faculty of Social Sciences,
Banaras Hindu University

This book is going to be of immense use for both the students and teachers of this discipline. Even the others who want to have a first feel of the subject would find it of great use. Students who want to study the subject for competitive examinations would also find it a good read.

Prof. Ajay Kumar Jha, Professor & Head,
Division of Political Science & Public Administration,
A N Sinha Institute of Social Studies

The text offers detailed well-researched analysis, and it is presented in contemporary style with key points being highlighted. The language is lucid, but it maintains good academic standard. Students studying this paper shall doubly benefit, as apart from the well-articulated text there is a detailed list of bibliography provided for further reference. The book navigates through researches and theories in public administration from the classical to the modern era, thus, providing a holistic perspective of the subject.

6. Cities, Kings, and Renunciants: North India, c. 600–300 BCE
7. Power and Piety: The Maurya Empire, c. 324–187 BCE
8. Interaction and Innovation, c. 200 BCE–300 CE

ABOUT THE AUTHOR

Upinder Singh is a Professor in the Department of History, Ashoka University.

MODERN INDIA : 1885-1947

Sumit Sarkar

ISBN: 9789332535749

₹ 440.00 | Pages: 424

ABOUT THE BOOK

Modern India provides an insight into the historiography of India and its freedom struggle from the colonial era to the year of Independence. It uses archival data from various sources and collates it with new research elements in the history of the period. As a result, it has been able to provide a critical perspective on the historical, political, social and cultural events of the time.

The book is credited as one of the most widely read books on the topic and has changed our understanding of modern Indian history.

FEATURES

- The book includes separate Reading Lists for every chapter

CONTENTS

1. Introduction
2. Political and Economic Structure: 1885–1905
3. Social and Political Movements: 1885–1905
4. Political and Social Movements: 1905–1917
5. Mass Nationalism: Emergence and Problems: 1917–1927
6. Nationalist Advance and Economic Depression: 1927–1937
7. Political Movements and War: 1937–1945
8. Freedom and Partition: 1945–1947

ABOUT THE AUTHOR

Sumit Sarkar is a Retired Professor of History from University of Delhi, after a long and illustrious career in academics.

REVISITING MODERN EUROPEAN HISTORY: 1789–1945

Vandana Joshi

ISBN: 9789332541108

₹ 450.00 | Pages: 376

ABOUT THE BOOK

Revisiting Modern European History: 1789–1945 helps us to understand the story of modern Europe in a thematic manner. The themes chosen for this volume, namely gender, race, class and nation have been used as analytical tools that question the universality and unilinearity of the so-called progress and development that Europe achieved in the modern era. The questions posed in the volume point to the problems and perils of the progress and development based on science. Scientific advancement in the Nazi era was utilized to create a moral universe within which death factories operated day in and day out with remarkable industrial efficiency such as in Auschwitz, to annihilate entire sections of population without creating psychological disturbance and moral qualms among the murders. With impunity the executioners could execute mass killings without soiling their hands in blood and hearing the cries of the victims.

FEATURES

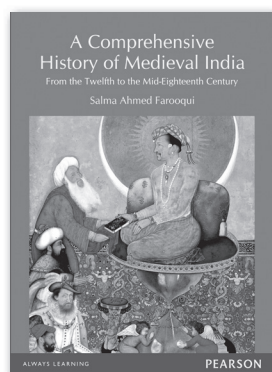

- The volume aims to show that gender, race, class and nation are some cracks on the universal and ever-evolving skin of European history, which have developed into gorges and cliffs in recent years.
- This book will inspire teachers, and gently guide graduates and undergraduates alike into this variegated field of enquiry.

CONTENTS

1. Citizenship and Difference: The Age of Revolution
2. Spaces and Places: Changing Patterns of Domesticity and Work
3. Nationalization of the Female Citizenry: Fascist Italy and Nazi Germany
4. Race and Nation: An Intellectual History
5. The Apogee of Racism: Nazi Germany 1933–1945
6. In Pursuit of Social Justice: Modern European Socialism, 1850–1940
7. Industrialization and the Rise of Modern Class Society
8. Nationalism: Triumphs and Challenges in the Long Nineteenth Century and Beyond

ABOUT THE AUTHOR

Vandana Joshi is Associate Professor at the department of History, Sri Venkateswara College, University of Delhi.

A COMPREHENSIVE HISTORY OF MEDIEVAL INDIA: FROM TWELFTH TO THE MID-EIGHTEENTH CENTURY

Salma Ahmed Farooqui

ISBN: 9788131732021

₹ 525.00 | Pages: 372

ABOUT THE BOOK

Departing from the conventional accounts of the History of Medieval India Salma Ahmed Farooqui's *A Comprehensive History of Medieval India* presents a consolidated timeline from the pre-sultanate period to eighteenth century India by taking into account the period that marked the end of ancient India, and focusing on the importance of the transitory centuries when Delhi, with its strategic location, had begun to surface as the new power centre.

FEATURES

- Extensive documentation covering 800 years of history
- Over 30 maps to aid the students visualize the changing political geography
- Over 40 photographs and paintings depicting the centuries of rich heritage
- Boxed items on key terms and concepts
- Dynastic chronologies and historical timelines
- Part-opening vignettes that recount historical anecdotes
- Chapter-end summaries to aid revision
- Questions for review and discussion

TRADE AND MARKETS IN HARAPPAN CIVILIZATION

Jignesh Shah
Madhoo Pavaskar

ISBN: 9789353066079

₹ 495.00 | Pages: 212

ABOUT THE BOOK

Trade and markets are the twin engines that lead to the creation and growth of not only the empires, but also the great civilizations from the times immemorial. Having firm faith in the growth of markets for economic development, we decided to explore whether trade and markets played a major role in the ancient times, too. And what better paradigm could we have chosen than almost the ten millennia old lost ancient Indian civilization of Harappa or the Indus Valley?

CONTENTS

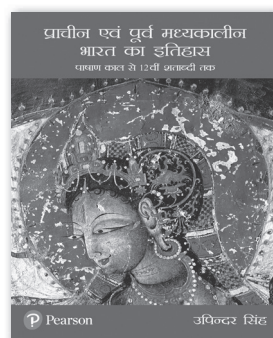

- 1 Primeval Civilizations and Pre-market Gift Economies
- 2 Barter in Ancient India
- 3 Origin and Evolution of Money
- 4 Beginnings of Ancient Indian Trade
- 5 Trading Practices in Ancient India
- 6 Commodity Trade and Industry in Harappan Civilization
- 7 Urbanization of Indus Valley Civilization
- 8 Mehrgarh—Precursor to the Harappan Civilization
- 9 Mohenjo-Daro: A Commercial Hub of Indus Culture
- 10 Harappa—The Market City
- 11 Lothal—Port Town of Harappan Civilization
- 12 Dholavira
- 13 Other Market Cities in Harappan Civilization
- 14 Overview—Trade and Markets in the Harappan Civilization

ABOUT THE AUTHOR

Jignesh Shah is the Founder of 63 moons technologies limited, formerly known as Financial Technologies (India) Limited (FTIL).

I SOCIOLOGY

NEW EDITION TITLES 2021

GENDER: A SOCIOLOGICAL UNDERSTANDING, 1E

Reema Bhatia

ISBN: 9789390325436

₹ 499.00 | Pages: 399

ABOUT THE BOOK

Gender: A Sociological Understanding is a comprehensive work to help readers understand the complexity and depth of gender not only as a theoretical concept, but also as a dynamic working concept. The work brings new insights into how feminism challenges the gendered structures of our everyday existence.

Written in light of the recent developments in social theory, the work synthesizes and reviews key contemporary topics and themes across a range of theoretical and methodological perspectives while addressing the shift in the understanding of gendered existence.

The book attempts to cover the multiple contestations and constructions over feminist epistemologies and ontologies in the area of gender research. Each chapter discusses research findings by key scholars to allow for comparative analysis in different areas of research. This up-to-date, coherent and rich text is essential for the undergraduate and postgraduate students of gender and sociology.

FEATURES

- The text includes chapters on Feminist Theories, Feminist Methodology and Feminist Movements wherein topics are discussed not only from a historical perspective but also from a contemporary perspective
- Gender is approached from different perspectives in the context of institutions like health, education, work, media and visual representations and violence
- It explores the various orthodoxies, inclusions and exclusions in feminist knowledge and how feminist knowledge has evolved over time from a dominant universal mode into a reflexive mode
- Through Case Studies on real-life events, the work critically engages in national, international, intersectional and transnational perspectives that are crucial for gender studies

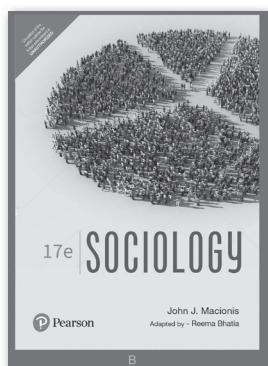

CONTENTS

1. Understanding Gender
2. Feminist Theory
3. Feminist Methodology
4. Feminist Movements
5. Gender and Health
6. Gender and Education
7. Gender and Work
8. Gender, Media and the Visual
9. Gender and Violence

ABOUT THE AUTHORS

Reema Bhatia is an Associate Professor of Sociology at Miranda House in the University of Delhi, Delhi with more than twenty years of teaching experience.

Dr Bhatia was awarded the Distinguished Teachers Award in 2009. She was a UGC Research Fellow for 5 years and was also awarded the National Scholarship two years.

SOCIOLOGY, 17/e

John J. Macionis

Adaptor: Reema Bhatia

ISBN: 9789353066383

₹ 950.00 | Pages: 888

ABOUT THE BOOK

With a complete theoretical framework and a global perspective, *Sociology by Macionis*, 17/e offers students a comprehensive and relevant introduction to sociology. This informative, engaging, and entertaining title will change the way readers see the world and open the door to many new perspectives and opportunities. This seventeenth edition elevates *Sociology's* high standard of excellence, ensuring that it remains one of the foremost comprehensive introductory sociology resources for students and instructors alike.

FEATURES

- Updated Power of Society figures - These figures have been updated for this edition to help students give up some of their cultural common sense that points to the importance of "personal choice" by showing them evidence of how society shapes our major life decisions.
- This revision carries recent the most recent data on income, wealth, poverty, education, employment, and other important issues.
 - Chapter 7 discusses aspects of social media like cyberbullying, online dating and the impact of online games like the Blue Whale Challenge.
 - Chapter 22 presents the latest patterns involving AIDS and other sexually transmitted infections, explores the link between impoverished living conditions and lack of medical care demonstrated by the recent Ebola crisis, and tracks the ongoing debate involving euthanasia.
 - Chapter 24 looks at the ongoing conflict in Syria, and the 2016 U.S. presidential election.
- Discussions in many chapters have also been updated to include data and instances that are specific to the Indian context. Issues like sexual identity, the extent of third gender population in India, and rape have also been discussed. Chapter 18 explores the various aspects that led to the thumping victory of NDA (National Democratic Alliance) riding on the popularity of Narendra Modi.

CONTENTS

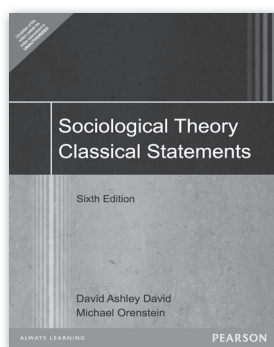

1. The Sociological Perspective
2. Sociological Investigation
3. Culture
4. Society
5. Socialization
6. Social Interaction in Everyday Life

7. Mass Media and Social Media
8. Groups and Organizations
9. Sexuality and Society

समाजशास्त्र: समाज की समझ स्वर्गीय योगेश अटल

ISBN: 9789332537637

₹ 429.00 | Pages: 481

पुस्तक के विषय में

यह पुस्तक समाजशास्त्र के नए पाठकों को प्रथम परिचय देने के उद्देश्य से लिखी गयी है। यह न केवल समाजशास्त्र के छात्रों वरन प्रबंधन, लोक प्रशासन, मानव शास्त्र, सामाजिक कार्य, आदि के छात्रों के लिए भी उपयोगी होगी। जैसा कि ओगबोर्न और निम्कोफ ने कहा है कि समाजशास्त्र की पाठ्य पुस्तक की आधारभूत आवश्यकता यह है कि वह पाठक को ऐसा ज्ञान प्रदान करे जो उसके जीवन में काम आये, चाहे वह किसी भी व्यवसाय में जाये। जितने विद्यार्थी समाजशास्त्र में प्रवेश लेते हैं उनमें से कुछ ही पेशेवर समाजशास्त्री बनेंगे। ये बच्चे व्यापारी, किसान, उद्योगपति हो सकते हैं। कई लड़कियाँ समाजशास्त्री न बनकर, या समाजशास्त्रीय शोध में व्यस्त न होकर, अपने परिवार का भार सम्हालेंगी। लेकिन सभी को इस बात को जानने की आवश्यकता होगी कि अपने आस-पास के सामाजिक जगत में कैसे रहा जाये और सामाजिक समस्याओं से कैसे निबटा जाये ...। सन् 1940 में लिखे ये शब्द आज भी उतने ही सार्थक हैं जबकि नौकरियों का बाजार इतना बदल गया है।

विशेषता

- भारत में दिन-प्रतिदिन घटती विचारधारओं को पुस्तक में सरल रूप से बताया गया है।
- बदलते बाजार में विभिन्न प्रकार के कामों के लिए अपने को प्रशिक्षित करने में यह पुस्तक उपयोगी होगी।
- समाजशास्त्र के अनेक प्रसांगिक विषयों पर स्पष्ट और अधिकारिक रूप से इसमें विवेचन किया गया है।
- विवरण और विश्लेषण भारतीय समाज के संदर्भ एवं उदाहरण से समृद्ध है।

लेखक के विषय में

स्वर्गीय योगेश अटल ने एक भारतीय समाजशास्त्री के रूप में 1974 से 1997 तक यूनेस्को के साथ काम किया और सामाजिक विज्ञान के प्रमुख निदेशक के पद से सेवानिवृत्त हुए।

प्रशंसापत्र

यह पुस्तक समाजशास्त्र की विकास यात्रा की तथ्यात्मक व्याख्या के माध्यम से इसकी वर्तमान दशा तथा भविष्य की दिशा का बोध कराती है। बोधगम्य हिन्दी भाषा में लिखी गई यह एक अप्रतिम पुस्तक है।

डॉ. रवि प्रकाश पाण्डेय

महात्मा गाँधी काशी विद्यापीठ, वाराणसी

इस पुस्तक में अभिव्यक्त अनेक स्थापनाएं समाजशास्त्र के विद्यार्थियों व शिक्षकों के मध्य आलोचनात्मक विमर्श को जन्म देंगी।

प्रोफेसर राजीव गुप्ता

राजस्थान विश्वविद्यालय, जयपुर

यह पुस्तक एक अंतर्राष्ट्रीय स्तर के समाजशास्त्रीय द्वारा लिखी गई है जो कि एक सरल भाषा में प्राचीन एवं नवीनतम विचारधाराओं का समन्वय है।

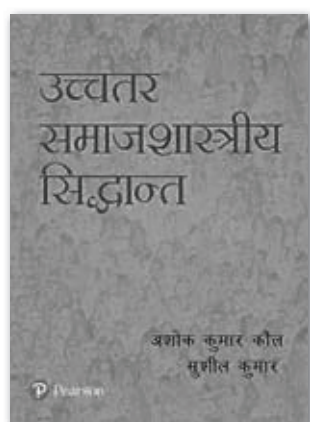

प्रोफेसर एस. आर. अहलावत
महर्षि दयानंद विश्वविद्यालय, रोहतक

यह पुस्तक हिन्दी-भाषित पाठकों के लिए विशेष रूप से, चाहे वे विद्यार्थी हों, अध्यापक हों या समाजशास्त्र के ज्ञाता हों, के लिए एक अनिवार्य पाठ्यक्रम है। यह पुस्तक व्यवहारात्मक अनुभवों को उदाहरणों से बहुत अच्छी तरह दर्शाता है जिसे सरलता से समझा जा सकता है।

प्रोफेसर अतलूरी
इलाहाबाद विश्वविद्यालय, इलाहाबाद

समाजशास्त्र की प्रारम्भिक, परन्तु मौलिक, अवधारणाओं को अन्यन्त सरल और सरस हिन्दी में, चित्रों तथा भारतीय उदाहरणों के साथ प्रस्तुत करने वाली कोई अन्य पुस्तक मैंने नहीं देखी है।

विनोद श्रीवास्तव
डीडीयू गोरखपुर विश्वविद्यालय, गोरखपुर

उच्चतर समाजशास्त्रीय सिद्धान्त

अशोक कुमार कौल
सुशील कुमार

ISBN: 9789332574113

₹ 359.00 | Pages: 224

पुस्तक के विषय में

यह एक विडम्बना ही रही है कि आधुनिक सामाजिक विज्ञानों की गुणवत्तापूर्ण अध्ययन सामग्रियों का हिन्दी भाषा में प्रायः अभाव रहा है। प्रस्तुत पाठ्य-पुस्तक 'उच्चतर समाजशास्त्रीय सिद्धान्त' न सिर्फ इस अभाव की सक्षम पूर्ती के प्रयास करती है अपितु इसने हिन्दी भाषा में उपलब्ध हो सकने वाली पठन-सामग्रियों का मानकीकरण भी किया है। यह अभिमान का विषय नहीं हो कर गर्व का विषय है कि प्रस्तुत पुस्तक ने समाजशास्त्र के उद्भव से ले कर वर्तमान समय तक विकसित, लोकप्रिय एवं आलोच्य हुए प्रत्येक समाजशास्त्रीय सिद्धान्त को गुणवत्ता तथा सम्प्रेषणशीलता के जिस रूप में तथा जिस स्तर पर प्रस्तुत किया है उसका कोई अन्य उदाहरण हिन्दी तथा अन्य भाषाओं के पाठकों के समक्ष विद्यमान नहीं है।

विशेषता

- भाषा सहज है, कहीं-कहीं साहित्यिक भी।
- छात्रों और उनको पढ़ाने वाले शिक्षकों के लिए उपयोगी सिद्ध होगी।

विषय सूची

- अध्याय 1 — उच्चतर समाजशास्त्रीय सिद्धान्त
- अध्याय 2 — प्रत्यक्षवाद

- अध्याय 3 — प्रकार्यवाद
- अध्याय 4 — हरबर्ट स्पेन्सर
- अध्याय 5 — टॉलकॉट पार्सन्स
- अध्याय 6 — इमाईल दुर्खीम (1858–1974) — प्रकार्यवाद
- अध्याय 7 — रॉबर्ट किंग मर्टन
- अध्याय 8 — संघर्षवादी सिद्धान्त
- अध्याय 9 — कार्ल मार्क्स (1818–1883) : संघर्षवादी सिद्धान्त
- अध्याय 10 — राल्फ डेहरेन्डॉर्फ का संघर्ष सिद्धान्त
- अध्याय 11 — लेविस ए. कोजर — संघर्ष का सिद्धान्त
- अध्याय 12 — मैक्स वेबर (1864–1920): प्रकार्यवाद एवं संघर्षवाद का समन्वय
- अध्याय 13 — विवेचनात्मक समाजशास्त्रीय सिद्धान्त
- अध्याय 14 — प्रतीकात्मक अंतःक्रियावाद
- अध्याय 15 — सामाजिक विनियम सिद्धान्त
- अध्याय 16 — घटनाविज्ञान
- अध्याय 17 — लोकविधिविज्ञान
- अध्याय 18 — नारीवाद
- अध्याय 19 — उत्तर-आधुनिकता

