ONLINE PRIVATE COLLEGE PREPARATORY SCHOOL FOR GRADES K-12

Education that unlocks opportunity.

The right school can connect your child to a future of unlimited possibilities. At International Connections Academy (iNaCA), we believe that helping students discover a love of learning is the key to reaching their potential.

iNaCA is an online private college preparatory school for students in grades K–12. We connect students worldwide to a superb program that challenges and inspires young minds. iNaCA provides a strong foundation in the basics and ensures that students gain the knowledge and skills needed to excel in today's global economy.

Our program centers on one powerful idea: personalizing learning to meet each student's needs so that we can give every student the best chance for academic success—and establish a positive path to achieving future goals.

A STUDENT-CENTERED PROGRAM

AT INTERNATIONAL CONNECTIONS ACADEMY, we apply a student-centered approach, with the teacher, curriculum, and Learning Coach working together to support, enrich, and personalize the student's learning. We call this approach the Learning Triad.

LEARNING COACHES

typically support and motivate students and monitor schedules. Parents/Learning Coaches are also encouraged to communicate and collaborate with teachers.

connexus[®]

education management system is the online platform that facilitates learning. Students and Learning Coaches use it to connect with teachers, curriculum, and a wide range of resources.

TEACHERS

personalize lessons, evaluate student progress, provide feedback and assistance, and encourage students. Periodically, teachers instruct in real-time virtual sessions to provide targeted support based on student learning.

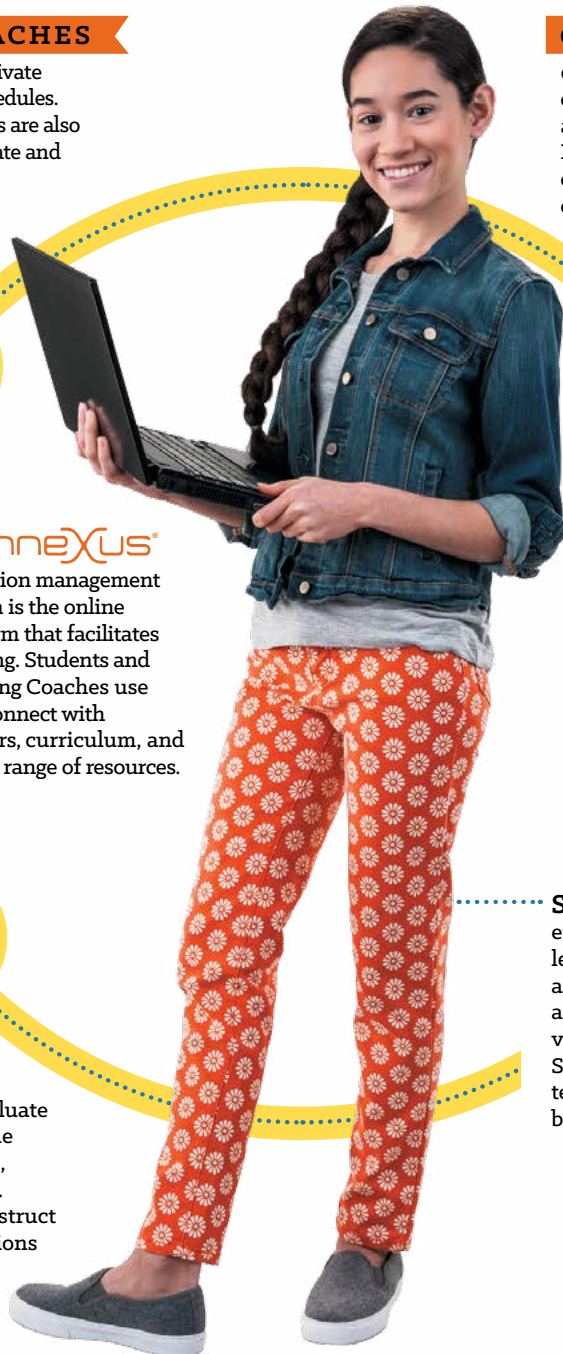

CURRICULUM

delivers engaging, interactive content, multimedia tools, and superb resources. It also provides teachers continuous information on students' progress.

STUDENTS

explore, create, and learn from home, accessing curriculum and resources via the Internet. Students can contact teachers for assistance by WebMail or phone.

PERSONALIZED SCHOOL FOR A CUSTOM FIT

THE iNaCA PROGRAM CAN BE CUSTOMIZED for students who are on track, students who want to get ahead, or any student who would benefit from flexible scheduling. Students find a welcoming community at iNaCA that really helps them thrive.

Because they get to know their students well, our teachers can personalize lessons to ensure that each student receives the right degree of challenge and support. We also have a team of experts dedicated to developing a high-quality curriculum that engages students and delivers real results.

