# TESTIMONIALS

**New English** Canrnival

"I feel this series is very informative and has in detail explanation of all the topics that are covered. Lot of new ideas and techniques are poured into the series to make learning interesting. The figures were neatly ligned, very appropriate to the content and well

The books are quite comprehensive for

The books are quite comprehensive for the students and give them a good scope to enhance their literary skills. My best wishes to the Pearson group for their upcoming series.

Kritee Dhawan, HOD (English), RIMT World School, Chandigarh

Vandana Sivaraj, PGT (Computer Science), Vidya Mandir, Chennai

**Click Code** Connect

The amount and quality of the texts included, have greater attention to detail inducing interactivity, the ability to arouse the interest of students and the capacity to actively engage and involve them in the learning process. This book is effective to stimulate and facilitate learning.

> Samita Pincha, Headmistress, The BSS School, Kolkata

> > **Longman Revised** Impressions

"The series Our Incredible Planet Grades 1-5 is by far one of the most student friendly books with lucid language and explanations. It is well organised and the chapters are sequenced appropriately as per NCF guidelines. In the series there is good balance of information to be transacted and research-based activities. Assessment at the end of chapters speaks volumes about teaching pedagogy to establish real life connections. It is activity and research based which promotes critical thinking and collaboration in children, the skills most required for $\sum$ making children future ready."

> Renu Aneja, Assistant Director, RED Group of Schools, Jhajjar, Haryana

> > Longman Our **Incredible Planet**

Telangana Pentacle

interesting for kids and it is up to the standard, as it has covered all aspects to enhance child's creativity and thinking. Students would definitely be benefited and gain required knowledge. Dr T Lalitha Kumari, Principal, Vivekananda Residential School,

I found it to be

सभी विषय भली-भाँति समझाए गए हैं। परिमाषाएँ समा प्रवय मला-माल समझाए गए हा पारमायाए छात्रों की मानसिकता के अनुकूल है। विषय के प्रारंभ में दी गई सामूहिक गतिविधि से पाठ में रोवकता एवं कक्षा में जीवंतता बढ़ गइ सामूहिक गातावाय से पाठ में रावकरत ९५ कवा ने जापराता बढ़ जाएगी। अभ्यास प्रश्न तथा गतिविधियाँ पर्याप्त हैं। पाठ्यपुरतकों से लिए णाएगा। जम्यारा त्ररग तथा भारापायप्या क्यारा दर नाज्य उराज्य समय गए उदाहरण सराहनीय हैं। अनुच्छेद लेखन, पत्र लेखन, संवाद लेखन भा सराहनाव हा अनुष्ठप लवन, पत्र ए आदि में नवीन संदर्भ लिए गए हैं। सुमन बुचलाकोटी, यूनिवर्सल कॉन्वेंट सीनियर सेकेंड्री

Interactions with personified five-elements to establish connect and prompt children to make their own plan for conservation

Extend It: Prompts students to think and helps to develop skills such as reasoning and communication Connect It: Applies the knowledge and skills learnt in the subject to other subjects, thus enhancing understanding and relevance of the concepts learned

Listening and Speaking:

Provides ample practice to learners to enhance listening and speaking skills and also learn the correct pronunciation Digital Support:

Galaxy of enriching digital assets such animations, videos, interactivities and more to support online teaching and learning Assessments: Extensive pool of worksheets with every subject that provides ample practice of concepts to the learner OENTAC

**Be a GK Champ** series takes learners on an exciting adventure through the large expanse of knowledge. It is an eight-part general knowledge series authored by **Asia's best-known quizmaster**, **Derek O'Brien**. The books are designed for primary and middle school learners to engage their minds with wide-ranging information and stimulating quizzes.

# Course Components

Students' Book supplemented with Current Affairs Booklet with literature on COVID-19

In-class teacher's build for the classroom and ActiveApp for the students

# About the Authors

**Derek O'Brien** dominated Indian television as the country's most well-known quizmaster for over two decades, asking questions to millions across India.

He was the host of the country's longest-running corporate quiz show, The Brand Equity Quiz, as well The Cadbury Bournvita Quiz Contest, the longest-running knowledge game show on Indian television.

He is a celebrated author, having written more than sixty bestselling reference, quiz and textbooks.

**Derek O'Brien** is a twice-serving member of the Rajya Sabha, from West Bengal. He is the leader of the Trinamool Congress' Parliamentary party in the Upper House and its chief national spokesperson.