लेखक के विषय में

अशोक कुमार कौल, प्रोफेसर, समाजशास्त्र विभाग, काशी हिन्दू विश्वविद्यालय, वाराणसी

सुशील कुमार, आई.सी.एस.एस.आर. के पोस्ट-डॉक्टोरल फ़ेलो के रूप में कार्यरत हैं।

प्रशंसापत्र

इस पुस्तक में समाजशास्त्र के सिद्धान्तों का समूचा स्पेक्ट्रम दिया गया है। साथ ही, इसमें भारतीय विश्वविद्यालयों में पढ़ाए जा रहे समाजशास्त्र के स्नातक एवं स्नातकोत्तर पाठ्यक्रमों का पाठ्य विवरण भी शामिल है। इसमें पारम्परिक एवं आधुनिक, दोनों प्रकार के सिद्धान्त दिए गए हैं। पुस्तक की विषय-वस्तु उत्तम कोटि की एवम् भाषा रोचक है। समाजशास्त्र की अवधारणाओं की बुनियादी समझ रखने वाला तथा हिन्दी भाषा का मूल ज्ञान प्राप्त पाठक भी इस रचना में दिए सिद्धान्तों और तर्कों को समझ सकता है।

प्रोफेसर अरुण कुमार शर्मा,

मानविकी और सामाजिक विज्ञान विभाग,

भारतीय प्रौद्योगिकी संस्थान (आई. आई. टी), कानपुर

यह समाजशास्त्र के सिद्धान्तों पर लिखी एक ऐसी प्रासंगिक पुस्तक है, जिसमें पारम्परिक से लेकर आधुनिक काल तक के ऐसे सभी परिप्रेक्ष्य शामिल हैं, जिनकी जानकारी स्नातक से स्नातकोत्तर स्तर तक के सभी छात्रों को होनी आवश्यक है। शब्द भंडार समृद्ध है तथा शिर्षक विषय-वस्तु के अनुरूप हैं। यह रचना पाठ्यपुस्तक तथा संदर्भ-साहित्य, दोनों रूपों में इस्तेमाल की जा सकती है।

प्रोफेसर आई. एस. चौहान

पूर्व उच्चायुक्त, भारत सरकार,

पूर्व कुलपति, बरकतुल्ला विश्वविद्यालय, भोपाल

यह पुस्तक लेखकों के परिश्रम का परिणाम है। इसमें समाजशास्त्र

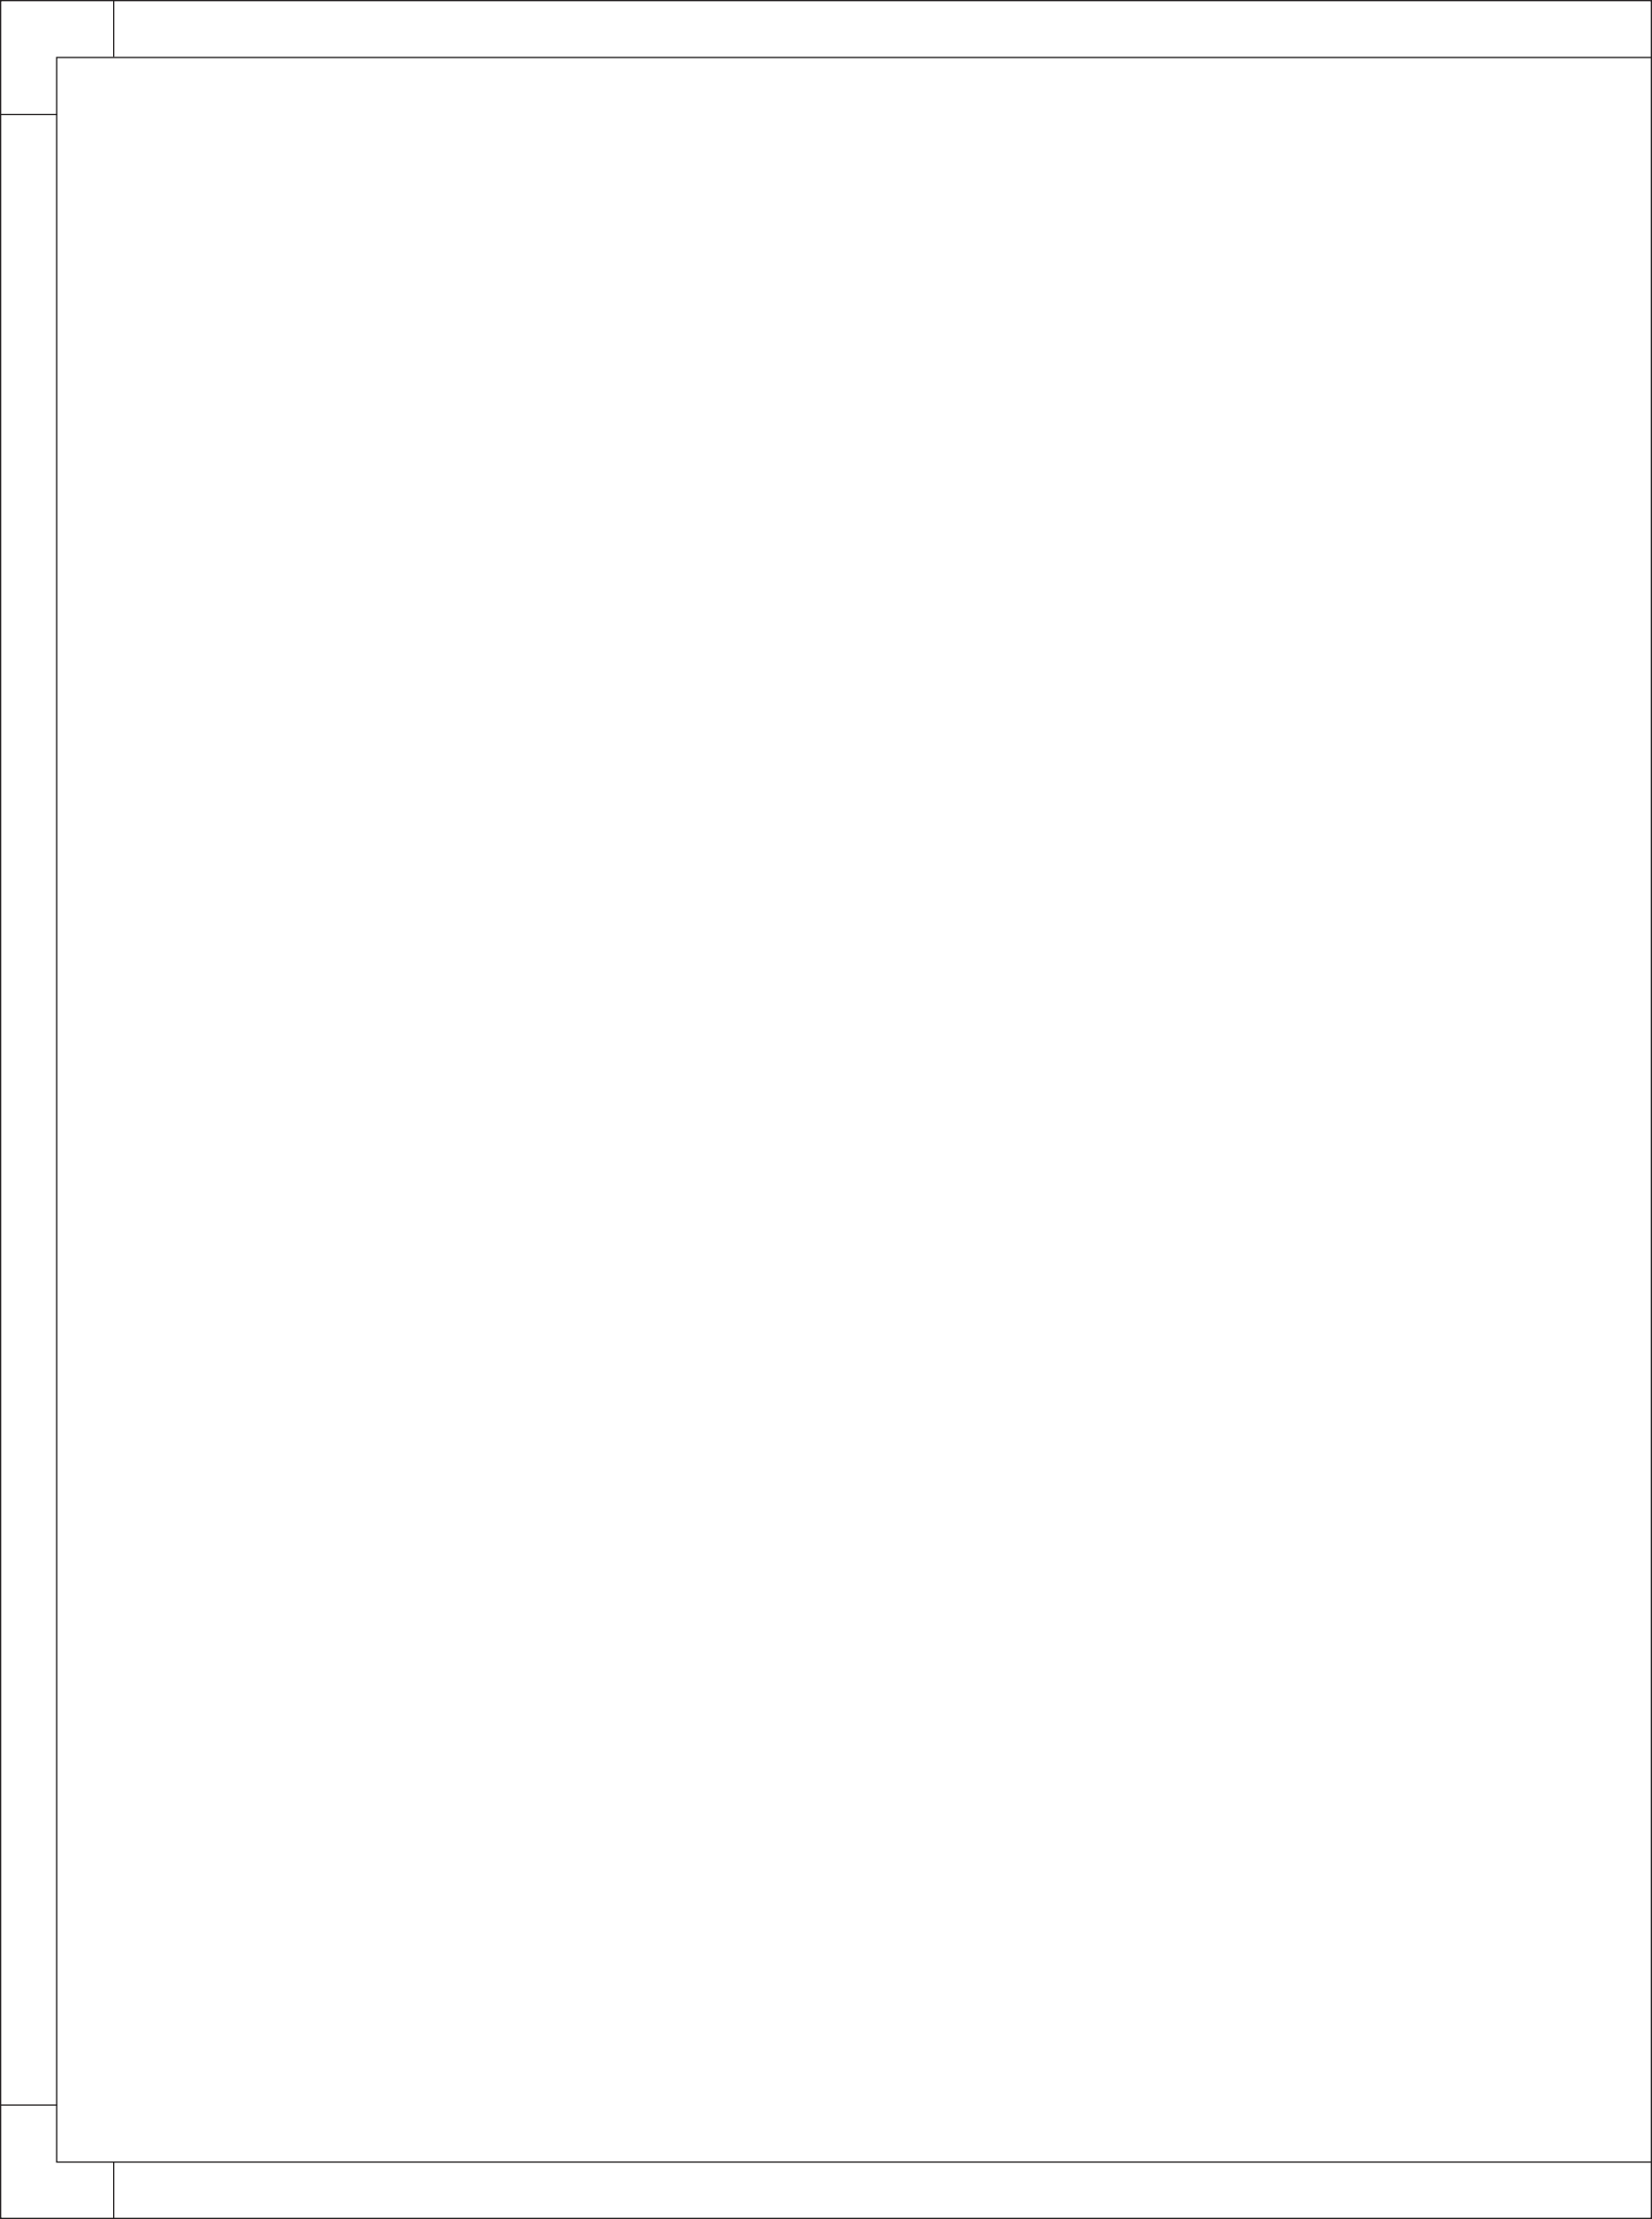

के सिद्धान्तों से जुड़े सभी विषय समाहित हैं। पुस्तक में विचारवस्तु परस्पर-संबद्ध है तथा इसमें उपयुक्त शब्दों का प्रयोग किया गया है। मेरे विचार में समाजशास्त्र के सभी विद्वानों और स्नातक स्तर के विद्यार्थियों को यह पुस्तक अवश्य पढ़नी चाहिए।

प्रोफेसर बी. के. नाग्ला, (सेवानिवृत्त),
एम. डी. विश्वविद्यालय, रोहतक

इस पुस्तक में समाजशास्त्र के सिद्धान्तों से जुड़े मुख्य पहलू समाहित हैं। इसमें विद्यार्थियों के लिए आवश्यक एवं उपयोगी जानकारी दी

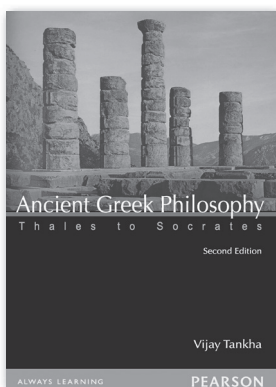

गई है। मुझे विश्वास है कि इस पुस्तक से विद्वानों के साथ-साथ विद्यार्थियों के शैक्षणिक प्रयोजन सिद्ध होंगे।

प्रोफेसर और अध्यक्ष एच. एस. झा,
सामाजिक विज्ञान और सामाजिक कार्य विभाग,
डॉ. शकुन्तला मिश्रा, राष्ट्रीय पुनर्वास/
पुरावास विश्वविद्यालय, लखनऊ

PHILOSOPHY

ANCIENT GREEK PHILOSOPHY: THALES TO SOCRATES, 2/e

Vijay Tankha

ISBN: 9789332530263
₹ 399.00 | Pages: 408

ABOUT THE BOOK

This book discusses the principal fragments of the early Greek thinkers like Anaximander, Heraclitus, Pythagoras, Parmenides and many others, who predate Plato and Aristotle. The author contends that pre-Platonic Greek philosophy is not to be looked at as a matter of mere historical interest. Although their work survives only in fragments, they have been the subject of study and reflection by the whole western philosophical tradition.

Therefore the second edition of *Ancient Greek Philosophy: Thales to Socrates* covers the gamut of western thought from the pre-Socratic to the Socratic in order to provide us with an in-depth introduction to the whole of classical Greek philosophy.

FEATURES

- It is designed to provide an introduction to ancient Greek philosophy.
- It combines a selective reading of the texts of the principal pre-Socrates thinkers along with a discursive and analytic commentary or discussion which is designed to explicate and bring their doctrines under philosophical scrutiny.

CONTENTS

Part I: The Ionians

- Chapter 1. The Milesians I
- Chapter 2. Heraclitus of Ephesus

Part II: The Italians

- Chapter 3. Pythagoreans
- Chapter 4. Philolaus of Croton
- Chapter 5. Parmenides of Elea
- Chapter 6. Zeno of Elea

Part III: The Pluralists

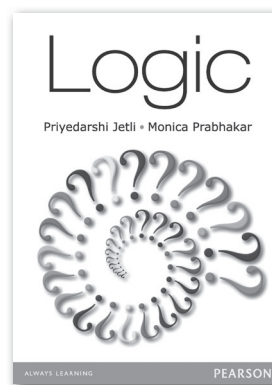

- Chapter 7. Empedocles of Acragas
- Chapter 8. Anaxagoras of Clazomenae
- Chapter 9. The Atomists

Part IV: The Sophists

- Chapter 10. Protagoras and Gorgias
- Chapter 11. Socrates

ABOUT THE AUTHOR

Vijay Tankha ret'd. professor of Philosophy, St. Stephen's College, University of Delhi.

LOGIC

Priyadarshi Jetli
Monica Prabhakar

ISBN: 9788131771860
₹ 375.00 | Pages: 280

ABOUT THE BOOK

Logic is a textbook for undergraduate students of philosophy. This book provides students with a comprehensive and lucid explanation of all the important topics within this subject—including history of logic, categorical propositions and syllogisms, formal methods and fallacies, among others. Every chapter is broken up into several subtopics, each of which is followed by a set of questions. This makes it easier for students to tackle this vast subject systematically, and provides them with extra practice too. Written using lucid language, this book is a must-buy for any student looking for a thorough and easy-to-understand introductory book on logic.

FEATURES

- Extensive and exhaustive treatment of every fundamental topic
- Questions at the end of each chapter for additional practice
- Reading list at the end of the book for further studies

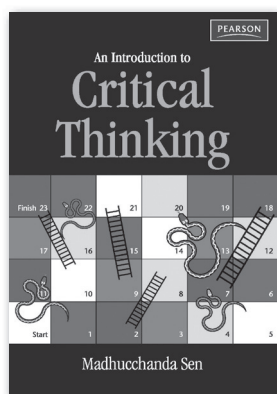

CONTENTS

1. Subject Matter of Logic
2. History of Logic
3. Categorical Propositions
4. Categorical Syllogisms
5. Logical Form of Categorical Propositions and Categorical Syllogisms
6. Types of Propositions
7. Formal Methods of Proving Validity and Invalidity of Standard Form Propositional Arguments – I
8. Formal Methods of Proving Validity and Invalidity of Standard Form Propositional Arguments – II
9. Arguments Composed of Propositions Involving Quantifiers
10. Informal Fallacies

ABOUT THE AUTHOR

Priyadarshi Jetli is Adjunct professor, Department of Philosophy, University of Mumbai.

Monica Prabhakar, Assistant Professor, Department of Philosophy, Daulat Ram College, University of Delhi

AN INTRODUCTION TO CRITICAL THINKING

Madhucchanda Sen

ISBN: 9788131734568

₹ 150.00 | Pages: 124

ABOUT THE BOOK

The ability to think clearly and critically is necessary for success in every walk of life and is especially important for professional success. No doubt then that critical thinking forms an important and vital topic in modern education. *An Introduction to Critical Thinking* will help students develop their critical thinking faculties and to overcome personal prejudices and biases, the influence of social brainwashing, fears associated with free-thinking and egocentrism—elements that hinder our understanding and evaluation of the world around us and prevent us from taking decisions independently and responsibly. This book introduces critical thinking, discusses the relation between critical thinking and logic, teaches how to evaluate information and arguments, examines inferences and fallacies, and provides strategies to develop skills for thinking, reading and writing critically. Designed specifically for undergraduate students, this book has the student-friendly features like key points and intermediate thinking through exercises after each section, and plenty of exercises at the end of all chapters.