DESIGN A CUSTOM PROGRAM

iNaCA's flexible program provides several options for tailoring a custom education plan for your child:

- Full-time enrollment
- Individual courses
- Summer school program

THE ROLES OF THE LEARNING COACH & STUDENT

THE FLEXIBILITY TO FOLLOW DREAMS

AS A VIRTUAL SCHOOL, International Connections Academy connects students and their families to a more flexible schedule than what a bricks-and-mortar school can offer. Students can also explore interests and pursue passions when the time is right for them—even during traditional school hours. Many students enjoy more time to connect with family, friends, and community.

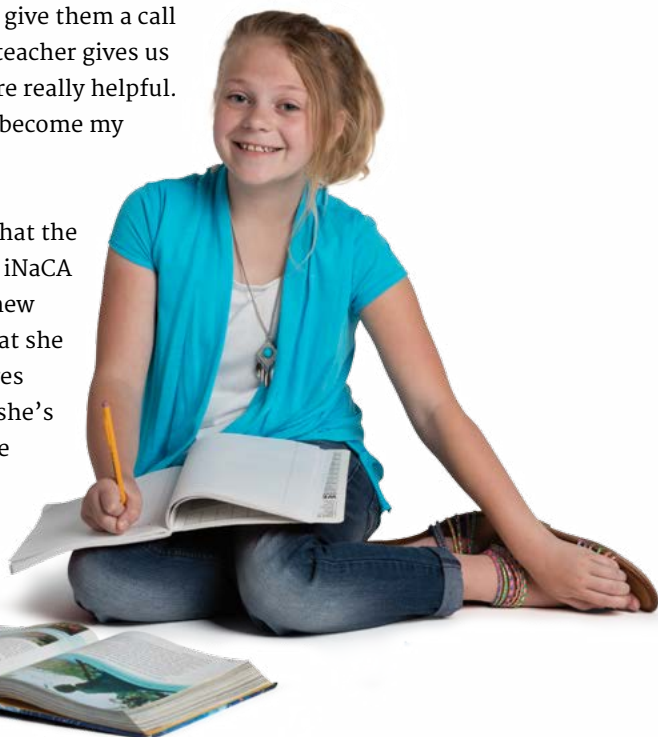

Schoolwork can be scheduled to accommodate family travel, music lessons or concerts, auditions, sports practices or competitions, and other activities—without the anxiety of students falling behind. While some coursework may need to take place at fixed times, there is always greater flexibility in how and where your student spends that time.

Samantha Sparks

GRADE 5

After her older siblings found success with International Connections Academy, Samantha Sparks and her family knew that the school was a perfect fit. Samantha is grateful that her teachers are always there to support her. She never hesitates to give them a call whenever she needs help. “My math teacher gives us extra LiveLesson sessions, and they are really helpful. My math grades have improved—it’s become my favorite subject,” Samantha says.

Samantha’s mom, Amy, has noticed that the wide range of courses and electives at iNaCA are helping her daughter to discover new interests and career aspirations. “What she wants to do when she grows up changes every day depending on what subject she’s learning about in class—right now she wants to be a chef!” Amy shares. The Sparks family is happy that iNaCA’s scheduling flexibility gives them more family time.

GET A HEAD START

OUR STUDENTS CAN CHOOSE from several ways to accelerate their plans for success in college or their career.

College Acceleration Program

iNaCA high school students have access to the Dual Diploma program through American Public University, which allows students to earn a high school diploma and an associate (AA) degree in four years!

Counseling Support

High school students at iNaCA receive full-service college counseling support, including guidance on submitting college applications, registering for ACT, SAT, and AP®* testing, obtaining letters of recommendation, and applying for scholarship opportunities.

NCAA-Eligible Courses

For college-bound student athletes who need extra time to pursue training, iNaCA's flexible program is a great option. Many of our core high school courses are approved for NCAA eligibility.

Career Technical Education (CTE)

Our CTE courses allow students to combine both college preparation and workforce skills development into one customized program. CTE courses encourage students to explore and prepare for careers in astronomy, marketing, psychology, and more.

Mac Roy

2013 GRADUATE

Mac Roy enrolled with iNaCA to accommodate his demanding tennis schedule while continuing to receive an excellent education. Because of iNaCA's flexible yet rigorous program, he grew to be a self-reliant and responsible student, fully prepared for college. He explains, "No one was reminding me to do my work every day. I was always traveling and had to stay on top of my daily tasks." Attending Michigan State University on a 5-year athletic scholarship, Mac has chosen an emphasis in psychology to help others in mind and body health and is in pursuit of his dream of owning a gym.