Derek is the CEO of Derek O'Brien & Associates. He and his team of more than forty associates have been working closely with teachers and students for more than two decades to make knowledge available in a fun and interesting way.

# **Key Pedagogical Features**

Carefully graded quiz pages impart relevant information according to the level of the learner

#### Quizzes divided into nine sections— Nature and Wildlife, India, Sports,

Science and Technology, World Around Us, Literature and Language, Art and Entertainment, Mixed Bag, Problem Solving —for easy navigation Quiz pages interspersed with **facts** provide detailed and interesting information

Well-structured puzzles in Problem Solving section effectively develop analytical and thinking skills of the learners

A Champion's Checkpoint provides interesting additional facts to enrich learner's knowledge

Words/terms in the Help Box facilitate students to attempt the quizzes on their own Varied formats of visual and text quizzes including MCQs, aid dissemination of knowledge Test Papers at the end of the book to test learner's retention and facilitate summative assessment

Our Incredible Planet 1-5 is a coursebook series for Environmental Studies based on the latest guidelines of the National Council of Education Research and Training (NCERT), prescribed by the Central Board of Secondary Education (CBSE). The learner's immediate surroundings and day-to-day life experiences have been linked with the concepts taught in this series. This linkage aims at making the key concepts relatable and comprehensible for the learners.

Sensitivity, empathy and care for the environment are the recurring themes in this series in the hope that these values will be imbibed by the learners as they grow into citizens of the world. The exercises have been designed carefully to assess the learners on myriad skills promoting experiential, integrated and evidence-based learning. The pedagogy encourages the learners to participate in interactive learning and teaching processes along with teachers and peers inside the classroom and beyond.

The well-structured series is designed to cater to the new-age learners via a blended-learning solution consisting of both print and digital resources.

# Course Components

#### **Comprehensive Teacher's Resource Book**

that supports the teachers with lesson plans, provide ideas for assessments and activities to be conducted in class. It also provides solutions to the exercises given at the end of each chapter.

**ActiveApp**, a tool that supports the learners and teachers with plethora of digital resources for anytime, anywhere learning.

#### School Support Material (Teacher's build), a

digital platform to support teachers with varied digital resources to facilitate better teachinglearning processes to counter the challenges of present-day educational needs.

# About the Author

**Anuradha Mukherjee** has vast teaching experience of over two decades. She has been associated with prestigious schools in different parts of the country affiliated both to the CBSE and ICSE boards of education. She is currently working as TGT in Step By Step School in NOIDA, Uttar Pradesh.

# **Key Pedagogical Features**

Get Set Go! Warm up activities that connect the pre-knowledge of the learners with the topics to be covered in the chapter

Fact File! Interesting snippets of information related to the chapter that take learning beyond the coursebook

**Checkpoint!** Questions that help in guick recapitulation of the concepts covered

Word Guide Difficult words are highlighted in the chapters and their meanings are explained for vocabulary building

Try Out! Higher order thinking skill questions to develop the learner's critical thinking, creativity, reasoning and problem-solving skills among others

Wrap Up Quick summarisation of the chapter in the form of infographics

**New Images Next** is the 10th Anniversary edition of the most popular comprehensive ELT course from Pearson. Following the communicative approach, it aims to prepare learners to be successful in a complex, interconnected and changing world. This course has been designed to train the learners to have control and command over the language in any given situation. The course adheres to the National Curriculum Framework 2005, with special focus on learning outcomes.

New Images Next promotes whole-brain pedagogy with 8 steps—Connect, Reflect, Imagine, Read, Consolidate, Create, Extend and Relate to effectively connect the Right Brain and the Left Brain for Whole-brain Development. This ultimately helps the learner develop the four language skills—listening, speaking, reading and writing—along with vocabulary and grammar. This innovate course keeps the student at the centre of learning and encourages teacher-student interaction for collaborative and experiential learning.

# Course Components

Class Book (CB), Home Book (WB), Storybook (LR), Comprehensive Teacher's Resource Book

In-class digital for the classroom and ActiveApp for the students

# About the Authors

**Dr Vasanthi Vasudev** has 35 years of multi-dimensional experience in K-12 education which began as a teacher of English. Formerly Principal of Sir Sivaswami Kalalaya Senior Secondary School, Chennai, and Co-Founder and Academic Director of APL Global School, Chennai, Vasanthi is the Founder Director of Osmosys Learning Products and Services, an educational consultancy firm. As a specialist in modern psycho-pedagogies, Vasanthi has set up schools and trained teachers across the country. She is also the author of a successful ELT series New Images.