FEATURES

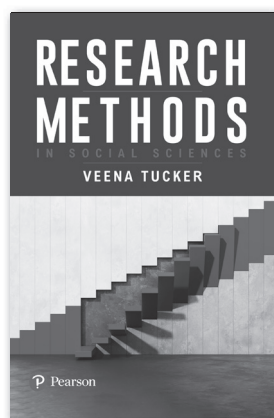

- It will help students develop their critical thinking faculties and to overcome personal prejudices and biases
- This book introduces critical thinking, discusses the relation between critical thinking and logic, teaches how to evaluate information and arguments, examines inferences and fallacies
- Provides strategies to develop skills for thinking, reading and writing critically.
- Designed specifically for undergraduate students
- This book has the student-friendly features like key points and intermediate thinking through exercises after each section and plenty of exercises at the end of all chapters.

CONTENTS

1. What Is Critical Thinking?
2. Critical Thinking and Logic
3. Evaluating Arguments: Inferences and Fallacies
4. Information and Its Evaluation
5. Thinking, Reading and Writing Critically

ABOUT THE AUTHOR

Madhucchanda Sen teaches philosophy at Rabindra Bharati University, Kolkata.

RESEARCH METHODS IN SOCIAL SCIENCES

Veena Tucker

ISBN: 9789353436377

₹ 425.00 | Pages: 480

ABOUT THE BOOK

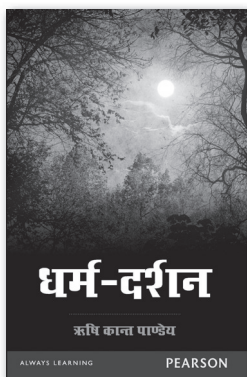

The book is a comprehensive text describing various aspects of research with classic examples and case studies. Research becomes meaningful with inclusion of empirical studies conducted in the Indian context. The book includes critical research inquiry topics in each chapter which are relevant for critical evaluation of many research-related concepts. Students and researchers can enhance their knowledge as each chapter has a reading list of good research articles and books. Discussion questions and exercises have also been formulated for the students to evaluate their learning and to practise research. The text also includes the statistical analysis which can help the students to understand the basic characteristics of descriptive and inferential statistics, and for detailed analysis they can refer to the books on statistics.

FEATURES

- This book talks about different methodologies used in conducting research in different social science disciplines and in the applied fields.
- Content deals with the selection of appropriate methods in the research methodology used for a social research inquiry. Social research is a systematic process consisting of different steps, including data collection.
- Details on ethical guidelines and research skills a researcher needs to conduct an empirical study and also enhance the quality of research. Book also describe various research issues and challenges experienced while using the different research methodologies.

CONTENTS

1. Introduction to Social Research
2. Approaches to Social Research
3. Ethics in Social Research
4. Research Skills, Communication and Dissemination
5. Survey Research
6. Experimental Research
7. Statistics in Social Research-I: Descriptive Statistics
8. Statistics in Social Research-II: Inferential Statistics
9. Ethnography Research
10. Case Study Research
11. Life-History and Narrative Research
12. Action Research

धर्म-दर्शन आर के पाण्डेय

ISBN: 9789332551305

₹ 409.00 | Pages: 472

पुस्तक के विषय में

धार्मिक समस्याएँ प्राचीन काल से ही दार्शनिकों के समक्ष चुनौतियों के रूप में उठती रही हैं, जैसे — ईश्वर, आत्मा, अमरता, मोक्ष, प्रार्थना, पूजा-पाठ, तर्कबुद्धि, आस्था, विश्वास, दैवी-प्रकाशना, रहस्यानुभूति आदि। यह पुस्तक इन समस्याओं का एक बौद्धिक समाधान प्रस्तुत करने का प्रयास करती है। इन सभी समस्याओं का विस्तार से चर्चा करते हुए यह पुस्तक प्रमुखतः आस्था एवं तर्क के अंतर्द्वन्द्व को पाटने का प्रयास करती है। दूसरे शब्दों में, यह धर्म से सम्बंधित समस्याओं का बौद्धिक अथवा तार्किक समाधान प्रस्तुत करने का प्रयास करती है।

विशेषता

- धर्म-दर्शन के सिद्धांत के बारे में बहुत ही सरल भाषा का समावेश
- प्रत्येक अध्याय के अंत में प्रश्नों का समावेश
- छात्रों और उनको पढ़ाने वाले शिक्षकों के लिए उपयोगी सिद्ध होगी

विषय सूची

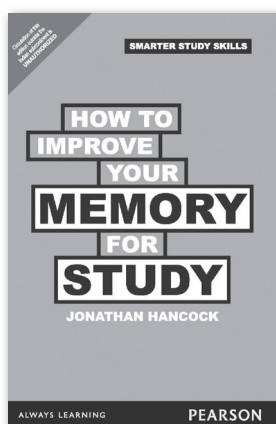

- 1 धर्म का स्वरूप एवं क्षेत्र
- 2 धर्म-दर्शन का स्वरूप एवं क्षेत्र
- 3 ईश्वर के अस्तित्व के लिए प्रमाण
- 4 ईश्वर का स्वरूप
- 5 ईश्वर एवं जगत का सम्बंध
- 6 ईश्वर विहीन धर्म
- 7 धार्मिक ज्ञान के आधार
- 8 रहस्यवाद
- 9 अशुभ की समस्या
- 10 आत्मा का अमरत्व
- 11 मोक्ष एवं उसके मार्ग
- 12 धार्मिक भाषा
- 13 धार्मिक सहिष्णुता
- 14 धार्मिक बहुलवाद
- 15 सर्वधर्मसमन्वय
- 16 धर्म परिवर्तन
- 17 पंथ निरपेक्षता
- 18 बहुसंस्कृतिवाद

लेखक के विषय में

आर के पाण्डेय, वर्तमान में अध्यक्ष एवं एसोसिएट प्रोफेसर के रूप में दर्शनशास्त्र विभाग, इलाहाबाद विश्वविद्यालय में कार्यरत हैं।

I STUDY SKILLS

HOW TO IMPROVE YOUR MEMORY FOR STUDY

Jonathan Hancock

ISBN: 9789332516946

₹ 375.00 | Pages: 216

ABOUT THE BOOK

This book will show you how to use memory to revolutionise the way you study. It combines the latest research about how the memory works with practical strategies for putting it to use in every aspect of study.

How To Improve Your Memory for study explores everything we know about the thinking and learning skills required to succeed. It's about developing a smart and efficient approach, using the brain at its best, and taking the stress and strain out of study in all its forms.

This text is designed to interest, reassure, inspire, train—and, ultimately, to make studying in all its forms more enjoyable and more successful.

FEATURES

- The book is supported by a range of online resources, including: diagnostic tests; interactive games and challenges and personal progress checks. These help you to personalise your approach and connect the material to the study demands of people every day, all around the world.
- Delivers regular 'wins': short, powerful insights into memory and practical techniques that you can put to immediate use

CONTENTS

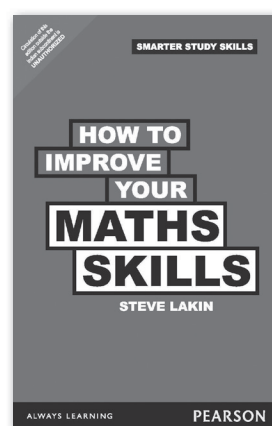

Your study brain

1. What is memory?
2. How memories are made
3. Switch on your memory
4. The right frame of mind
5. Warming up
6. Strategies for success
7. Making memories
8. Telling stories
9. Memory journeys
10. Re-learning to read
11. Listen and learn
12. Getting physical
13. Memory zones
14. Student survival
15. Memory for exams

ABOUT THE AUTHOR

Jonathan Hancock is a graduate of Oxford University, a double world record breaker and former World Memory Champion, and the author of nine books on memory and learning.

Foreword by **Professor Alan Baddeley**. With degrees from the Universities of London, Princeton and Cambridge, he is a world authority on human memory.

HOW TO IMPROVE YOUR MATHS SKILLS, 2/e

Steve Lakin

ISBN: 9789332516953

₹ 425.00 | Pages: 224

ABOUT THE BOOK

This easy-to-use guide identifies and addresses the areas where most students need help with basic mathematical problems that occur in everyday life and academic study and provides straightforward, practical tips and solutions that will enable you to assess and then improve your performance.

FEATURES

How to Improve your Maths Skills provides all of the tips, tools and techniques that you need to build your confidence and improve your results with mathematical problems and research, including:

- How to use basic arithmetic and perform simple calculations
- How to feel more confident using algebra effectively to abbreviate your calculations and equations
- How to present mathematical data clearly in your research, using graphs & charts
- How to conquer any fears of maths and understand its importance and relevance to your study and everyday life.

CONTENTS

Arithmetic

1. Basic Arithmetic and the "BODMAS" rule. Getting used to basic arithmetic and simple calculations, and making sure you perform them correctly
2. Negative numbers. Understanding negative numbers and dealing with them accurately.
3. Fractions. Understanding what fractions mean and being able to manipulate them correctly.
4. Percentages, ratios and proportions. Using percentages and ratios to describe and compare values.

- Decimals, decimal places and significant figures. Using decimal numbers and rounding numbers to a certain number of decimal places.
- Scientific notation. Representing very small and very large numbers using scientific notation
- Indices. Writing repeated multiplications easily, roots and the laws of powers.

Algebra

- An introduction to algebra. Using symbols to represent numbers and an introduction to algebra
- Brackets in algebra. Using brackets in algebraic expressions
- Solving linear equations. Solving simple equations using algebra.
- Transposition and algebraic fractions. Rearranging expressions using basic rules of algebra.
- Simultaneous equations. Solving two equations at the same time.

Data

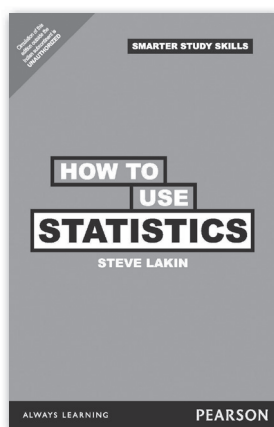

- Presentation of data. Using various types of graphs and charts to illustrate data visually.
- Measures of location and dispersion. Working out "averages" and a measure of the spread of a set of data.
- Straight Lines. Linear data and calculating the equation of a straight line.
- Introduction to probability. Working out probabilities - the chances of something happening

Other topics

- Areas and volumes. Calculating the areas and volumes of basic shapes
- Logarithms. Calculating logarithms - the opposite of powers
- Quadratic equations. Solving equations involving powers of x .
- Trigonometry. Calculations with triangles, including angles and trigonometric functions.
- Inequalities and basic logic. Using mathematical symbols to represent inequalities and basic logical concepts

ABOUT THE AUTHOR

Steve Lakin is an award-winning lecturer in Mathematics at the University of Glamorgan, where he specialises in teaching basic mathematics and statistics to a wide range of students across all courses and subjects.

HOW TO USE STATISTICS

Steve Lakin

ISBN: 9789332517196

₹ 550.00 | Pages: 304

ABOUT THE BOOK

Statistics is arguably the main means through which maths appears in non-maths courses. So many students across a broad range of disciplines encounter statistics, in most cases unexpectedly so, and will need to brush up their skills in order to research, analyse and present their data effectively. Topics such as methods of presentation, distributions, confidence limits and so on appear very often—and almost every course involves analysis of data at some point.

De-mystifying the basics for even the most maths-terrified students, this book will inspire confident and accurate use of statistics for non-maths courses.

FEATURES

- Tips, examples, checklists, 'Try This' boxes, 2 colour design.
- A common sense, no-nonsense approach that gives students immediate access to the information they need. Relevant content with a focus on key issues and instant solutions.
- Each topic is matched to an issue, event or assignment that the student will want to read up on at a time of need.
- Each topic will only be a few pages long with practical lists and tips.
- Updated and revised content throughout.
- Annotated table of contents to help readers find exactly what they need.

CONTENTS

Introductory statistics

- Introduction to statistics and data
- Presentation of data
- Averages
- Cumulative frequencies and percentiles
- Measures of dispersion
- Working with frequency distributions

Essential mathematics

- Factorials, permutations and combinations
- Sigma notation

Correlation and regression

- Correlation

10. Linear regression

Probability

11. An introduction to probability

12. Multiple probabilities

13. Probability trees

14. Expected values and decision criteria

15. Conditional probability

Probability distributions

16. Introduction to probability distributions

17. The Poisson distribution

18. The normal distribution

19. The binormal distribution

Hypothesis testing

20. Introduction to hypothesis testing.

21. z-tests

22. t-tests

23. χ^2 -tests

24. F-tests. The use of F-tests for comparison of variances

Statistical Tables

Table A - The normal distribution $N(0, 1)$

Table B - Confidence limits for the z-test

Table C1 - The one-tailed t-test

Table C2 - The two-tailed t-test

Table D - Critical values for the χ^2 distribution

Table E1 - Critical values for the F-test (5%)

Table E2 - Critical values for the F-test (1%)

