

# From classroom **basics** to competition **strength,**

With Pearson NVision Series – 3rd Edition 2026

Pearson NVision supports your learner's journey—with structured chapters in print and built-in digital assessments, concept videos, exam strategies, and teacher orientation. Aligned to the latest NCERT curriculum, NVision turns clear explanations into measurable progress from classrooms to competitions. As an educator, start building the foundation for **JEE, NEET, and Olympiads like NSO, IOM, IMO, NSTSE, IOS** and many others with the help of our comprehensive series today.

## What makes it work

### **MyInsights:**

Diagnostics, real-time analytics, and personalised next steps to close gaps faster.

### **eLibrary:**

Offline anytime anywhere access, highlights, voice notes, and flashcards for active revision.

### **Structured for success:**

Crisp theory flows into intext exercises, checkpoints, solved examples—plus selected concept videos to reinforce tough ideas.

### **Practice that grows confidence:**

Three levels—concept, application, and exam level questions (with previous years' papers)—paired with digital assessments for timed practice.

### **Smart features that stick:**

Concept maps, archive corners for NTSE/Olympiad-level questions, and checkpoints to track understanding—supported by motivational tips and exam strategies.

### **Support for educators:**

Dedicated packages and ready to use resources streamline planning, delivery, and remediation—less admin, more mentoring.

## How this shows up in real life

### **For students:**

stronger fundamentals, sharper problemsolving, and examready confidence—with targeted digital practice.

### **For teachers:**

less time creating worksheets; more time mentoring, backed by ready to use plans and assessments.

### **For families:**

clear visibility into progress and reduced stress during exam season.

### **For schools:**

consistent outcomes across grades and sections with blended teaching and assessment.

## Giving learners a powerful digital edge

**eLibrary** – *always on, always within reach*

4,000+ titles, available online and offline, so learning doesn't stop when the Wi-Fi does.

24x7 access on multiple devices.

Voice notes, highlights, and flashcards to make revision active and personal.

Works seamlessly in class and in remote setups, so you can switch modes without missing a beat.

## MyInsights – *practice that mirrors the exam day*

Diagnostic tests and exam-focused practice series to pinpoint where to start.

Real-time analytics that show strengths, gaps, and progress at a glance.

Personalised feedback that turns data into next steps students can act on.

Builds smarter habits: better time use, fewer guesswork attempts, and more confidence under timed conditions

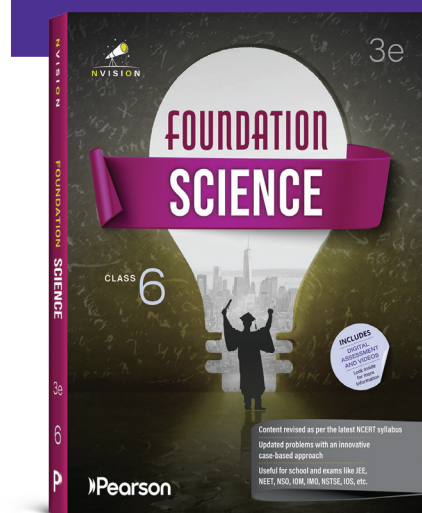

Exam preparation strategy videos

Graded exercises for practice

Theory reinforced Through practice

## About the Authors

### Ashutosh Gautam (Lead author, Chemistry)

As the Head of Department, Organic Chemistry, ISAC Learning, Kota and a Chemistry educator at PhysicsWallah, he has mentored over 10,000 students in his illustrious career.

### Bela Kalwadia (Co-author, Chemistry)

An established research scientist, Dr. Kalwadia has an extensive teaching experience in Kota, with various published research papers and patents to her name.

### Harshit Goyal (Lead author, Physics)

A B.Tech and M.Tech from IIT (BHU) with extensive teaching experience, he leads the annual course designing and planning for foundation and senior classes.

### Charry Yadav (Co-author, Physics)

An M.Sc (Physics), B.Ed and teacher since 2015, she has been previously associated with institutes like Unacademy, Vyas Edification, Nucleus Education, and Paravyom Education.

### Nisha Gautam (Lead author, Biology)

Director and Head of Department, Biology at Proton Tutorials since 2012, she has published research papers in the Indian Journal of Food Science and Technology.

### Harshita Sharma (Co-author, Biology)

She has a rich Test Preparation teaching experience at Resonance, Kota and Surat, and has also been associated with Resonance as Head of Department, Biology.

### About the book

The Standard Examination in High School Science (SEHSS), conducted by the Indian Association of Physics Teachers (IAPT), is designed to identify and encourage scientific aptitude among learners of Class X and below. This book has been carefully designed to serve as a structured preparation companion for SEHSS. Each chapter begins with a brief but meticulously crafted theoretical overview, followed by a series of graded exercises that allow learners to apply and strengthen their conceptual understanding. The pedagogical principle adopted is “theory reinforced through practice.”

With the Pearson NVision Series 2026 and our digital tools, your students don't just prepare for exams—they build the habits, understanding, and confidence that carry into every subject, every classroom, and the choices they make next.

**Empower students to love their journey**