**Brinda Ramesh,** a former senior lecturer with the National Council for Educational Research and Training (NCERT), has 14 years of experience in teacher training and content development and eight years in teaching English. Currently, she lives in the beautiful hill town of Ranikhet and teaches English on a voluntary basis to local children and young people.

# **Key Pedagogical Features**

**Connect** engages the student emotionally with an experience related to the lesson and helps them to 'connect' to the text they are about to read.

Consolidate tests for factual recall, inferential,evaluative skills through structured comprehension exercises.

**Reflect** helps to activate the existing knowledge that the student possesses.

Create fosters enhanced vocabulary through student-friendly activities. Imagine stimulates creative thinking, imagination, art, intuition and more.

**Extend** develops imaginative thinking, formal writing and extrapolative thinking skills. Read has a well-balanced selection of prose, poetry, drama and comics to improve reading skills and provide a global perspective.

**Relate** develops project skills in various multidisciplinary and life-centric contexts.

**Magic Strokes** is an 8-grade modular course for the teaching of English that aims at developing language skills in a focused manner. A board-inclusive product, the course is aligned to GSE (Global Scale of English) developed by Pearson that measures language proficiency more comprehensively than the CEFR. Modern psycho-pedagogy, Constructivism, which forms the basis of its learning experiences makes the course appealing to all learning styles and preferences.

# **Key Pedagogical Features**

Experience is the first constructivist step. It includes three substeps: Vision, Imagine and Experience. This section sets the context for the chapter.

Observe is the second constructivist step. It contains text supported by colourful visuals. Express is the third constructivist step in which the learners, after completing the Observe step, are expected to do activities to enhance their learning.

Observe and Express is the overlap between the two constructivist steps where multi-sensorial inputs are given to elicit multi-sensorial responses, providing ample scope for satisfying the learning style and preferences of all learners.

Integrate is the last step in constructivism which contains TOLL (Transfer of Language Learning) activities. This section is aimed at consolidationof all the skills learnt in the chapter.

Scaffolding has been used as a tool to teach skills.The course utilises one skill to scaffold the other. Magic Strok

# **Key Pedagogical Features**

Theme Pages: Prepare the learner for the major topics to be taught in the chapters.

Brush Up Pages: Include fun activities and multi-skill projects. Text Selection: Represent the best of world literature and Indian writing in English.

Phonics: Exercises to hone pronunciation skills

Listening and Speaking: Comprises listening and speaking exercises to hone the communication skills of learners.

Vocabulary: Contextual vocabulary with interesting exercise formats.

Grammar: Graded grammar content explained step by step with ample reinforcement.

A comprehensive blended language course, developed in collaboration with some of the finest practising English teachers of the country, it provides a brand new framework for engaging the learners in exciting and challenging ways to acquire age-appropriate language skills. It aims to cater to the needs of different kinds of learners, developing their skills to navigate real-life situations and to ensure that they are future-ready. The series includes the latest learning indicators prescribed by NCERT to help learners achieve proficiency in language skills.

# Course Components

Coursebook, Skill Book, Literature Reader, Comprehensive Teacher's Resource Book

A blended learning solution that combines a pedagogically sound course with innovative teaching and learning resources – seamlessly integrating technology with the textbooks to ensure effective learning in a learner-friendly classroom environment. **ActiveApp** for students provides resources for them to practise and revise the classroom lessons.

# About the Authors

Santhini Govindan (award-winning writer of children's literature) Rohini Jyoti (Bluebells School International, New Delhi) Neelam Sanwalka (ELT expert and teacher trainer) Julie Varghese (St Columba's School, New Delhi) Lesley Young (City Montessori School, Lucknow)

# **Key Pedagogical Features**

All learning outcomes explained at the beginning of the book to help steer teaching towards the desired objectives. Self-assessment and proficiency statements for learners to ensure that they are aware of their skill levels at each stage. Includes latest learning indicators prescribed by the NCERT to help learners achieve the skills of listening and speaking, reading, writing, grammar and vocabulary.