Summary, glossary and appendices

Summary and further work

Glossary

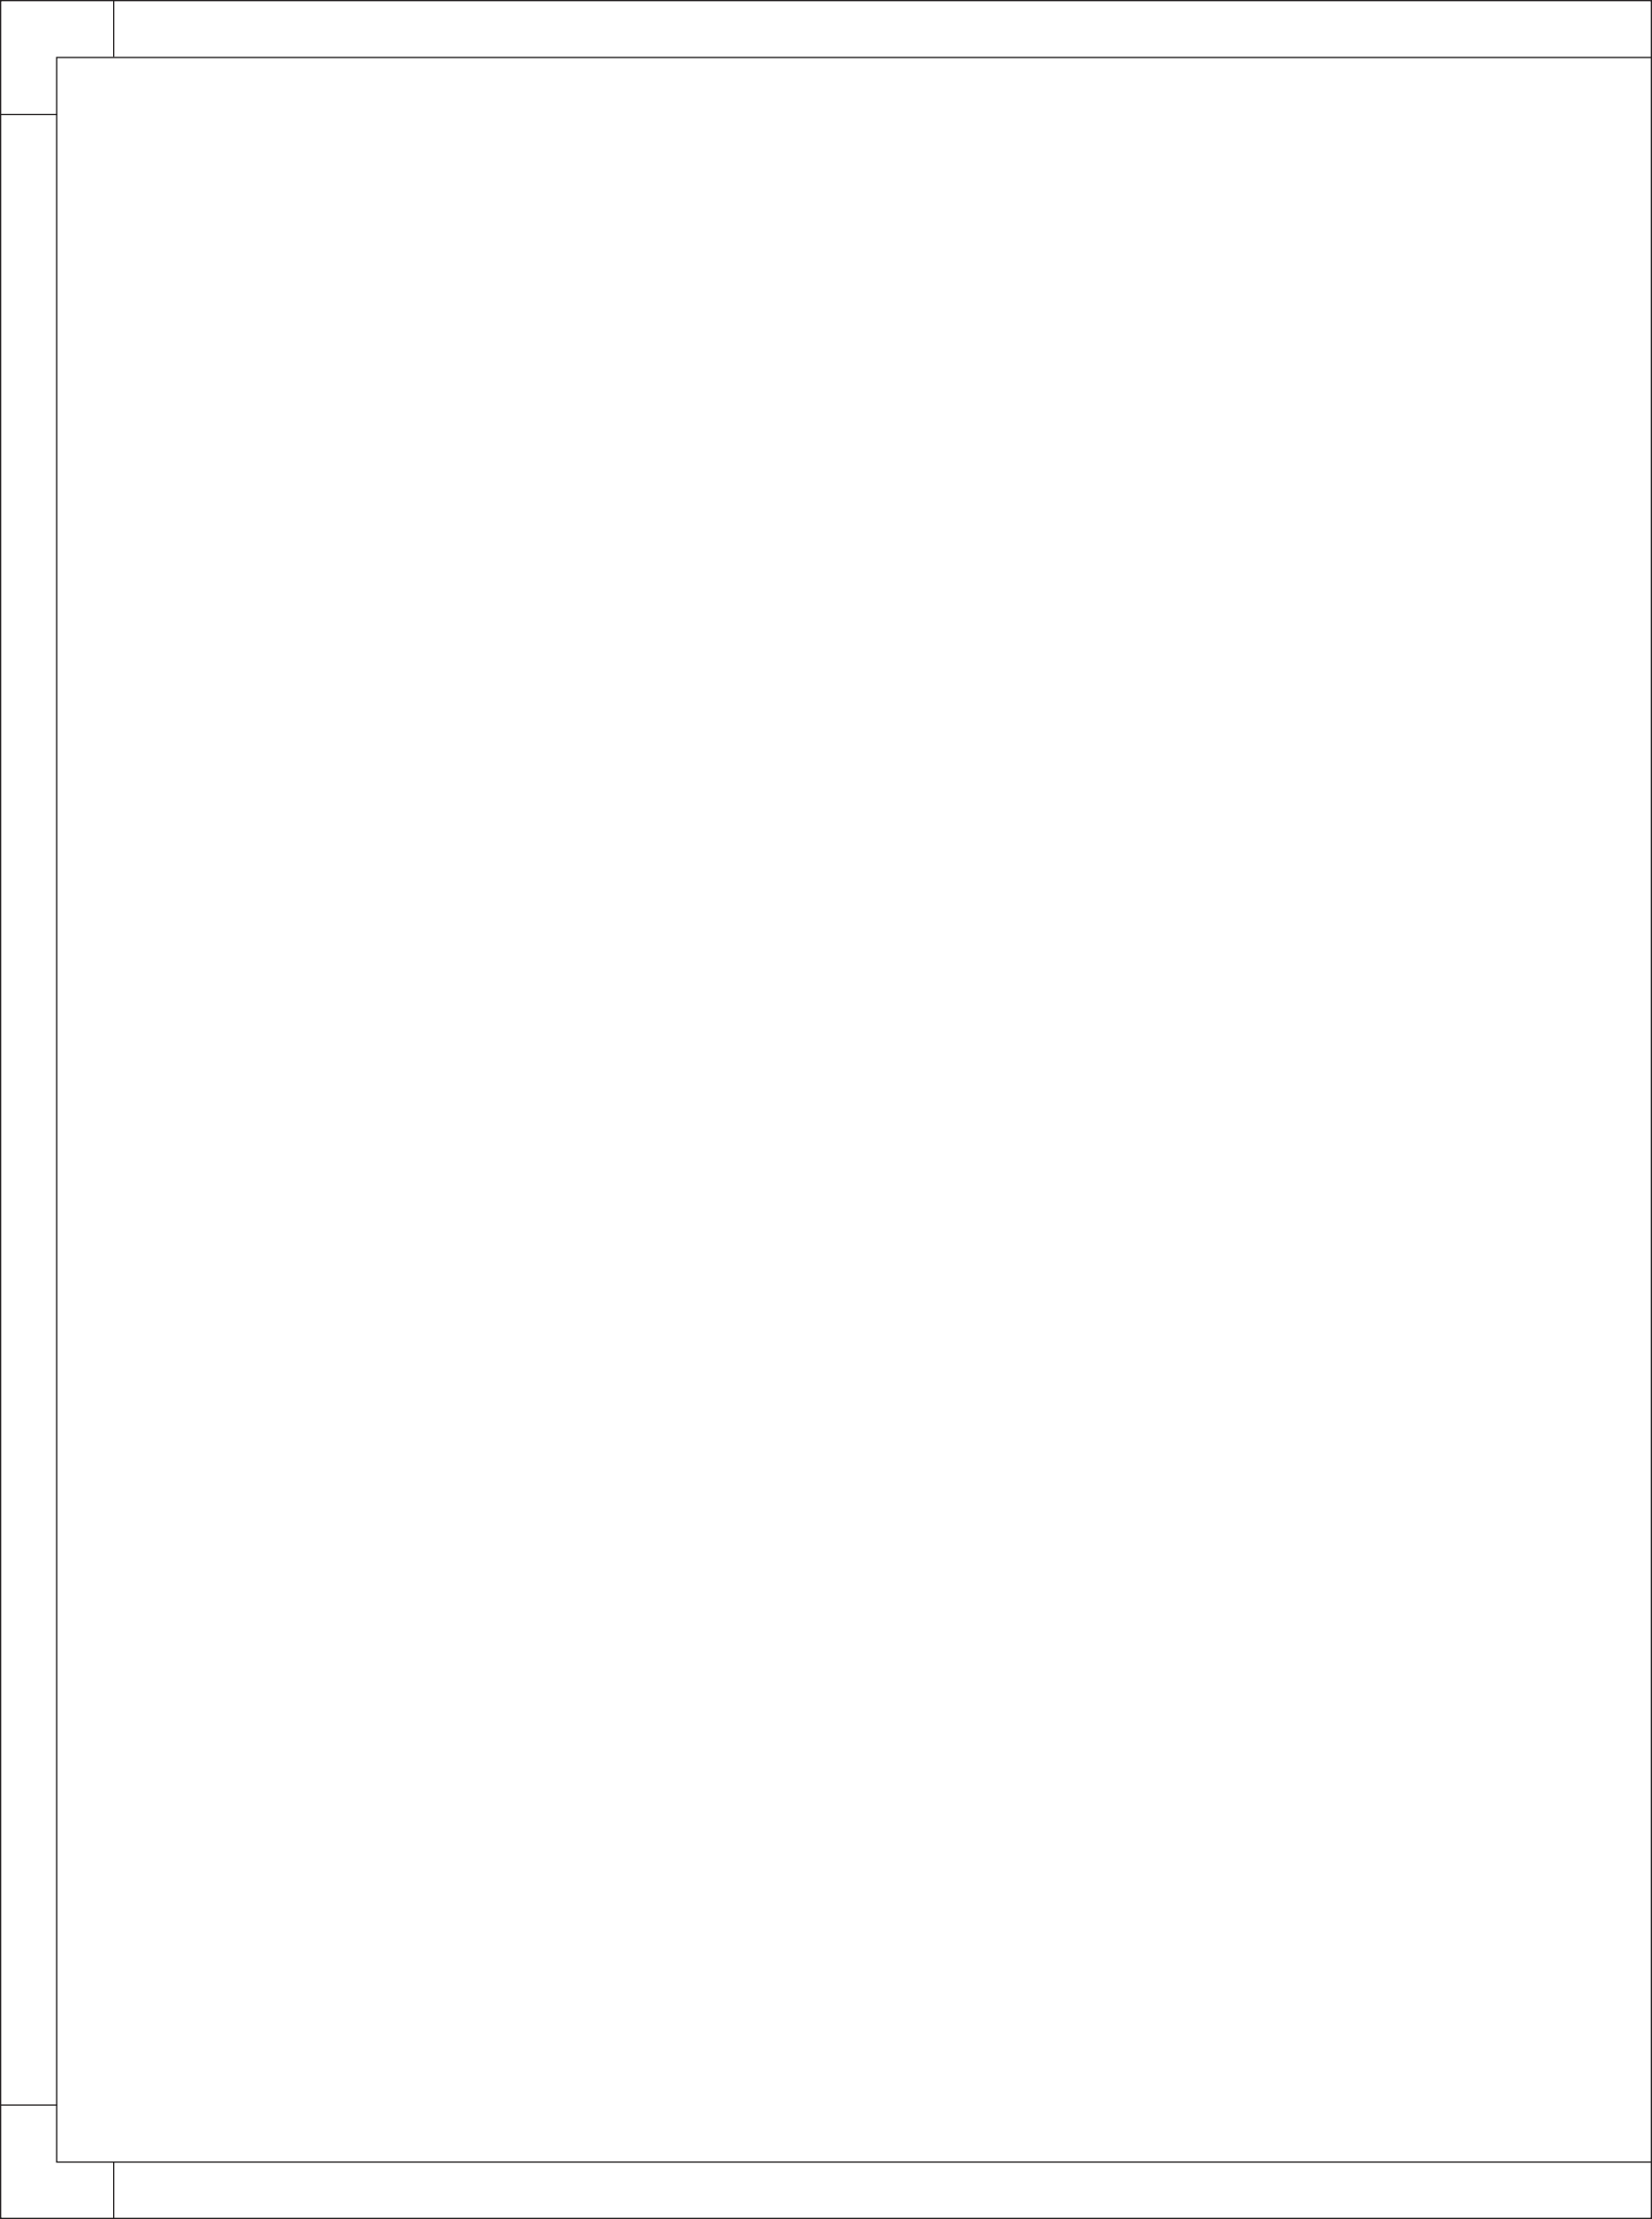

Appendix 1 - 'Use of a calculator' test

Appendix 2 - The Greek alphabet

Appendix 3 - Some useful Excel commands

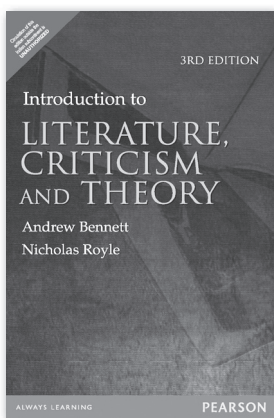

ABOUT THE AUTHOR

Steve Lakin is an award-winning lecturer in Mathematics at the University of Glamorgan, where he specialises in teaching basic mathematics and statistics to a wide range of students across all courses and subjects.

LITERATURE

AN INTRODUCTION TO LITERATURE, CRITICISM AND THEORY, 3/e

Andrew Bennett
Nicholas Royle

ISBN: 9788131718773

₹ 725.00 | Pages: 356

ABOUT THE BOOK

Critically, literary theory is a core subject in the study of literature. but theory especially when it takes the form of 'isms' can often be intimidating or boring for students. Bennett & Royle have avoided simply giving potted summaries of 'isms' and instead present brief essays on a range of key critical concepts, all of which have more or less familiar names. These concepts are put into practice through readings of particular literary texts.

FEATURES

- A new chapter on Film. This chapter explores the ways in which literature helps us to think about film, and, correspondingly, how studying film helps us to think about literature.
- A new chapter on Creative Writing .
- A new chapter on the Mutant: exploring general issues of mutation and mutability, including environmental issues, genetic engineering and cloning.
- A new chapter on War: exploring the questions 'what is war?', 'what is war literature?' and 'in what ways is literary or cultural theory itself at war?'
- All existing chapters updated and revised in light of recent developments in the field.
- Updated and expanded further reading sections.

CONTENTS

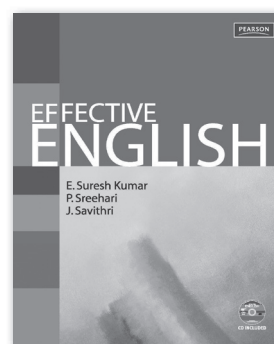

1. The beginning
2. Readers and reading
3. The author
4. The text and the world
5. The uncanny
6. Monuments
7. Narrative
8. Character
9. Voice
10. Figures and tropes
11. Creative writing
12. Laughter
13. The tragic
14. History
15. Me
16. Ghosts
17. Moving pictures
18. Sexual difference

19. God
20. Ideology
21. Desire
22. Queer
23. Suspense
24. Racial difference
25. The colony
26. Mutant
27. The performative
28. Secrets
29. The postmodern
30. Pleasure
31. War
32. The end

ABOUT THE AUTHORS

Andrew Bennett is currently Professor of English at the University of Bristol.

Nicholas Royle is currently Professor of English at the University of Sussex.

EFFECTIVE ENGLISH

E. Suresh Kumar
P. Sreehari
J. Savithri

ISBN: 9788131731000

₹ 425.00 | Pages: 176

ABOUT THE BOOK

Effective English integrates a strong foundation in basic language and communication skills with valuable life skills. It teaches the basic skills of reading, writing and speaking in English through discussions and examples set in the social contexts of everyday and professional life. In addition, each unit takes the student through the essentials of grammar, vocabulary, pronunciation and spelling. The units are graded from simple to complex, enabling students to gradually develop their language skills. The large number of exercises in the book will enable students to relate and apply what they have learnt to their own lives, encouraging them to think, speak and write in English with independence and insight. An interactive CD-ROM enriches the learning experience through extensive guidance on speaking, listening to, and pronouncing English.

FEATURES

- Emphasis on both structural and functional grammar
- Listening and speaking exercises that are linked to real-life issues
- Writing exercises that teach functional and critical thinking and applications to business and educational situations
- Exhaustive pronunciation drills

CONTENTS

Unit 1

1. Reading: A Hero by R. K. Narayan
2. Structural Grammar: Adverbs
3. Listening: Tips for Personality Development
4. Speaking: Speaking About Personality Traits; Facing an Interview
5. Writing: Process of Writing; Writing on Role Models
6. Vocabulary: Words on Personality
7. Pronunciation: Word Stress, Stress and Grammatical Category
8. Functional Grammar: Question Tags
9. Spelling

Unit 2

10. Reading: Marine Ecosystems
11. Structural Grammar: Clauses
12. Listening: Speeches on Capital Punishment; Euthanasia
13. Speaking: Distinguishing Between Fact and Opinion
14. Writing: Writing a Critical Essay
15. Vocabulary Words That Describe Critical Thinking
16. Punctuation: Intonation
17. Functional Grammar: Connectives or Transition Devices
18. Spelling

Unit 3

19. Reading: The Verger by W. Somerset Maugham
20. Structural Grammar: Adjectives
21. Listening: Tips for Goal-Setting Talking About Goals
22. Speaking: What I Wish To Do Giving a Speech
23. Writing: Writing a Feature Story
24. Vocabulary: Synonyms Collocations
25. Pronunciation: Word Stress Syllables
26. Functional Grammar: Conditional Clauses; Wish Clauses
27. Spelling

Unit 4

28. Reading: Dabbawallahs: Mumbai's Best Managed Business
29. Structural Grammar: Prepositions
30. Listening: A Conversation on Teamwork
31. Speaking: Working as a Team
32. Writing: Writing About Experiences
33. Vocabulary: Words That Describe Careers
34. Pronunciation: Minimal Pairs
35. Functional Grammar: Subject and Verb Agreement
36. Spelling

Unit 5

37. Reading: A Sea of Troubles by P. G. Wodehouse
38. Structural Grammar: Articles and Punctuation
39. Listening: A Talk on Reducing Stress; Presentation Anxieties
40. Speaking: Stressful Events
41. Writing: Formal Letters
42. Vocabulary: Collocations of 'Stress' and 'Stressful'
43. Pronunciation: Word Stress; Sentence Stress
44. Functional Grammar: Active and Passive Voice; Direct and Indirect Speech; Expressing Suggestions
45. Spelling

Unit 6

46. Reading: A New Beginning: Speech by Barack Obama
47. Structural Grammar: Sentence Transformation
48. Listening: Interpersonal Communication

49. Speaking: Asking for Information Politely
50. Writing: Resume Writing; Writing the Job Application Letter or Cover Letter
51. Pronunciation: Phonemic Symbols and Sounds
52. Vocabulary: Ways of Speaking
53. Functional Grammar: Modal Verbs
54. Spelling

Unit 7

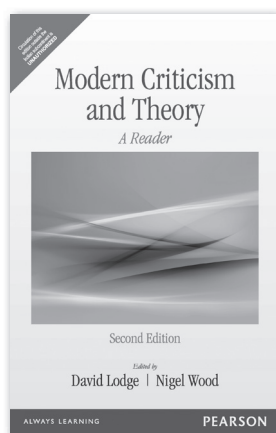

55. Reading: Perilous Plastic Bags
56. Structural Grammar: Prefixes and Suffixes
57. Listening: A Conversation on Time Management
58. Speaking: Dealing with Time Robbers
59. Writing: Report Writing
60. Pronunciation: Contractions
61. Vocabulary: A Crossword Puzzle
62. Functional Grammar: Articles; Prepositions
63. Spelling

ABOUT THE AUTHOR

E. Suresh Kumar is Head, Department of English, University College of Engineering, Osmania University.

P. Sreehari is Academic Consultant in the Department of English, University College of Engineering, Osmania University.

J. Savithri teaches English at the Department of English, Osmania University.

MODERN CRITICISM AND THEORY:

A READER, 2/e

David Lodge

Nigel Wood

ISBN: 9788131707210

₹ 799.00 | Pages: 552

ABOUT THE BOOK

This new edition of David Lodge's, *Modern Criticism and Theory*, is fully revised and expanded to take account of the developments of theoretical and general interest in contemporary literary criticism since publication of the first edition in 1988. Building on the strengths of the first edition, the volume is designed to introduce the reader to the guiding concepts of present literary and cultural debate by presenting substantial extracts from the period's most seminal thinkers.

FEATURES

- New essays covering emerging concerns in post-colonialism, gender studies, post-modern theories of communication, lesbian/gay criticism.

- Contains a selection of the most important and representative work from the major schools in contemporary criticism.
- Material has also been chosen for its international literary concerns.
- Introductions give a context for each essay.
- Footnotes help explain the most difficult references.
- The selection is ordered both historically and thematically, so that readers can identify for themselves links between essays.

CONTENTS

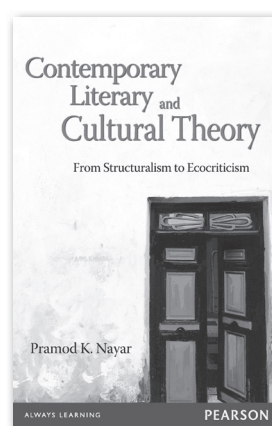

1. A Contents arranged historically
2. Ferdinand de Saussure The object of study
3. Walter Benjamin The storyteller
4. Roman Jakobson Linguistics & poetics The metaphoric & metonymic poles
5. Jacques Lacan The insistence of the letter in the unconscious

38. Psychoanalysis

39. Politics, ideology, cultural history
40. Feminism
41. Hermeneutics, reception theory, reader-response
42. Cognitive literary scholarship

ABOUT THE AUTHOR

David Lodge is Honorary Professor of Modern English Literature at the University of Birmingham, where he taught from 1960 until 1987, when he became a full-time writer.

Nigel Wood is Professor of Eighteenth-Century Literature at De Montfort University.

CONTEMPORARY LITERARY AND CULTURAL THEORY: FROM STRUCTURALISM TO ECOCRITICISM

Pramod K Nayar

ISBN: 9788131727355

₹ 345.00 | Pages: 292

ABOUT THE BOOK

Contemporary Literary and Cultural Theory: From Structuralism to Ecocriticism, a comprehensive survey of the major theoretical schools that have shaped our ideas about literary and cultural phenomena since the mid-twentieth century. Each chapter in this book traces the origin and development of a specific critical approach up to recent times, with a special focus on key thinkers. Chapters on critical race studies and ecocriticism distinguish this book from many others on this subject. Written in a student-friendly manner, it does not presume prior knowledge of Western philosophical thought and makes theory approachable for students from various backgrounds. Apart from students of English literature, the book will serve the interdisciplinary interests of students of mass communication, history, sociology and gender studies. It will also appeal to the general reader who wants a clearer picture of that 'opaque' academic field called theory.

FEATURES

- Important concepts highlighted in boxes
- Occasional point-wise organization to facilitate readability and easy comprehension
- Examples from Indian culture that students can connect with
- A short list for further reading at the end of every chapter
- Recent developments in critical theory, namely, Ecocriticism and Critical Race Studies, included

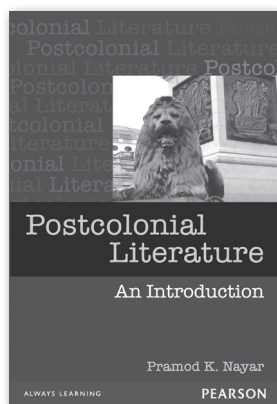

CONTENTS

1. Structuralism
2. Poststructuralism and Deconstruction
3. Psychoanalytic Criticism

4. Feminisms
5. Marxisms
6. Postcolonial Theory
7. Queer Theory
8. New Historicism and Cultural Materialism
9. Critical Race Studies
10. Ecocriticism

ABOUT THE AUTHOR

Pramod K. Nayar teaches at the Department of English, University of Hyderabad.

POSTCOLONIAL LITERATURE: AN INTRODUCTION

Pramod K Nayar

ISBN: 9788131713730

₹ 375.00 | Pages: 320

ABOUT THE BOOK

Postcolonial writing originating from Africa, Asia, and South America in the mid-twentieth century has constantly examined, negotiated with, and reacted to the overarching experience of colonial subjugation. This book, in its seven thematically organized chapters based on theory and critically analyses their various dimensions. The book would also appeal to the general reader aiming to gain a thorough understanding of the fundamental themes and discourses of postcolonial literature.

FEATURES

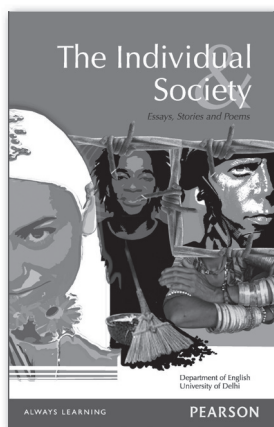

- Relevant examples from contemporary postcolonial writing
- Lucidly elucidates complex concepts and formulations of postcolonial literature

CONTENTS

1. Colonialism, Postcoloniality, Postcolonialism
2. History
3. Nation
4. Gender
5. Queer
6. Hybridity, Diaspora, Cosmopolitanism
7. Form

ABOUT THE AUTHOR

Pramod K. Nayar teaches at the Department of English, University of Hyderabad.

THE INDIVIDUAL AND SOCIETY

Department of English, University of Delhi

ISBN: 9788131704172

₹ 195.00 | Pages: 264

ABOUT THE BOOK

This is a prescribed textbook in Delhi University for the BA English (Discipline) course 'The Individual and Society', the concurrent inter-disciplinary course of the BA Honours Programme, and most likely for the B.Com Honours Programme. The anthology consists of essays, short stories and poems around the themes of caste, class, gender, race and war and globalization, and how these affect the individual. The selections are relevant, up-to-date for first year students in English as well as in other social sciences and humanities.

FEATURES

- Relevant, up-to-date selections of interest to today's students, living in a globalised world.
- Practically all the authors are from 20th century; half from the Indian subcontinent.
- Student-friendly selections: drawn from widely different background enabling students to compare their experience with that of people elsewhere.
- Texts chosen for readability and subject, impact and interest, which allow them to speak for themselves.
- Intended to encourage students to develop their own insights and interpretations.
- Editorial material, headnotes, annotations and questions, to help situate the texts and serve as pointers for further study.

CONTENTS

LANGUAGE, ELT AND COMMUNICATION SKILLS

LONGMAN STUDENT GRAMMAR OF SPOKEN AND WRITTEN ENGLISH

Douglas Biber
Susan Conrad
Geoffrey Leech

ISBN: 9788131733394

₹ 799.00 | Pages: 496

ABOUT THE BOOK

Based on the insights and discoveries of the ground-breaking Longman Grammar of Spoken and Written English, this new book brings fresh perspectives to the study of English grammar. The Longman Student Grammar of Spoken and Written English is a pedagogical course book for advanced students at university or on teacher-training courses, and an invaluable reference grammar. It combines a comprehensive examination of grammatical structure with information about the 'how', 'when' and 'why' of English as it is really used.