Interesting text selections to enrich the reading experience of learners and also inculcate an appreciation for good literature. A unique blended learning solution – Active Teach – provides additional resources for both teachers and learners.

The series aims at developing essential language skills and making learners future-ready.

Skill Books for extra practice and Literature Readers for reading for pleasure. RAM

Your Window Learning English

**The Lighthouse Series**, designed on the basis of the new ICSE syllabus, is a set of coursebooks for grades 1 to 8. The series guides the learner into learning language through the study of literature. Each coursebook takes a progressive approach to learning, with the chapters broken up into three levels of learning: elementary, intermediate, and advanced. The series features a set of challenging and exciting texts from a wide range of literary genres, periods, and forms, followed by a range of activities and exercises that enable learning in the areas of comprehension, vocabulary, listening and speaking, grammar usage, and writing. The coursebooks are supplemented by practice books that provide sufficient material to reinforce the learning from the coursebooks.

# Course Components

# Print

Coursebook, Practice book, Comprehensive Teacher's Resource Book

A blended learning solution that combines a pedagogically sound course with innovative teaching and learning resources and seamlessly integrates technology with each coursebook to ensure effective learning. **ActiveApp** for students provide resources for them to practise and revise concepts learnt in the classroom.

# About the Consultant Editors

**Dr. Meenakshi Malhotra** brings to the series her extensive experience and enriching world view. She is Associate Professor, Department of English, at Hansraj College, University of Delhi. Gender studies and curriculum development are areas of special interest for her.

**Dr. N. P. Ashley** is Assistant Professor of English at St. Stephen's College, Delhi. An educationist who has consulted with schools in India and the UAE, he is deeply interested in the social content of education and theatre as a domain of pedagogy in the learning and teaching of English. Ashley is a socio-political commentator and translator, with international academic projects to his credit.

Each coursebook has been written by currently practising teachers based in schools in India and abroad.

# **Key Pedagogical Features**

An inclusive and diverse collection of literature from India and around the world-a variety of genres and forms, new and original content alongside literary classics.

Texts that create awareness about contemporary social issues and generate discussion in the classroom.

Mapped to upgraded and comprehensive curricula.

Emphasis on development of Listening and Speaking Skills with defined outcomes, with enhanced digital support. Three levels of comprehension exercises help students to recall information, reflect on the text and develop their skills of literary appreciation and analysis.

Special section in each lesson to expose students to more textual forms from everyday life, linking language usage to real-life.

Grammar, with its sets of rules and structures, forms an indispensable cornerstone of language learning. **Climb with Cornerstone**: Grammar and Composition Skills for 1 to 8 teaches grammar in day-to-day contexts. The revised edition comes with upgraded grammar exercises, vocabulary pages, conversation practice, composition tasks and comprehension passages.

#### Course Components

Grammar Books, Comprehensive Teacher's Resource Books

The world's most trusted grammar source for clear, direct, and comprehensive instruction, the Azar-Hagen Grammar Series takes a time-tested approach that blends direct grammar instruction with carefully sequenced practice to develop all language skills. Grammar is the springboard for developing all language skills: speaking, listening, reading, and writing. With clear, user-friendly charts and engaging interactive practice, it's easy to see why this classic series remains the top-selling text in its field year after year.

# About the Authors

Betty Azar is author of the Azar Grammar Series, now the Azar-Hagen Grammar Series. She studied European literature in college. She started her career teaching writing courses for first-year American college students.

Stacy Hagen is author/co-author of numerous textbooks in the areas of listening, grammar, writing, speaking, and pronunciation. In 2004, she became co-author of the Azar-Hagen grammar textbooks and has since worked full-time on the series. Prior to that, she was a classroom teacher for 20 years, and has also been an administrator and teacher trainer.

#### Word Perfect Spelling

Focusing on expanding the understanding of words as well as improving and perfecting spelling, this ninebook series is perfect for students who want to improve their word power. With an accompanying word reference book (Book Eight) and clear illustrations, this series reinforces the key rules and procedures behind the spelling and use of words.

# <section-header><text>

Longman Reading Comprehension and Composition is a contemporary course designed to develop and sharpen reading and writing skills.