FEATURES

- Examines patterns of use in the news, fiction and academic English
- Takes grammar and vocabulary together and looks at how they interact
- Is based on the analysis of 40-million words of British and American, written and spoken corpus text
- Uses over 3000 examples of real, corpus English to illustrate the points
- Uses frequency tables and graphs to make the new findings of this grammar clear

CONTENTS

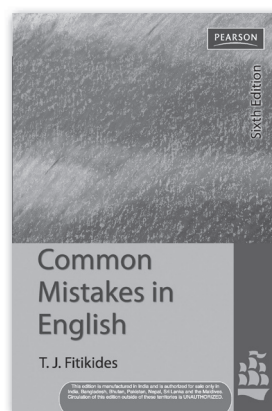

1. Introduction: a discourse perspective on grammar
2. Words and word classes
3. Introduction to phrases and clauses
4. Nouns, pronouns, and the simple noun phrase
5. Verbs
6. Variation in the verb phrase: tense, aspect, voice, and model use
7. Adjectives and adverbs
8. Exploring the grammar of the clause
9. Complex noun phrases
10. Verb and adjective complement clauses
11. Adverbials
12. Word order choices
13. The grammar of conversation

ABOUT THE AUTHOR

Douglas Biber is Regents' Professor of Applied Linguistics at Northern Arizona University.

Susan Conrad is Professor of Applied Linguistics at Portland State University.

Geoffrey Leech is Professor Emeritus of English Linguistics at Lancaster University.

COMMON MISTAKES IN ENGLISH, 6/e

T. J. Fitikides

ISBN: 9788131755372

₹ 250.00 | Pages: 208

ABOUT THE BOOK

Common Mistakes in English cites more than 550 examples of typical errors (for example, words that are often confused, misused, or used with wrong preposition) and offers a correct version and an explanation that will help students avoid making that mistake themselves. An invaluable book for students who are keen to 'get it right' every time!

CONTENTS

Part I: Misused forms

1. Using the wrong preposition
2. Misuse of the wrong tense
3. Miscellaneous examples
4. Un-English expressions

Part II: Incorrect Omissions

5. Omission of prepositions
6. Miscellaneous examples

Part III: Unnecessary Words

7. Unnecessary Prepositions
8. Unnecessary articles
9. Use of infinitive
10. Miscellaneous examples

Part IV: Misplaced words

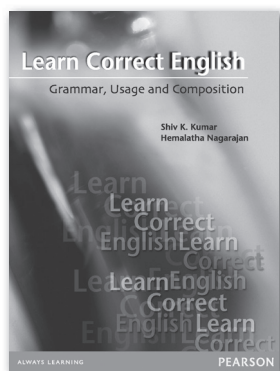

11. Wrong Position of adverbs
12. Miscellaneous examples

Part V: Confused Words

13. Prepositions often confused
14. Verbs often confused
15. Adverbs often confused
16. Adjectives often confused
17. Nouns often confused
18. Confusion of number
19. Confusion of parts of speech

ABOUT THE AUTHOR

T. J. Fitikides is a senior English master in The Pancyprian Gymnasium, Nicosia.

LEARN CORRECT ENGLISH : GRAMMAR, COMPOSITION AND USAGE

V. Hemalatha Nagarajan
Shiv K. Kumar

ISBN: 9788131708989

₹ 325.00 | Pages: 216

ABOUT THE BOOK

Reflecting up-to-date college ELT pedagogy, namely, the communicative approach, the book offers a comprehensive and in-depth treatment of grammar and usage. The real life examples and interesting exercises also make this especially enjoyable and student-friendly. This textbook should be compulsory reading for students of General and Communicative English courses anywhere.

FEATURES

- Communicative approach instead of structural, wherein rules are seen as 'means' of learning the language and not the end
- Separate sections on grammar, letter writing (including e-mail) and study skills (word power)
- Substantial coverage of grammar topics
- Authentic materials (newspapers, adverts and jokes) to introduce grammatical points
- Class-tested materials
- 4 or 5 tasks per topic
- Interesting presentation— b/w illustrations and drawings

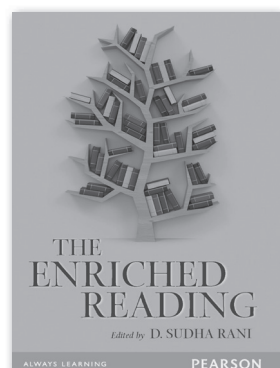

CONTENTS

1. Grammar (15 Units functions and grammatical structures)—the use of nouns, articles, personal and possessive pronouns, adjectives, relative clauses, simple present tense, present perfect, present perfect continuous, past and past perfect tenses, modal auxiliary verbs, active passive, phrasal and prepositional verbs, adverbs, prepositions, gerunds, participles, open condition, impossible and improbable conditions, reported speech[statements, commands, requests], use of inversion for focusing
2. Letter writing (5 units) Informal letters, Formal letters of complaint, of application, business and miscellaneous), e-mail correspondence
3. Study skills (4 units) Word power, Precis writing, Paragraph writing, Net directory

ABOUT THE AUTHOR

Hemalatha Nagarajan is a Professor in the department of Linguistics and Contemporary English at the English and Foreign Languages University (formerly known as Central Institute of English and Foreign Languages), Hyderabad.

Prof Shiv K. Kumar, poet and retired Professor of English, Hyderabad University, and ex-VC of the same, is a well-known author and teacher of English language and literature.

THE ENRICHED READING

D Sudha Rani

ISBN: 9789332556881

₹ 175.00 | Pages: 104

ABOUT THE BOOK

The Enriched Reading is an ensemble of interesting and inspiring speeches and short stories of eminent personalities of the world. The main focus of the editors while collating the matter was to introduce undergraduate students to two important genres of literature – speech and short story – and develop their reading skills and vocabulary. The collection of speeches will inspire, teach, warn and enthuse the young minds towards personal and national development. The stories included in this book are selected to cover the major areas of human experience ranging from familial dictums to the importance of honesty in one's workplace.

FEATURES

- The exercises at the end of the each chapter help to make you analyse and re-present the ideas of the speech/short story.
- Focus is on developing the vocabulary and reading skills.

CONTENTS

Speeches

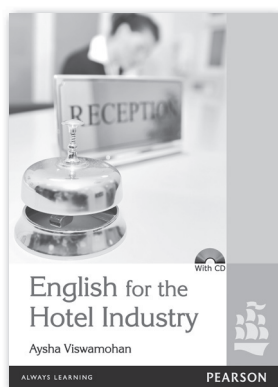

1. Grammar of Anarchy
2. I Have a Dream: An Independent, Developed and Strong India
3. Nobel Lecture
4. Life is not Milk and Roses
5. Stay Hungry, Stay Foolish

Short Stories

6. Death of a Hero
7. The Doctor's Word
8. The Ultimate Weapon
9. The Open Window
10. Once There was a King

ABOUT THE AUTHOR

D. Sudha Rani teaches English at the Malla Reddy Institute of Technology in Hyderabad. She has 18 years of experience in English Language Teaching.

ENGLISH FOR THE HOTEL INDUSTRY

Aysha Viswamohan

ISBN: 9788131773567

₹ 399.00 | Pages: 216

ABOUT THE BOOK

English for the Hotel Industry is meant for those professionals who work in the hospitality industry, interact with corporate and international clients, aim to go and work in English-speaking countries, or just want to improve their English language abilities. Essentially, it simulates situations where you might need English to talk to your clients, guests, tourists, and customers.

FEATURES

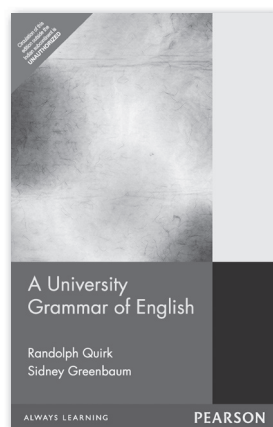

- English for the Hotel Industry makes effective use of hospitality terminology and you will be encouraged to use your professional expertise.
- Our intention is to encourage you to use the English language in professional and social situations skillfully.
- If you are already working or aspire to work in the hotel industry, where English is the language of communication, English for the Hotel Industry will help you in all your professional needs.

CONTENTS

2. Welcoming a Guest at the Front Desk
3. Checking-in
4. In the Elevator
5. Responding to Enquiries after Checking in
6. Room Service
7. Facilities and Services at the Hotel
8. Places Around the Hotel
9. Getting a Duplicate Key
10. Getting a Problem Fixed
11. At the Restaurant
12. Places to Visit in the City
13. Booking a Taxi
14. Taking a Message
15. Checking out

ABOUT THE AUTHOR

Aysha Vishwamohan is Associate Professor of English, Department of Humanities and Social Sciences, Indian Institute of Technology Madras, Chennai.

A UNIVERSITY GRAMMAR OF ENGLISH

Randolph Quirk

Late Sidney Greenbaum

ISBN: 9788177587500

₹ 625.00 | Pages: 496

ABOUT THE BOOK

A University Grammar of English is a shorter version of A Grammar of Contemporary English on which the authors worked in collaboration with Geoffrey Leech and Jan Svartvik. The structure of the parent book has been preserved so that reference can easily be made to it, though in many respects the authors have incorporated revisions, improvements, and expansions. The present treatment has been adapted to the needs of students who require maximum comprehensive-ness with maximum economy of presentation. The authors carefully indicate constructions which distinguish spoken from written, formal from informal, or British from American usage.

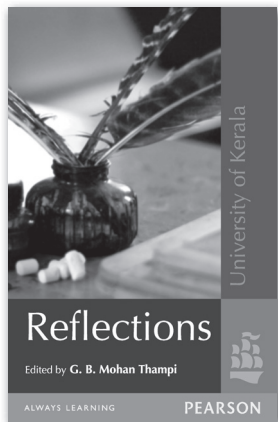

CONTENTS

1. Varieties of English
2. Elements of Grammar
3. Verbs and the Verb Phrase
4. Nouns, Pronouns, and the Basic Noun Phrase
5. Adjectives and Adverbs
6. Prepositions and Prepositional Phrases
7. The Simple Sentence
8. Adjuncts, Disjuncts, Conjuncts
9. Coordination and Apposition
10. Sentence Connection
11. The Complex Sentence
12. The Verb and its Complementation
13. The Complex Noun Phrase
14. Focus, Theme, and Emphasis

ABOUT THE AUTHOR

Randolph Quirk was the Quain Professor of English Language and Literature at University College of London from 1968-1981. He currently sits as a crossbencher in the House of Lords.

Late Sidney Greenbaum, The Late Sidney Greenbaum was Director of the Survey of English Usage and formerly Quain Profes

LIVING ENGLISH STRUCTURE, 5/e

William Stannard Allen

ISBN: 9788131728499

₹ 390.00 | Pages: 352

ABOUT THE BOOK

"The essay as a literary genre in English came into being during the last years of the sixteenth century, when Francis Bacon published, in 1597, his collection of brief articles on various subjects, which he called 'essays' (meaning 'to try' or 'attempt'). Since then, the English essay has expanded its scope to straddle the grave and the light-hearted with equal ease. Reflections, an anthology of essays, explores the myriad forms this genre has taken over the centuries, from Francis Bacon's 'On Studies', which explores the virtues of reading, to Charles Lamb's 'Dream Children: A Reverie', an imaginative rendering of the author's fancies. A prescribed textbook for the B.A. English literature course of the University of Kerala, the anthology provides an introduction about the author, a summary, detailed annotations and questions along with each essay.

CONTENTS

1. On Studies, *Francis Bacon*
2. The Diary of Samuel Pepys, *Samuel Pepys*
3. Sir Roger at the Assizes, *Joseph Addison*
4. Life of Samuel Johnson, *James Boswell*
5. Dream Children: A Reverie, *Charles Lamb*
6. On Familiar Style, *William Hazlitt*
7. On Books and Reading, *John Ruskin*
8. Walking Tours, *Robert Louis Stevenson*
9. Nationalism in India, *Rabindranath Tagore*
10. The Old Indifference, *Robert Lynd*
11. The Diary of A Young Girl, *Anne Frank*
12. Politics and The English Language, *George Orwell*

ABOUT THE AUTHOR

G. B. Mohan Thampi is a former professor of English literature, Banaras Hindu University.

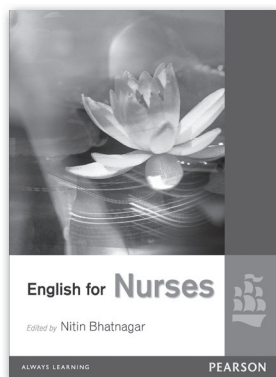

ABOUT THE BOOK

This cult textbook provides clear explanations and graded practice in the key points of the English language. It takes students from elementary level upto and beyond Cambridge First Certificate in English, and the exercises are graded at each point into elementary, intermediate and advanced.

CONTENTS

1. Countables and uncountables

ENGLISH FOR NURSES

Nitin Bhatnagar

ISBN: 9788131769621

₹ 275.00 | Pages: 128

ABOUT THE BOOK

This book addresses the need for nurses to communicate effectively in English. Combining the essentials of communication with language learning, it provides all the necessary skills for professionals in healthcare. English for Nurses puts equal emphasis on all the four aspects of learning the language: listening, speaking, reading and writing through a variety of exercises and assessment modules. It provides plenty of practice in functional grammar and also for pronunciation and fluency in speaking.

FEATURES

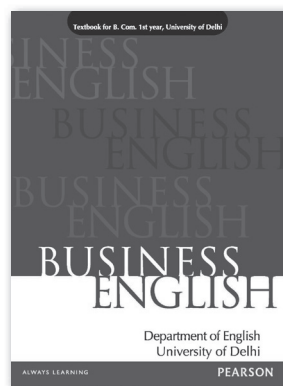

- Reading Comprehension: Objective and Subjective Questions
- Vocabulary and glossary
- Grammar exercises that are graded
- Functional grammar based on practical situations that a nurse faces.
- Common problems of pronunciation and speaking skills have been addressed
- Writing skills based on the needs of the nurses have been addressed

CONTENTS

1. Edith Cavell: And Bravely Fought the Nurse
2. The Story of a British Nurse in India (Margaret Ledger)
3. A doctor for all seasons: The story of Noshir H Antia (Kavita Nambisan)
4. Aarohi: Ascent in Healthcare
5. Communication in healthcare: The perspective of a Nurse
6. Private and Public Partnership in Healthcare (Bharathi Ghanshyam)
7. Managing Pain
8. The story of a British Nurse (Stress in Nursing, Pratibha P. Kane; from a journal)
9. The Quiet Soldiers of Compassion: Prakash and Mandakini Amte
10. The Story of a Caribbean Nurse

ABOUT THE AUTHOR

Nitin Bhatnagar is Professor and Head, Institute of Applied Sciences and Humanities, GLA University, Mathura.

BUSINESS ENGLISH

Delhi University

ISBN: 9788131720776

₹ 399.00 | Pages: 400

ABOUT THE BOOK

Written from an Indian perspective, Business English prepares students for the emerging global business sector by making them aware of the need to adopt a sensitive approach towards business communication. Its unique pedagogical features include illustrations; practical guides; boxes with easy references; exhaustive examples that reflect the changing business world; charts and diagrams as value-addition to the text; and exercises to help in improving linguistic skills.

FEATURES

- Written from an Indian perspective
- Explains the theory of communication with case studies
- Devotes an entire chapter to gender sensitivity, analysing the legal issues involved
- Discusses at length the different software programmes needed for meetings and presentations

■ Engages students through unique pedagogical features that include:

- Learning objectives and pre-reading activities at the beginning of every chapter
- Learning outcomes that summarize the main points learnt in the chapter
- Illustrations that enliven the text
- Checklists offering practical guides
- Boxes providing easy references
- Exhaustive examples that reflect the changing business world
- Charts and diagrams to facilitate the understanding of the text
- Exercises to help in improving linguistic skills

CONTENTS

Unit I: Introduction to the Essentials of Business English

1. What is Business English?
2. Types of Communication
3. Channels of Communication
4. Directions of Communication

Unit II: Cultural Components of Communication

5. Conventions, Perceptions and Values
6. Cultural Variables
7. Gender Sensitivity
8. Effective Communication

Unit III: Routine Business Correspondence

9. Interactive and Non-interactive Correspondence: Need, Importance and Techniques
10. Internal Business Correspondence
11. External Business Correspondence

Unit IV: E-Correspondence

12. Principles of Communication and E-Correspondence
13. The Internet
14. E-Mail
15. E-Commerce: The Revolution
16. Telecom Technology
17. Other Communication Technologies

Unit V: Oral Business Communication

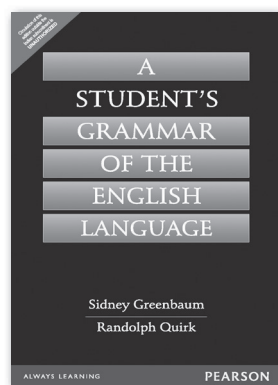

18. Using the Telephone
19. Interviews
20. Meetings
21. Group Discussions
22. Negotiations
23. Oral Presentation

Unit VI: Writing Short Proposals and Reports

24. Short Proposals and Reports
25. Outline and Organization of Long Reports

A STUDENT'S GRAMMAR OF THE ENGLISH LANGUAGE

Late Sidney Greenbaum
Randolph Quirk

ISBN: 9788131721988

₹ 750.00 | Pages: 496

ABOUT THE BOOK

A Student's Grammar of the English Language is a shorter and revised version of *A Comprehensive Grammar of the English Language*, the widely acclaimed definitive grammar of modern English on which the authors worked in collaboration with Geoffrey Leech and Jan Svartvik. The structure of the parent book has been preserved so that reference to it can easily be made, but this version takes particular account of the needs of students who require depth of treatment and also clear presentation with detailed exemplification. *A Student's Grammar of the English Language* draws on the most recent research, including new findings not only in grammar but also in the neighbouring fields of semantics, pragmatics, and text linguistics. Discourse features are dealt with throughout, as well as being the theme of a major chapter entitled: "From Sentence to Text". The authors are careful to point out those features of grammar which distinguish spoken from written, formal from informal, and British from American English. *A Student's Grammar of the English Language* will be a standard work, an indispensable text book for all those who need an advanced and authoritative description of contemporary English.

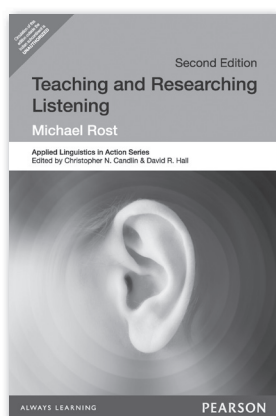

CONTENTS

1. The English Language.
2. A General Framework.
3. Verbs and Auxiliaries.
4. The Semantics of the verb Phrase.
5. Nouns and Determiners.
6. Pronouns.
7. Adjectives and Adverbs.
8. The Semantics and grammar of Adverbials.
9. Prepositions and Prepositional Phrases.
10. The Simple Sentence.
11. Sentence Types and Discourse Functions.
12. Pro-Forms and Ellipsis.
13. Coordination.
14. The Complex Sentence.
15. Syntactic and Semantic Function of Subordinate Clauses.
16. Complementation of Verbs and Adjective.
17. The Noun Phrase.
18. Theme, Focus, and Information Processing.
19. From Sentence to Text.

ABOUT THE AUTHOR

Late Sidney Greenbaum was director of the Survey of English Usage at University College London where he was for seven years Quain Professor of English Language and Literature.