The series is enriched with texts of contemporary relevance and style as well as time-tested classics. The selections include extracts from the works of Dr APJ Abdul Kalam; biographies of icons such as Nelson Mandela, Mother Teresa, Pandit Ravi Shankar and Steve Irwin; folktales from the Asian subcontinent; works of Lewis Carroll, Charles Dickens, Charlotte Bronte, William Blake, Alexandre Dumas and R L Stevenson as well as Sarojini Naidu, Rabindranath Tagore, Ruskin Bond, Kamala Das, Gieve Patel and Keki N Daruwalla among others.

The texts are explored through comprehension questions designed to engage the students and develop their reading skills of skimming, scanning, predicting, analysing, inferring and extrapolating ideas from the text. The composition section provides graded and guided support for a variety of writing tasks covering formal and informal styles and producing a wide range of text types.

# About the Authors

**D A Tressler** is a materials developer and well-known author and has taught in various capacities, with distinction, for over 30 years. She is presently Director, Schools, Lott Carey Baptist Mission in India.

**Ratna Dhar** is a materials developer and author. She has been teaching English for over 20 years. She is currently the principal of The Millenium School, Karnal.

# **Key Pedagogical Features**

In Focus has lesson objectives outlined in student-friendly terms to empower the students to understand and measure their own learning. Word Focus contains pre-reading vocabulary activities to introduce the context/theme of the lesson, activate passive vocabulary and get students thinking and predicting. Reading covers a wide repertoire of texts with a range of genres— from contemporary fiction and poetry to travelogues, letters, speeches, memoirs, plays, news articles, reports, biographical profiles and writings in science and technology.

Composition has guided exercises in creative writing to help the students appreciate and apply the nuances and structures of the language. These writing tasks are contextually linked, graded and mapped to curricular requirements at each level. The formats include gap filling, multiple choice questions, long answer and short answer type questions, focusing on skimming and scanning skills, inferential and analytical skills as well as evaluative and extrapolative skills to develop critical thinking in students.

Comprehension contains exercises to help the students hone factual, inferential, deductive, analytical and predictive skills. Readingene Composition Composition

**Comprehensive Grammar & Composition** is a textbook designed to familiarise learners with the nuances of English grammar through situations and contexts that Grammar Champ is a series of graded grammar books for early learners, which focuses on teaching the basics of English grammar essential for understanding are easy to relate to, while preparing them to cope with the language paper in their board examinations. and correct usage of the language. While special care has been taken to keep the explanations of grammatical terms easy to understand with ample examples, the practice exercises have been designed to pose enough challenge to help hone the learner's intelligence in applying the grammatical concepts learnt.

The book aims to present grammar topics with clarity to ensure accurate and appropriate usage. Detailed exemplification makes it a perfect companion. The sections on comprehension and composition provide students with additional writing practice and exposes them to the use of English in various real-life situations.

**Expanded Universal Science**, is a qualitative and quantitative expansion of our flagship series of science book—Universal Science. The series is now also available to learners of grades 9 and 10, in extension to the existing series of 1–8, that was first launched in 2012. The series has variable components, bundled according to the need of the learner of a particular grade. It includes practice book, relevant digital support and assessment. This extended series has a whole new set of activities carefully crafted by experts to keep the learner engaged and instill skills of inquiry. The series is learner centric and aims at helping learner achieve the intended learning outcomes. The series has a completely revamped set of questions in order to help students prepare better for the new examination pattern mandated by the CBSE.

For classes 1-8: Coursebook and CTRB For 9 &10 : Separate Coursebooks and application books for Physics, Chemistry and Biology

A blended learning solution that combines a pedagogically sound course with innovative teaching and learning resources, seamlessly integrating technology with the textbooks to ensure effective learning in a learnerfriendly classroom environment. The teacher's version includes some more elements as compared to the student's version. It includes a student's ActiveApp and simulation for classroom practice.

# About the Authors

All the authors are practicing academicians with decades of experiance

Primary: Natasha Mehta

Middle: Anupama Bhandari, Anita Sood, Shelly Wadhwa and Madhabi Bose

Secondary: Deepika Sachdev, Anupama Bhandari, Shelly Wadhwa and Meenal Verma

# **Key Pedagogical Features**

Stepping Stones establishes a connect between what the learners know and what they will learn about in the chapter.

**Run Through** helps in quick recapitulation of a topic covered. Know Your Scientist establishes admiration for the contributors of the subject.

Wonder Box has some interesting facts related to the topic being discussed. Track Your Progress is a quick self-assessment tool, helping the learner/ teacher to decide if the topic needs to be visited again

Get it Right & Remember to caution the learner against probable misconceptions and emphasising on quick tips and tricks to help students remember the learnings.

**Enunciation** New words are accompanied with their pronunciation at their first appearance. **Timeline** is a list of the series of events chronologically that relates to the topic discussed, justifying the historical development of science.

**CISCE Universal Science** series resonates with the board's vision of empowering children to contribute towards a humane, just and pluralistic society. Hence, this book rests on a thought to make a course that enables the children to be well-prepared and future ready. It also aims to lead them in a progressive and phased manner to derive full benefit of the content available. The series targets a holistic and broad-based learning.

# Course Components

Print

With this series, Pearson's ActiveApp is being launched in primary segment of CISCE Science course. It comes loaded with interesting digital assets like animations, videos, games, simulations, etc. The ebook included has digital assets tagged in positions where there are best suited.

# About the Authors

# Key Highlights

- Theme Based
- Curriculum centric
- Comic chapters
- Assessments- Comprehensive and Exemplars
- Chapter at a glance

# **Key Pedagogical Features**

#### Inquiry

Each topic is in the form of a question that gets answered in the text

#### **Comic Chapter**

Comic representation of a complete chapter for the first time in a science coursebook to break monotony and make learning child-friendly

#### Assessment (Comprehension and Exemplar)

Higher order questions for advanced learning and evaluation

#### **Round table**

Gives a topic for group discussion(GD) in class. Helps in development of listening and speaking skills

#### Get it right

Eliminates the chances of widespread misconceptions

#### Enunciation

Helps in acquiring neutralaccent pronunciation of words Science in Action Activities to explain concepts

#### Chapter at a glance

Gives a detailed chapter summary in a single page recapitulation

The Unravelling Science (ICSE) series includes Physics, Chemistry and Biology. It consists of a set of nine coursebooks and nine workbooks for middle school. The content has been presented in a manner that provides students a clear insight of the basic concepts and principles of science.

Coursebook, Workbooks & Teacher's Manual

Teacher's CD-ROM

# About the Authors

**Rupal Oza** is currently associated with S.N. Kansagra School in Rajkot (Gujarat), in the capacity of secondary school facilitator as well as a curriculum designer and validator for educational software. Her area of specialisation is Biology.

**Ela Chowdhury** is currently the Vice Principal of St. Stephen's School, Dum Dum (Kolkata). She has a vast teaching experience of about 30 years, with specialisation in the subject of Chemistry.

**Purnima Choudhury** is currently associated with Delhi Public School, New Town (Kolkata), in the capacity of Examination Coordinator. Her area of specialisation is Physics. She has a teaching experience of over 12 years. She has attended several ICSE/ISC workshops and was a part of a school excursion to the Kennedy Space Centre of NASA in December 2013.

# **Key Pedagogical Features**

Learning Objectives at the beginning of each chapter clearly define the goals of study. Activities, wherever appropriate within the text, are easy to do for practical verification. **Quick Check** questions are interspersed within the text for quick self-testing.

**Keywords** presents all the key terms along with their definitions. Think Through questions present within the text prompt the students to think out of the box.

**Connecting the Dots** is a recapitulation of a chapter through mind maps. Did You Know? in each chapter provides interesting facts to enhance learning. Know Your Scientists introduces the students to the works of some renowned scientists in the various fields of science. vellin

GITEMEST

Revised Longman Active Science consists of an Introductory book (primer) and books for grades 1 to 5.

What is unique about this product is its inductive-deductive approach, which prompts the students to think and deduce facts related to various concepts.

# About the Authors

**Vidhu Narayanan** has been in charge of the Science Centre at Sardar Patel Vidyalaya, New Delhi, since 1995. Apart from seeking out new ideas on her own, she constantly encourages her students to be keen observers and to try out new activities themselves.

**Saroj Jhijaria**, with several years of teaching experience, extends her search for new practical ideas in Biology, based on simple materials and plant/animal life easily available in India. She is also a part of the team at the Science Activity Centre at Sardar Patel Vidyalaya.

**Gayatri Moorthy** (Consultant Editor) started her career as a science teacher for the middle school level. She went on to become Coordinator, Educational Planning Group, New Delhi. She set up the Science Activity Centre at Sardar Patel Vidyalaya, New Delhi, 25 years ago, and continues to be associated with the school as a consultant.