Randolph Quirk was the Quain Professor of English Language and Literature at University College of London from 1968-1981. He currently sits as a crossbencher in the House of Lords.

TEACHING AND RESEARCHING: LISTENING, 2/e

Michael Rost

ISBN: 9789332517356

₹ 525.00 | Pages: 424

ABOUT THE BOOK

Most of us will have been through the trauma of a listening exam (or aural) at some point. Until relatively recently prevailing wisdom saw the aural as an adjunct to the oral and teaching methods were geared around that relationship. Michael Rost, however, treats listening as a quite distinct field of enquiry and endeavour. The book provides a thorough and practical treatment of both the linguistic and pragmatic processes that are involved in oral language use from the perspective of the listener. Through understanding the interaction between these processes, language educators and researchers can develop more insightful, valid and effective ways of teaching and researching listening. The inclusion of a broad range of ideas and practical tools for the construction of teaching and research models will engage and inform all those investigating communicative language use.

FEATURES

- Presents an up-to-date summary of the latest developments in the field.
- Provides research evidence for the main ideas and concepts of the topic.
- Offers practical guidance - including a 'how to research guide'.

CONTENTS

Section I Defining listening

Introduction: The nature of processing

1. Neurological processing
2. Linguistic processing
3. Semantic processing
4. Pragmatic processing
5. Automatic processing
6. Listening in language acquisition

Section II Teaching listening

Introduction: The role of teaching in learning to listen

7. Approaches to teaching listening
8. Input and interaction
9. Instructional design
10. Listening assessment

Section III Researching listening

Section introduction: Direct insight

11. Sociolinguistic orientations
12. Psycholinguistic orientations
13. Developmental orientations

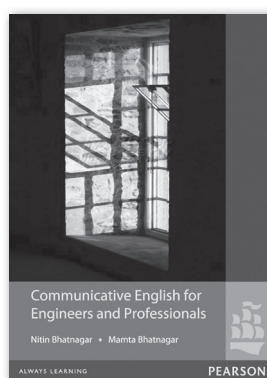

Section IV Exploring listening

14. Resources for further exploration

Summary: Exploring, researching, teaching

ABOUT THE AUTHOR

Michael Rost is an award-winning author and series editor of several successful language materials series and online courses.

COMMUNICATIVE ENGLISH FOR ENGINEERS AND PROFESSIONALS

Nitin Bhatnagar

Mamta Bhatnagar

ISBN: 9788131732045

₹ 325.00 | Pages: 316

ABOUT THE BOOK

This book covers the syllabi of BTech, BE, B.Com, M.Com, BBA, MBA, Hospitality, BPharma, Nursing, Physiotherapy, and other courses being taught at various universities, and professional and technical institutions. Communicative English for Engineers and Professionals integrates learning modules for spoken and written skills in English to give the readers an edge in their careers. Focusing on the requirements of professionals and students, this book equips them to effectively communicate and present themselves at their workplace and other interactive spheres.

FEATURES

- Covers Computer Aided Language Learning and other useful technologies for learning oral and written communications skills
- Charts and illustrations for easy access to concepts
- Pointers to imbibe successful communication techniques and eliminate barriers to communication
- Learner-oriented practice material for application of concepts in professional and personal real-life situations
- Specific suggestions for technical communication

CONTENTS

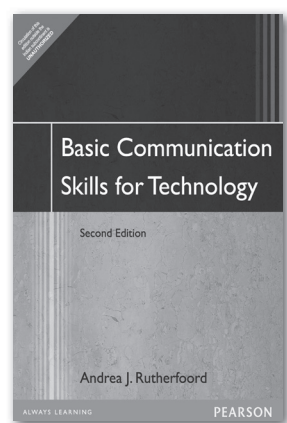

1. Effective Communication
2. Use of Technology and Communication Skills
3. Word Elements

4. Vocabulary Building
5. Speaking Skills
6. Professional Interaction
7. Functional Grammar
8. Reading and Study Skills
9. Written Communication
10. Professional and Technical Communication

ABOUT THE AUTHOR

Nitin Bhatnagar is Professor of English at Maharishi Markandeshwar University, Mullana, Ambala.

Mamta Bhatnagar is Senior Lecturer in English at Guru Nanak Institute of Technology, Mullana, Ambala.

BASIC COMMUNICATION SKILLS FOR TECHNOLOGY, 2e

Andrea J. Rutherford

ISBN: 9788177584073

₹ 725.00 | Pages: 416

ABOUT THE BOOK

Rutherford presents clear simplified explanations of the practical applications of writing in vocational/technical fields. The motivational reading passages are designed to stimulate students' interest in vocabulary and introduce traditional and applied writing assignments.

FEATURES

- **NEW** - Public speaking section. Shows students how to prepare and deliver presentations, speeches and conduct interviews.
- **NEW** - Internet use. Provides students with assignments that incorporate Internet research and communication.
- **NEW** - Process, proposal and lab report writing. Introduces students to elements of three common types of reports.
- **NEW** - Updated writing topics. Provides students with protocols and procedures that reflect current trends in electronic communication.
- **NEW** - Updated technical reading passages. Reflects current communication needs and practices.
- **NEW** - Job search chapter. Provides students with traditional and electronic resume techniques.
- **NEW** - Updated audience analysis information. Prepares students to adjust language and tone for their audience.

- **NEW** - Reorganized material. Provides a more accessible flow of material.
- **NEW** - Coverage of computer graphics. Addresses this new technology and its effective use as a major communication tool.
- **NEW** - E-mail and electronic communication. Provides students with basics of "netiquette" and guidelines for conducting all types of transactions using the Internet.
- Major forms of technical communication covered. Prepares students for writing required in technical fields, including: reports, memos, forms, e-mail, letters, presentations and job search.
- Technical definitions and descriptions, summaries and graphics. Provides students with coverage of all major writing topics.
- Integrated reading, writing and vocabulary development, word usage, and spelling practice. Provides students with a solid foundation for the writing topic.
- "Word Watch" sections. Provides useful cautions for students by reviewing groups of easily confused and misused words.
- Comprehensive models and exercises. Provides students with opportunities for review of common technical vocabulary and concepts.
- Pre- and post-diagnostic tests and grammar and mechanics units. Provides students with opportunities to assess their comprehension of material and allows instructors to plan individualized study options.
- 14 technical reading passages. Introduces students to writing topics.

CONTENTS

I. Foundations.

1. Audience.
2. Language and Style.
3. Organization.

II. Writing Elements.

4. Technical Definitions.
5. Technical Descriptions.
6. Summaries.
7. Graphics.
8. Instructions.
9. Comparison and Contrast.

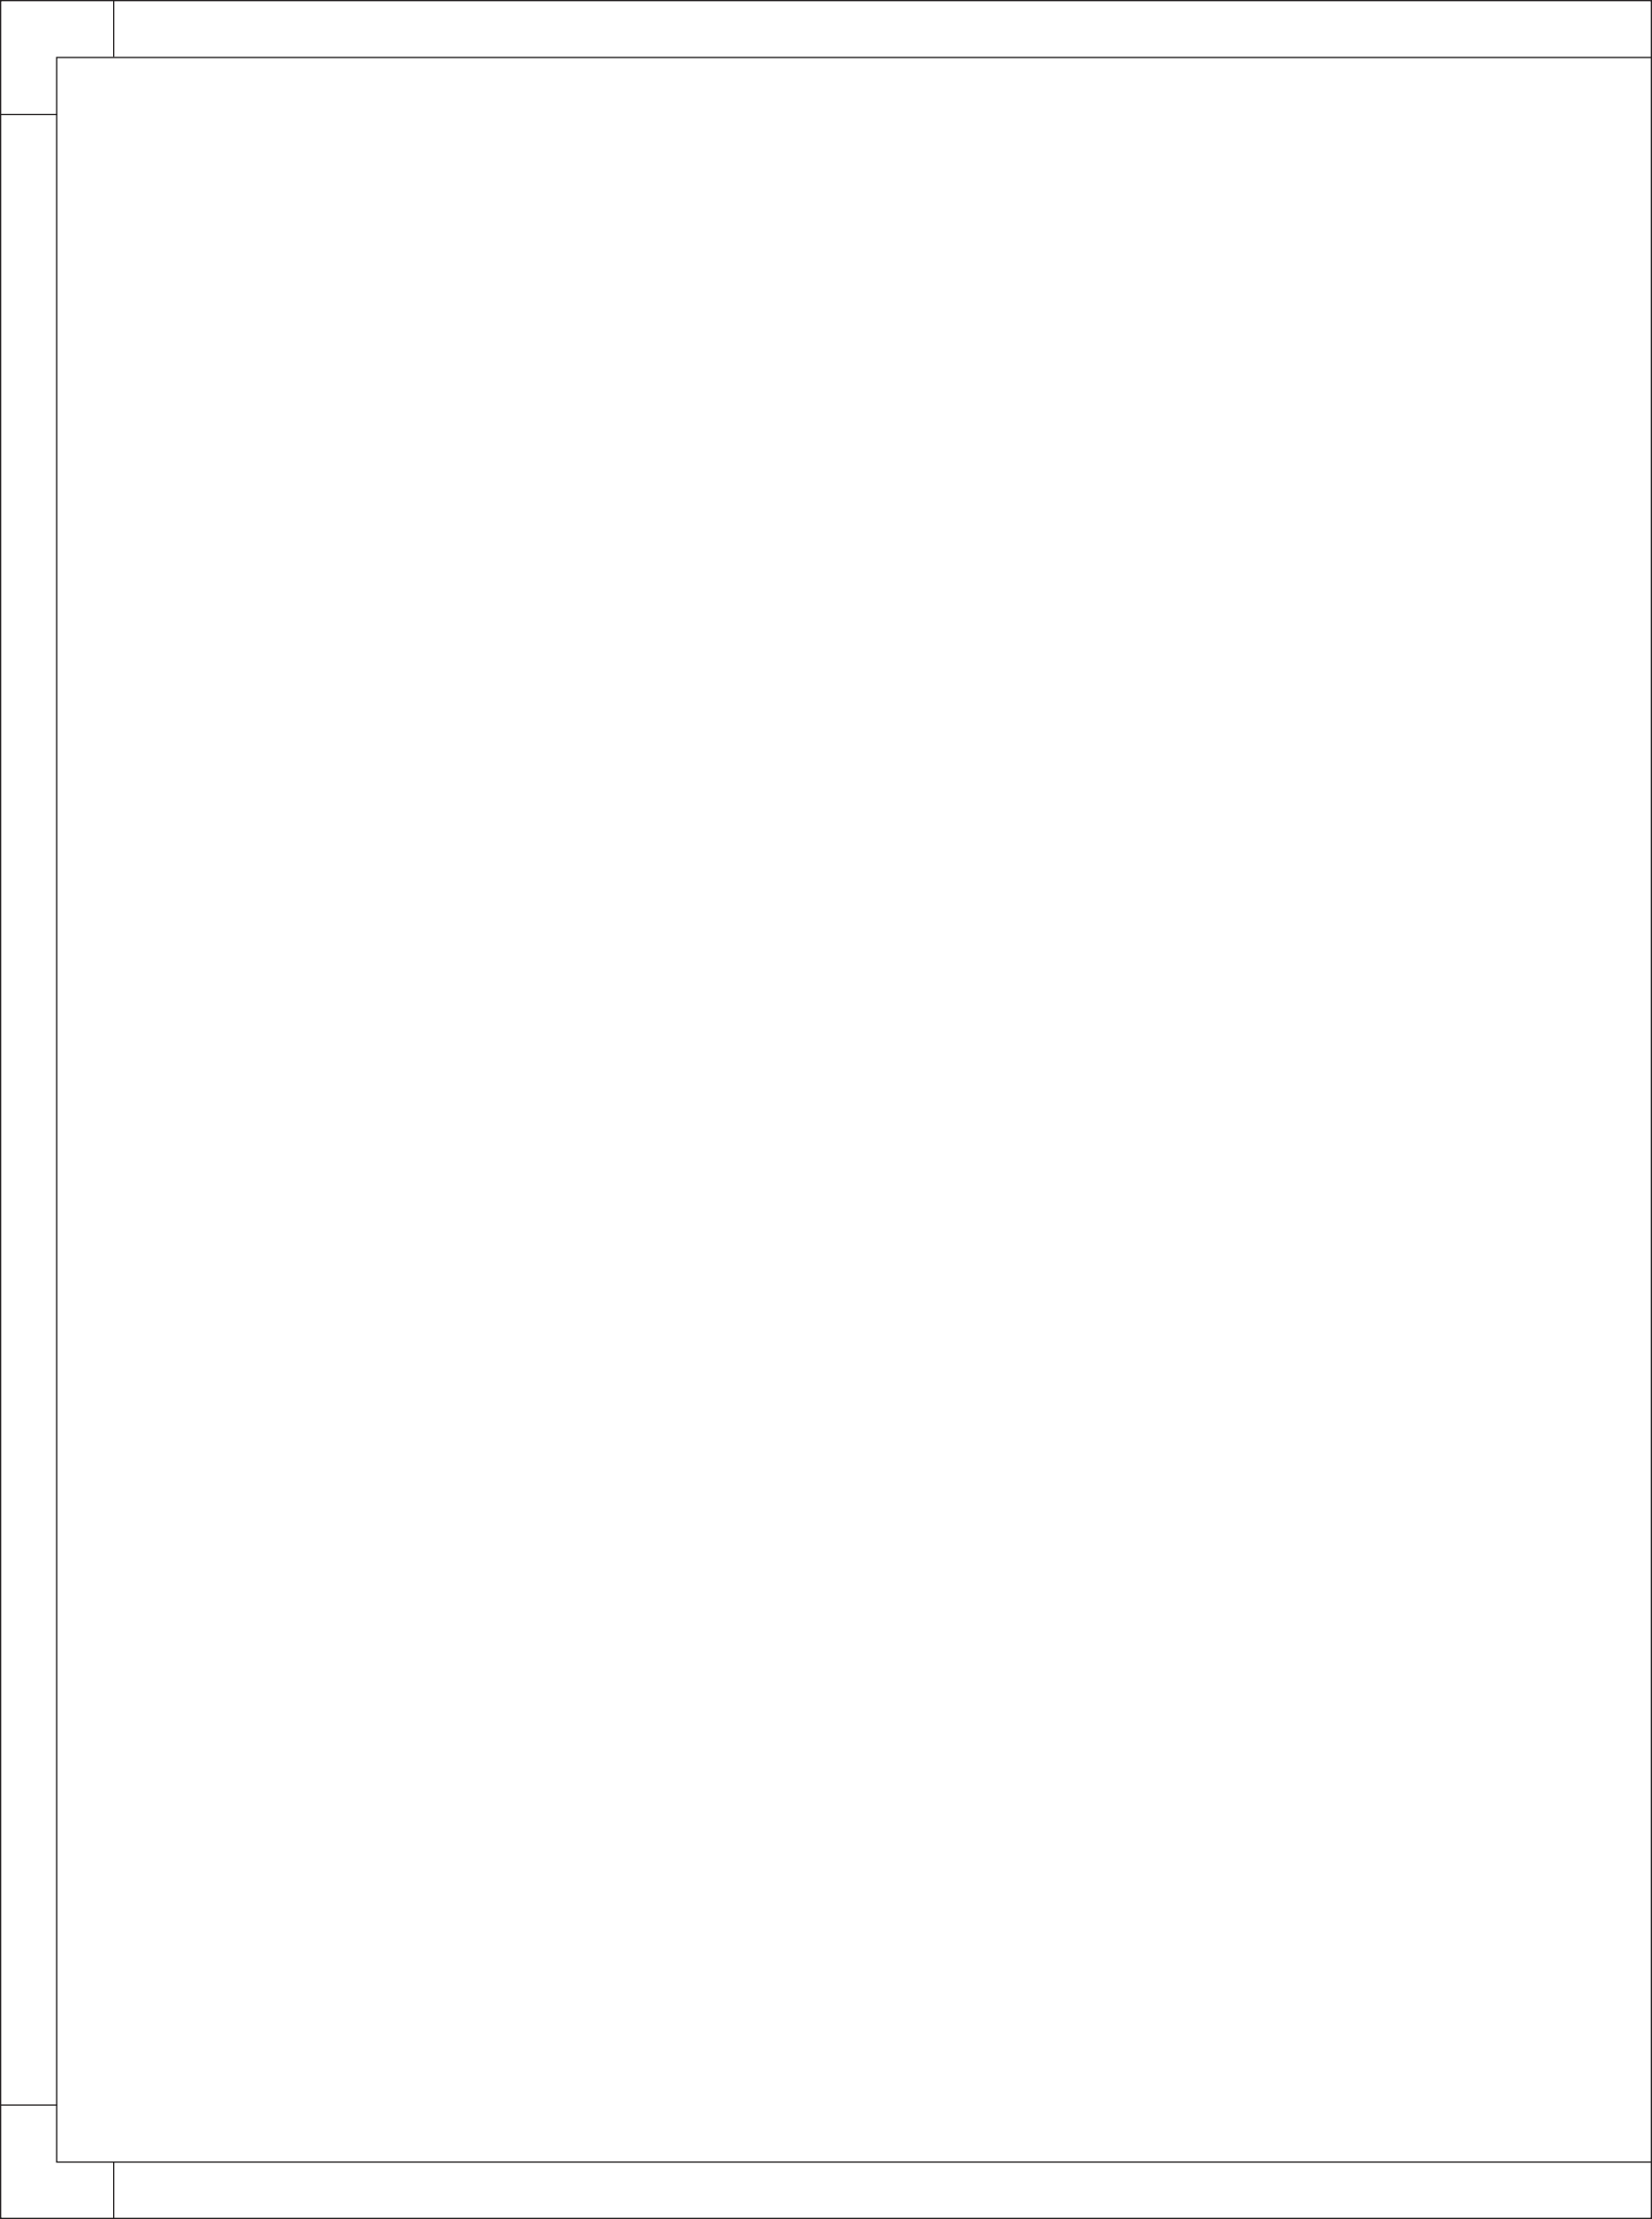

III. Forms of Technical Communications.

10. Reports.
11. In-House Communication.
12. Business Letters.
13. Presentations.
14. The Job Search.

IV. Grammar Units.

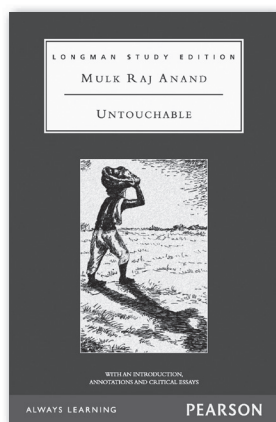

V. Mechanics Units.

- Appendix 1: Common Symbols and Abbreviations.
- Appendix 2: Tips for Word Processing.
- Appendix 3: Sample Reports.
- Appendix 4: Spelling and Misused Words.
- Appendix 5: Irregular Words.
- Appendix 6: Job Application.

LONGMAN
STUDY EDITION

UNTOUCHABLE

Late Mulk Raj Anand

ISBN: 9788131707258

₹ 275.00 | Pages: 240

ABOUT THE BOOK

The Longman Study Editions constitute a new series of the classics with critical apparatus created by Indian academics for the specific needs of their students. *Untouchable* remains Mulk Raj Anand's one of the best and most unsettling of novels. It situates with poignancy, precision, and unhidden rage the emotionally and socially traumatic experiences of Bakha, an 'untouchable', embedded in the Indian society of the 1930s and the Indian national movement. With its vitality and empathetic detailing, *Untouchable*, remains unparalleled in revealing the reality of untouchability in India. The essays featured in this edition contextualize Mulk Raj Anand's novel within various critical perspectives, equipping the reader with multiple points of view in the study and appreciation of the work.

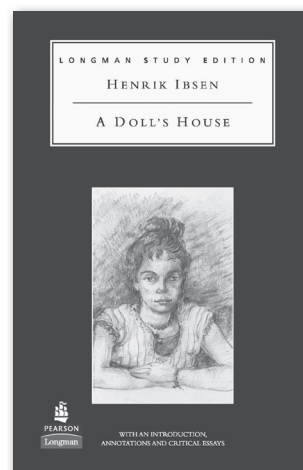

FEATURES

Critical essays featured in this edition:

- 'The Epic of Misery' by Saros Cowasjee
- 'Clean Book or Dirty Book? Reading Anand's *Untouchable* in the Light of Enlightenment Sanitary Discourses' by Nandini Bhattacharya
- ' "The Great Little Man": The Body as a Structural Motif in Mulk Raj Anand's *Untouchable* ' by Niladri Ranjan Chatterjee

ABOUT THE AUTHOR

Late Mulk Raj Anand was a writer notable for his depiction of the lives of the poorer castes in traditional Indian society. He was also a recipient of the Padma Bhushan.

A DOLL'S HOUSE

Krishna Sen

ISBN: 9788131708095

₹ 275.00 | Pages: 268

ABOUT THE BOOK

Portraying the dynamics of domesticity and independence, *A Doll's House* dramatize Nora, a wasted, pampered housewife and a doting mother, who when confronted with the grim reality of being a mere puppet in her husband's hands, takes the decision to fulfil her personal desires even at the cost of her marriage and children. The sound of Nora slamming the door on her home reverberated throughout Victorian society shocking it out of its prudish conventionality.

FEATURES

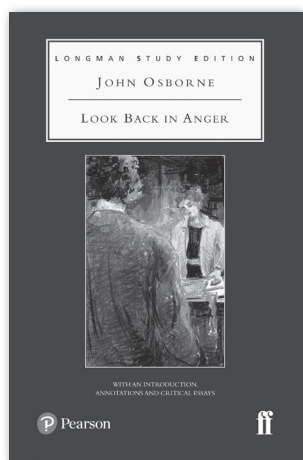

- Prescribed in four universities.
- A lucid introduction by the editor that explicates the issues raised and discussed in it.
- Thought-provoking annotations that lead students through the complexities of the text.
- Three essays by teachers and critics that discuss the text's salient features.
- An annotated bibliography for further study.

CONTENTS

1. Introduction by Krishna Sen
2. Henrik Ibsen's Life and Works in the section called Text and Context
3. Ibsen's 'A Doll House' by David b. Drake
4. Ibsen's 'A Doll House' by Paul Rosefeldt
5. The Doll House backlash: Criticism, Feminism, and Ibsen' by Joan Templeton

ABOUT THE AUTHOR

Krishna Sen is a professor and former Head of the Department of English, University of Calcutta, and Coordinator of its UGC-assisted Special Assistance Programme

LOOK BACK IN ANGER

Late John Osborne

ISBN: 9788131772843

₹ 230.00 | Pages: 252

ABOUT THE BOOK

The Longman Study Editions constitute a new series of the classics with critical apparatus created by Indian academics for the specific needs of their students.

Look Back in Anger created a new genre of drama—the kitchen-sink drama. Jimmy Porter, the ‘angry young man’, voiced the angst and disillusionment of an entire nation. The play deconstructed not just traditional notions of sexuality, but also the notion of domestic life, exposing its vitriolic undercurrent.

The essays featured in this edition contextualize the play within various critical perspectives, equipping the reader with multiple points of view in the study and appreciation of the work.

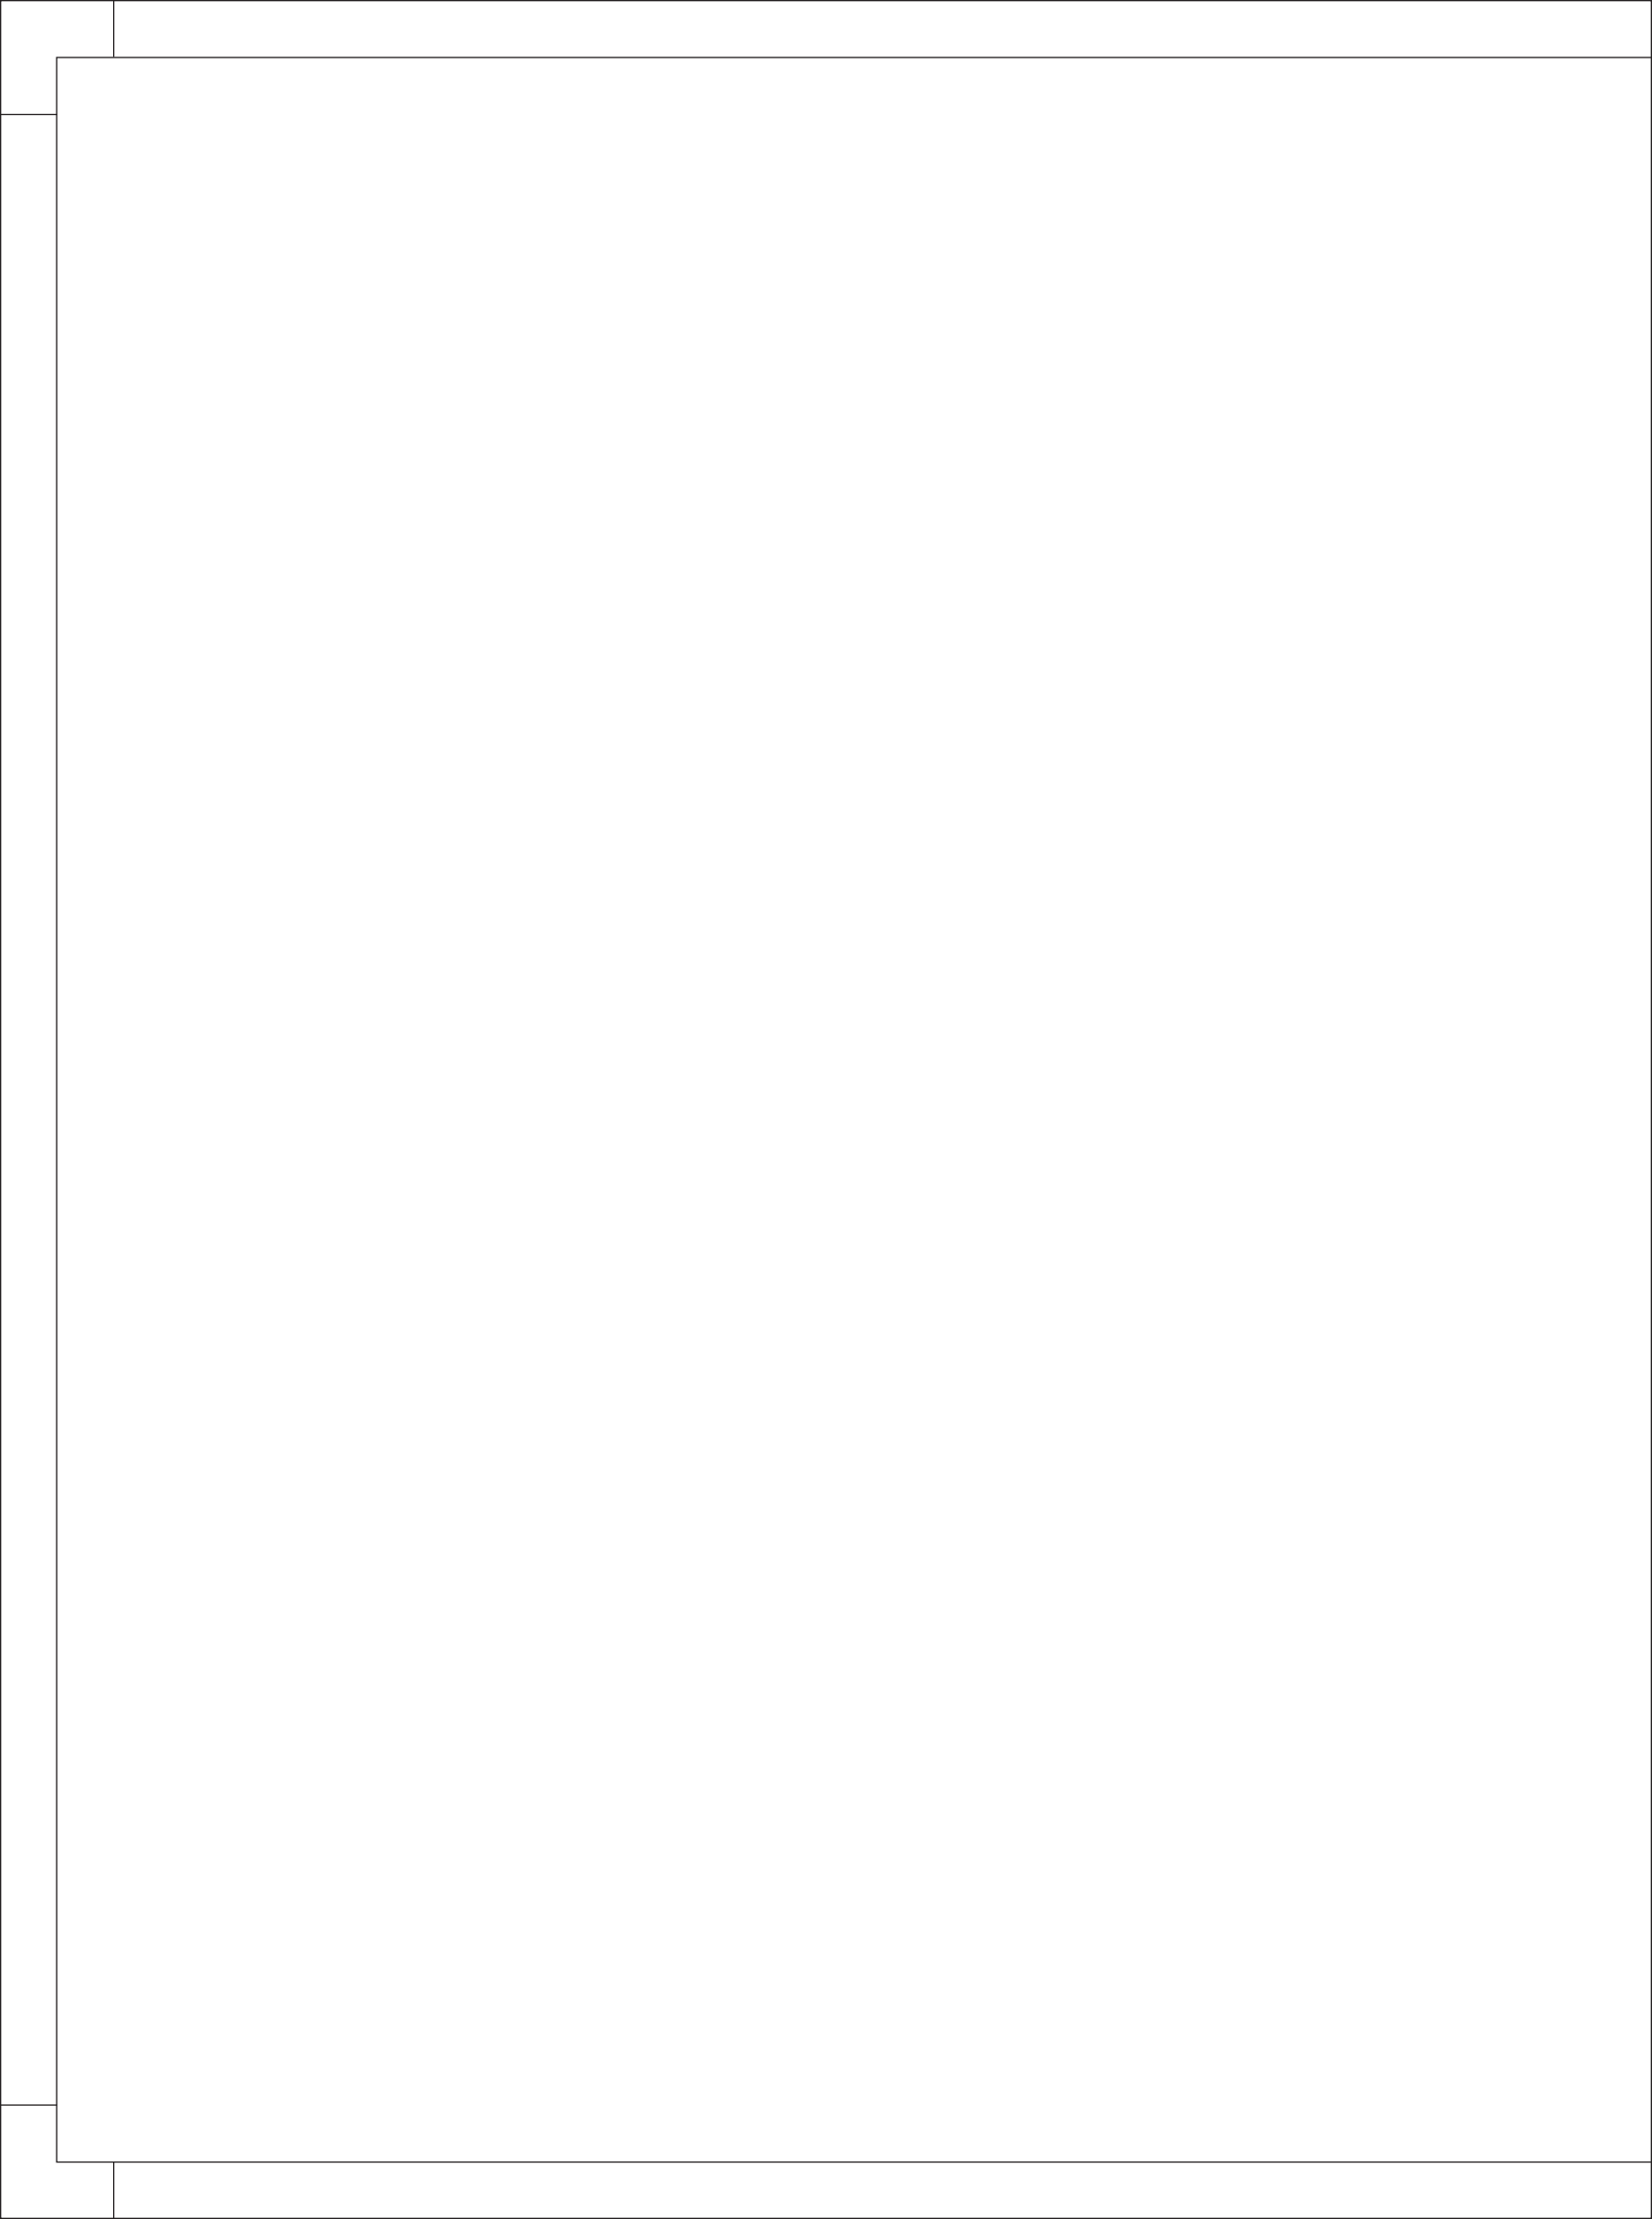

FEATURES

Critical essays featured in this edition:

- ‘Look of Hatred: Misogyny in *Look Back in Anger*’ by Nabanita Mukhopadhyay
- ‘Of Anger and Disempowerment: Jimmy Porter(ing) Between Two Worlds’ by Saugata Mukherjee
- ‘The Symbols of Anger’ by Piyas Chakrabarti

ABOUT THE AUTHOR

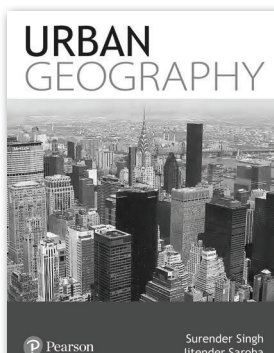

Late John Osborne was a playwright, screenwriter, actor known for his prose and intense critical stance towards social and political norms.

I GEOGRAPHY

NEW EDITION TITLES 2021

URBAN GEOGRAPHY

**Surender Singh
Jitender Saroha**

ISBN: 9789354494062

₹ 475.00 | Pages: 343

ABOUT THE BOOK

Urban Geography, parses the branch of Geography that deals with various aspects of the process of urbanization. It particularly emphasizes on cities as products of advanced civilization and constituents of settlement systems. This branch of Geography has been highly dynamic, and its scope, subject matter and approaches have been changing with time.

This book provides a clear narrative of Urban Geography for proper understanding and intended interpretation of the core concepts.

This book encompasses reliable reading material in a single volume for the entire paper being taught at most of the Indian universities. Subject matter of eleven chapters includes syllabus of graduate and post-graduate courses of Indian universities, material for Civil Services, General Studies, Indian Economic Services, UGC and other competitive examinations.

FEATURES

- Conceptually designed and well-presented content
- Aspects of Urban Geography with focus on Indian cities
- Comprehensive coverage and presentation of subject matter
- Case studies related to the topics discussed
- Articulate and detailed maps for proper understanding

CONTENTS

- Chapter 1 Nature and Scope of Urban Geography
- Chapter 2 Origin of Urbanisation
- Chapter 3 Classification of Cities
- Chapter 4 Urban Morphology
- Chapter 5 Urban Systems
- Chapter 6 City Region or Umland
- Chapter 7 The Rural Urban Fringe and Urban Sprawl
- Chapter 8 Process of Urbanisation
- Chapter 9 Conurbation and Megalopolis and Suburbs and Satellites
- Chapter 10 Urban Problems
- Chapter 11 Urban Planning

ABOUT THE AUTHORS

Surender Singh

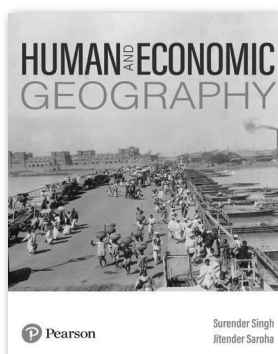

Former Associate Professor

Shivaji College (University of Delhi), New Delhi

Jitender Saroha

Associate Professor

Dr. B. R. Ambedkar College (University of Delhi), Delhi

HUMAN AND ECONOMIC GEOGRAPHY

**Surender Singh,
Jitender Saroha**

ISBN: 9789353947910

₹ 525.00 | Pages: 539

ABOUT THE BOOK

Human and Economic Geography, 1e has been planned and designed by established authors and academicians, keeping in view the interests of the students pursuing undergraduate degrees in geography in Indian universities. Specific attention has been given to the lucidity of language in this book for clarity in understanding and interpretation. The basic concepts and terms have been explained and presented in a way that the readers at all levels can easily comprehend. Particular care has been taken to explain concepts in Indian context, while ensuring that the meaning inherent in the original conceptual statements is not distorted. This book is an effort towards making available reliable reading material in a single volume for the entire paper being taught at most of the Indian universities. It comprises of twelve chapters that also covers the syllabus of civil services and general studies, graduate and post-graduate courses of Indian universities, UGC and other competitive exams.

FEATURES

- Conceptually designed and well-presented content
- Aspects of Human Geography and Economic Geography presented in segregation to avoid overlapping of concepts
- Comprehensive and pervasive of complete subject matter
- Interesting topics, usually not covered by most textbooks in this subject, included in this book
- Discussions on problems like environmental degradation, resource depletion, ecological problems and issues related to climate change and its impact in different parts of the world and on different sections of humanity

CONTENTS

Chapter 1 Introduction to Human and Economic Geography
Chapter 2 World Population: Growth and Distribution
Chapter 3 Composition of Population
Chapter 4 Migration
Chapter 5 Population: Theories and Concepts

Chapter 6 Population Problems and Policies
Chapter 7 Urbanization: Trends and Pattern
Chapter 8 Political Organization of Space
Chapter 9 Primary Economic Activities
Chapter 10 Secondary Economic Activities
Chapter 11 Tertiary Economic Activities
Chapter 12 Geography of Development

ABOUT THE AUTHORS

Surender Singh

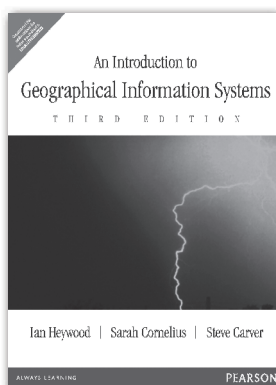

Former Associate Professor

Shivaji College, University of Delhi, New Delhi

Jitender Saroha

Associate Professor

Dr. B.R. Ambedkar College, University of Delhi, Delhi

AN INTRODUCTION TO GEOGRAPHICAL INFORMATION SYSTEMS, 3/e

Ian Heywood

Steve Carver

Sarah Cornelius

ISBN: 9788131731932

₹ 825.00 | Pages: 460

ABOUT THE BOOK

The third edition of this successful text continues to provide a clear, practical and accessible introduction to the world of *Geographical Information Systems*. A selection of new features helps to explain and demonstrate how GIS are actually used, across a variety of disciplines and within a range of industries. This edition is fully updated and includes coverage of the latest topics, such as web-based and mobile GIS. An increased focus is also placed on the practical applications of GIS to show their relevance and use within the world around us.

FEATURES

- A selection of new international case studies written by both specialists and practitioners provides a detailed picture of how GIS is used across a variety of different disciplines and industries;
- Practice boxes demonstrate how GIS tools and techniques are applied in the real world across a range of sectors including business, environmental management, tourism and planning;
- Theory boxes provide consolidation of important issues and concepts;
- Reflection boxes—included at the end of each main section—enable you to check progress and further explore the key issues;
- A range of useful revision material at the end of each chapter including questions, text and web-based activities and a guide to further reading

CONTENTS

Part I: Fundamentals of GIS

1. What is GIS?
2. Spatial data
3. Spatial data modelling
4. Database management
5. Data input and editing
6. Data analysis
7. Analytical modelling in GIS
8. Output: from new maps to enhanced decisions

Part II: Issues in GIS

9. The development of computer methods for handling spatial data
10. Data quality issues
11. Human and organizational issues
12. GIS project design and management

13. The Future of GIS

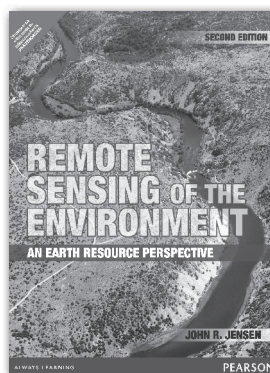

14. Reference

ABOUT THE AUTHOR

Ian Heywood was a Senior Lecturer in GIS at Manchester Metropolitan University, and is now Director of Skills and Learning for Scottish Enterprise Grampian.

Sarah Cornelius is trainer and a Lecturer in the School of Education at the University of Aberdeen and an Associate Lecturer at the Open University.

Steve Carver is a Senior Lecturer in the Department of Geography at the University of Leeds.

REMOTE SENSING OF THE ENVIRONMENT: AN EARTH RESOURCE PERSPECTIVE, 2/e

John R. Jensen

ISBN: 9789332518940

₹ 1275.00 | Pages: 618

ABOUT THE BOOK

This widely adopted book introduces the fundamentals of remote sensing from an earth resource (versus engineering) perspective. Emphasis is on turning remote sensing data into useful spatial biophysical or socio-economic information that can be used to make decisions.

FEATURES

- Thorough review of the nature of electromagnetic radiation;
- Visually stimulating, clear format: Hundreds of specially designed illustrations communicate principles in an easily understood manner
- Emphasis on manual, visual image analysis of the remote sensor data using introductory photogrammetric techniques: Takes the approach that the detailed digital image processing principles should be taught in a separate course, not in the introductory remote sensing or airphoto interpretation course
- Coverage of the history of photography and other remote sensing detectors, and aerial platforms (balloon, kite, aircraft, satellite)
- Case studies in most chapters that demonstrate the proper application of remote sensing principles and technology
- Practical applications of principles throughout the text

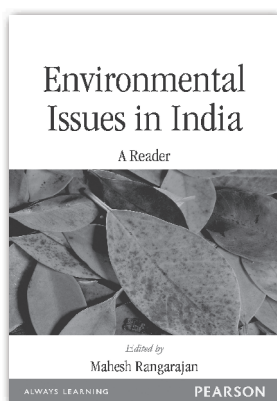

CONTENTS

1. Remote Sensing of the Environment
2. Electromagnetic Radiation Principles

3. Aerial Photography - Vantage Point, Cameras, Filters, and Film
4. Elements of Visual Image Interpretation
5. Photogrammetry
6. Multispectral Remote Sensing Systems
7. Thermal Infrared Remote Sensing
8. Active and Passive Microwave Remote Sensing
9. LIDAR Remote Sensing (new)
10. Remote Sensing of Vegetation
11. Remote Sensing of Water
12. Remote Sensing the Urban Landscape
13. Remote Sensing of Soils, Minerals, and Geomorphology
14. In situ Spectral Reflectance Measurement (new)

ABOUT THE AUTHOR

John R. Jensen is a Professor of Geography at the University of South Carolina, USA.

ENVIRONMENTAL ISSUES IN INDIA:

A READER

Mahesh Rangarajan

ISBN: 9788131708101

₹ 450.00 | Pages: 600

ABOUT THE BOOK

Environmental Issues in India brings together 33 essays by seminal environment scholars, thinkers and activists from within India and abroad. The volume is divided into five thematic sections: the first three explore the pre-colonial and the colonial contexts, and move on to independent India. The last two sections examine environmental movements and how India relates to global environmental concerns.

This book will provoke, educate, stimulate and inform the lay reader and specialist alike. Students will especially enjoy the diverse sample of lucid essays by some of the best-known names in the field. Anyone keen to know more about the why and how of India's environment will find this volume an invaluable resource.

FEATURES

- It provides a glimpse of the vast and diverse issues that constitute environmentalism today.
- It will be an essential resource for both university curricula and a better-integrated public discussion of the environmental challenge to our future.

CONTENTS

Section I: Pre-Colonial India

1. Climate, a factor in the Rise and Fall of the Indus Civilization: Evidence from Rajasthan and Beyond
2. Iron Tools, Forest Clearance and Urbanization in the Gangetic Plains
3. Forests and Settlements
4. The Forest and the Field in Ancient India
5. The Great Mughals Go Hunting Lions
6. Ecology and Traditional Systems of Water Management: Revisiting Medieval Rajasthan
7. A Historical Study of the Control of Grass and Fodder Resources in Eighteenth-Century Maharashtra

Section II: Colonial India

8. Mahatma Gandhi and the Environmental Movement
9. The Uses of Eccentricity: The Making of Salim Ali
10. Jim Corbett: A Life Story

Section III: Independent India's Environment

11. Agriculture on Spaceship Earth
12. The Green Revolution
13. Rehabilitating Degraded Lands
14. Common Property Resources and the Rural Poor
15. Water Pollution Control: Role of Community and Public Action
16. Diara Diary
17. South Asian Pastoralism: The Environmental Question
18. The New Land Use Policy: People and Forests in Mizoram
19. The Gender and Environment Debate: Lessons from India
20. A Great Legacy Dissipated
21. Sacred Groves for the Twenty-First Century

Section IV: Movements and Alternatives

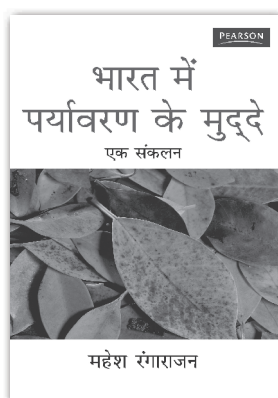

22. Ecological Conflicts and the Environmental Movements in India
23. Monumental Folly
24. The Tragedy of Displacement
25. Community, Place and Citizenship
26. Lessons from the Deluge: Priorities for Multi-Hazard Risk Mitigation
27. The Tiger and the Honeybee
28. Empowerment and Disempowerment of Forest Women in Uttarakhand, India
29. The Dreams of a Water Warrior

Section V: Global Issues

30. Environmentalism and Political Economy
31. Are We Prepared for Another Bhopal?
32. Is the Friendly Atom Poised for a Comeback?
33. Global Warming and India

ABOUT THE AUTHOR

Mahesh Rangarajan, Visiting Professor of History at Jadavpur University, West Bengal.

भारत में पर्यावरण के मुद्दे

महेश रंगराजन

ISBN: 9788131726037

₹ 369.00 | Pages: 408

NEW EDITION TITLES 2021

ASSESSMENT FOR LEARNING: LINKING THEORY WITH PRAXIS

Dr. Hanit Gandhi

ISBN: 9789354493980

₹ 465.00 | Pages: 313

ABOUT THE BOOK

Assessment for Learning, gives a comprehensive overview of all aspects related to assessment in India. It shares the foundations of assessment, its historical past and perspectives that are emerging over time. The book draws from the researches done in the area of assessment to reflect on the issues, challenges, innovations and emerging perspectives in conducting assessment in Indian educational settings.

The book has been designed for B.Ed courses under NCTE curriculum guidelines and covers the syllabi of most universities across India. While the focus of the book is on building teachers' knowledge related to assessment, most important, it provides effective and hands-on strategies that can be adopted while being in the class.

FEATURES

- Discussion on National Education Policy, 2020
- Chapter 11 discusses the various online digital assessment platforms
- Case studies in each chapter for better understanding and interpretation
- "Think About it!" Sections in each chapter for reflective discussion on topics
- "Check Your Understanding" as end-of-chapter discussion questions
- End-of-chapter "Suggested Activities / Project Work" for practical experience

CONTENTS

- Chapter 1 Familiarisation with the Basic Concepts
- Chapter 2 Perspectives of Assessment
- Chapter 3 Recommendations of Commissions and Committees on Assessment at School Level
- Chapter 4 National Education Policy 2020 and Assessment
- Chapter 5 Current Trends in Assessment
- Chapter 6 Contemporary and Emergent Modes of Assessment

Chapter 7 Some More Contemporary and Emergent Modes of Assessment

Chapter 8 Characteristics of Assessment Tools

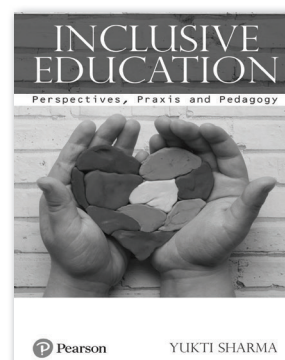

Chapter 9 Role of Feedback in Assessment

Chapter 10 Interpreting and Reporting Data

Chapter 11 Assessment in Digitised World

ABOUT THE AUTHORS

Dr. Haneet Gandhi, Ph.D, is a Teacher Educator in the Department of Education, University of Delhi, and is engaged in the area of Mathematics Education and Quantitative Methods of Educational Research for more than fifteen years. She had been the Co-convenor in the Under-Graduate Curriculum Revision Committee, D.U. and is also Deputy Dean, Admissions, University of Delhi.

INCLUSIVE EDUCATION: PERSPECTIVES, PRAXIS AND PEDAGOGY

Dr. Yukti Sharma

ISBN: 9789354493904

₹ 399.00 | Pages: 251

ABOUT THE BOOK

Inclusive Education—Perspectives, Praxis and Pedagogy is a comprehensive resource on inclusive education. It facilitates to establish linkages between the theory and praxis for prospective and practicing teachers in visualizing inclusive education in the context of schools. The book helps decipher the learning environment as well as pedagogical strategies for diverse yet unique needs of children.

Inclusion is one of the key ideas that education is delving with in the contemporary times. Hence this book has been designed for B.Ed courses under NCTE curriculum guidelines and covers the syllabi of most universities across India. The book is also an excellent resource for practicing teachers, and for scholars of various programmes/courses in this field of education. The focus of the book is on developing teachers' knowledge related to inclusivity in classroom and to develop effective and hands-on strategies that can be adopted during classroom sessions.

FEATURES

- Discussion on National Education Policy, 2020
- YouTube video links of author's discussion on relevant topics
- Case Studies on relevant topics for better understanding
- Subject specific examples from the classroom situations
- "Let's Reflect" Sections in each chapter for reflective discussion on topics
- End-of-chapter "Discussion Questions" for assessment of learning

CONTENTS

UNIT I: UNDERSTANDING THE CONCEPT OF INCLUSION

- Chapter 1 Historical Perspective of Inclusion
- Chapter 2 Deconstructing the Idea of Disability
- Chapter 3 Realising Diversity: Exclusion to Inclusion
- Chapter 4 Legal and Policy Perspective to Inclusion

UNIT II: UNDERSTANDING CHILDREN WITH SPECIAL NEEDS (CWSN)

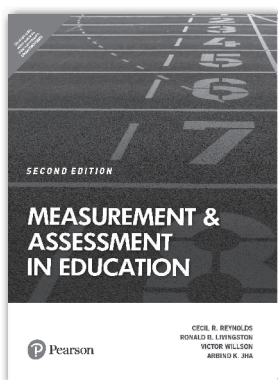

- Chapter 5 Study of Children with Special Needs (CWSN): Issues and Concerns
- Chapter 6 Understanding and Engaging Children with Sensory Impairments
- Chapter 7 Understanding and Engaging Children with Locomotor Impairment
- Chapter 8 Understanding and Engaging Children with Cognitive Impairment

UNIT III: TOWARDS INCLUSIVE EDUCATION

- Chapter 9 Basic Aspects of Inclusive Education
- Chapter 10 Envisioning Inclusive Schools

ABOUT THE AUTHORS

Dr. Yukti Sharma, Ph.D (Education) from Delhi University, is faculty at the Department of Education and Academic Secretary at the Institute of Lifelong Learning, University of Delhi. Dr. Sharma is a post-graduate in Botany, and a gold medallist in Education (M.Ed.) from University of Delhi. She has authored textbooks and contributed articles in acclaimed international journals. She has significantly contributed for development of MOOCs and OERs for several organisations such as NCTE, NIOS, IGNOU, NCERT and CBSE.

MEASUREMENT & ASSESSMENT IN EDUCATION, 2/e

Cecil R. Reynolds

Ronald B. Livingston

Victor Willson

Arbind K. Jha

ISBN: 9789332574502

₹ 575.00 | Pages: 472

ABOUT THE BOOK

The purpose of this book is to educate the reader about the different ways in which we can measure constructs of interest to us in schools and the ways to ensure that we do the best job possible in designing our own classroom assessments. We also provide detailed information on a variety of assessments used by other professionals in schools, such as school psychologists, so the reader can interact with these other professionals more intelligently and use the results of the many assessments that occur in schools to do a better job with the students. Not only is the classroom assessment process covered in detail, but the use of various standardized tests also is covered. The regular or general education classroom is emphasized, but special applications of the evaluation and measurement processes to students with disabilities are also noted and explained.

FEATURES

- The present edition of Measurement and Assessment in Education has accommodated some pertinent changes aimed at making the text friendly to the Indian readers.
- Special attention has been paid to showcase important topics and sub-topics like purpose and practice of assessment, the appropriateness of use of assessment and evaluation, Right to Education Act, 2009 and Persons with Disabilities Act 1995 with reference to assessment, a guide to understanding and using test results.
- Educational objectives based on constructivist approach, practice of assessment in Choice-Based Credit System (CBCS).

CONTENTS

1. Introduction to Educational Assessment
2. The Basic Mathematics of Measurement
3. The Meaning of Test Scores
4. Reliability for Teachers
5. Validity for Teachers
6. Item Analysis for Teachers
7. The Initial Steps in Developing a Classroom Test
8. The Development and Use of Selected-Response Items
9. The Development and Use of Constructed-Response Items
10. Performance Assessments and Portfolios
11. Assigning Grades on the Basis of Classroom Assessments
12. Standardized Achievement Tests in the Era of High-Stakes Assessment
13. The Use of Aptitude Tests in the Schools
14. Assessment of Behavior and Personality
15. Assessment Accommodations
16. The Problem of Bias in Educational Assessment
17. Best Practices in Educational Assessment

RESEARCH IN EDUCATION, 10/e

John W. Best

James V. Kahn

Arbind K. Jha

ISBN: 9789332574519

₹ 599.00 | Pages: 375

ABOUT THE BOOK

The tenth edition of Research in Education has the same goals as the previous editions. The book is meant to be used as a research reference or as a text in an introductory course in research methods. It is appropriate for graduate students enrolled in a research course or seminar, for those writing a thesis or dissertation, or for those who carry on research as a professional activity. All professional workers should be familiar with the methods of research and the analysis of data. If only as consumers, professionals should understand some of the techniques used in identifying problems, forming hypotheses, constructing and using data-gathering instruments, designing research studies, and employing statistical procedures to analyse data. They should also be able to use this information to interpret and critically analyse research reports that appear in professional journals and other publications.

FEATURES

- The present text transcends the traditional approaches and engages with fresh perspectives.
- Invites readers to engage with newer and more relevant research issues, methods, and theories as figured in the different programme of educational research.
- This new edition has also included newer topics like classification of educational measures, nature of statistics and inferential statistics, effects, main effects and interaction effects, the logic of hypothesis testing, statistical and practical significance, qualitative data analysis software, use of internet in educational research etc.

CONTENTS

Part I — Introduction to educational Research: definitions, Research Problems, Proposals, and Report Writing

1. Fundamentals of Research
2. Selecting a Problem and Preparing a Research Proposal
3. The Research Report

Part 2 — Research Methods

4. Historical Research
5. Descriptive Studies: Assessment, Evaluation, and Research
6. Experimental and Quasi-Experimental Research
7. Single-Subject Experimental Research
8. Qualitative Research
9. Methods and Tools of Research

Part 3 — Data analysis

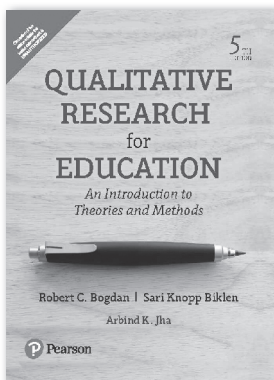

10. Descriptive Data Analysis
11. Inferential Data Analysis
12. Computer Data Analysis

QUALITATIVE RESEARCH FOR EDUCATION, 5/e

Robert C. Bogdan

Sari Knopp Biklen

Arbind K. Jha

ISBN: 9789332574526

₹ 489.00 | Pages: 312

ABOUT THE BOOK

Qualitative Research for Education, 5e, provides a background for understanding the uses of qualitative research in education, examines its theoretical and historical underpinnings, and discusses specific methods for conducting research. Special attention has been paid to showcase important Indian studies related to pedagogy, teacher education, and policy research; Indian connections and social survey movement; holistic ethnography and phenomenological analysis; designing qualitative studies and qualitative interviewing; methodological mixes and triangulation.

The edition begins with a broad discussion of what qualitative research is and how it relates to education, looking at both the theoretical and historical concepts. In the next four chapters, the concepts are applied to the actual practices of design, fieldwork, data collection, and data analysis. From there, it proceeds to writing up findings. In the last chapter, it focuses on a special set of cases in qualitative research in education—applied research.

In this chapter, evaluation, action, and practitioner research have been discussed.

FEATURES

- Provides strong coverage of applied and action research helping students relate research to classroom practice.
- Addresses the changes post-structural and feminist thought have had on qualitative research.
- Includes a glossary to assist student understanding of difficult terminology.
- Features Appendix B with examples of field notes, guides students who are new to field work.
- Incorporates numerous tables and photos that assist visual interpretation and understanding.

CONTENTS

1. Foundations of Qualitative Research in Education: An Introduction.
2. Research Design.
3. Fieldwork.
4. Qualitative Data.
5. Data Analysis.
6. Writing It Up.
7. Applied Qualitative Research for Education.