Maths Ace Prime is a series of eight books for grades 1 to 8. It is perfectly aligned to CBSE curriculum and other boards that follow the NCERT guidelines. The series also resonates with the guiding goals of the Education Policy 2019—Access, Equity, Quality, Affordability and Accountability. The pedagogical structure of the series has been designed to be appropriate and effective, based on learner's cognitive and socio-emotional development. The segments on Intelligence Quotient, Emotional Quotient and Happiness Quotient have been developed to achieve the foresaid goals. As suggested by the Education Policy, the series keeps the central control with the teacher, focused on the student and educational aims.

The teachers have been equipped with enough tools to meet the learning needs of a diverse group of learners.

# Course Components

Coursebook & Comprehensive Teacher's Resource Book

Maths Ace Prime comes with In-class Teacher Build for teachers and ActiveApp for students that makes learning more mobile and generation friendly. The series has also made an advancement in its digital content. In its latest version, the series has also included one of the gems of our heritage—Vedic Mathematics. A complete course that will help students have a better command over the subject.

# About the Authors

**Hira Prasad**, Headmistress for Junior section in Birla High School, Mukundapur. She is a renowned primary teacher for Mathematics, having a rich teaching experience. She has conducted various workshops on pedagogy to teach primary classes.

**Rajesh Hassija**, Director-Principal of Indraprastha Group of Schools, Delhi-NCR has a rich experience of 33 years of teaching in various established schools of Delhi-NCR. He has been awarded with the prestigious National Award for Teachers in 2002 by Dr APJ Abdul Kalam.

# **Key Pedagogical Features**

Focus Olympiad: A seperate segment to prepare for bench-marking tests Enrich your intelligence Quotient: Questions based in Higher Order Thinking Skills and Projects for extended learning Enrich your Emotional Quotient: Text and questions that strike the emotional chord; contributions of Mathematicians

Enrich your Happiness Quotient: Games and fun activities to add spark to learning **Apply It:** In-text application based questions that relate to the real world

**Get It:** Note of caution against some common mistakes that learners make

**Grasp It:** emphasis on key concepts Maths In Action: Text and questions that demonstrate application of Mathematics in day-to-day life

Mental Maths: Explanation and excercise for solving questions mentally

**NumberLine** is a blended-learning course in mathematics for classes 1 to 5. The series has been developed to comply with the syllabi of all major boards. It fulfils the objectives of teaching mathematics at the primary level more effectively. The series is based on an extensive feedback from teachers and employs dynamic and innovative teaching-learning techniques that stimulate and motivate young students to develop a passion for mathematics.

NumberLine 6 to 8: These books have been designed as per the latest syllabus prescribed by the Council for the Indian School Certificate Examinations (CISCE). The series is based on an extensive feedback from teachers and employs dynamic and innovative teaching-learning

# Course Components

Coursebook & Comprehensive Teacher's Resource Book

Student's DVD and Teacher's Build for Grade 1 to 5

Teacher's CD-ROM for Grade 6 to 8

# About the Authors

#### Grades (1-5)

**Hira Prasad**, is Assistant Head Mistress at Birla High School, Kolkata. She has many years of teaching experience.

#### Grades (6-8)

**Pawan Agarwal**, an alumnus of St. Xavier's, Kolkata, has over three decades of experience in teaching mathematics. He is currently associated with St. Helen's Convent, Darjeeling.

**Meenakshi Mani** has over two decades of experience in teaching mathematics. Her areas of interest are teaching through alternative problem-solving techniques and promoting activity-based learning.

# Key Highlights

- Carefully graded topics
- Extensive drilling
- Mental Maths
- Remember/Maths Tips
- Interactive approach

# **Key Pedagogical Features**

Extensive drilling has been provided in all chapters Interactive approach: The books follow an interactive teaching-learning pedagogy to ensure maximum participation of children Picture/activity/based study: interesting activities have been included to explain the pupils thus creating an interest for the subject

Remember/Maths Tip sections reinforce important mathematical facts and useful information

Mental Maths section develops mental agility to carry out calculations rapidly Worksheets and Test Papers have been provided for additional practice

**Carefully graded topics** help in better understanding of the chapter Numberly A Course in Mathema

**Universal Mathematics** is a series of ten books for students of pre-primary to Class 8. The series adheres to the **National Curriculum Framework**, 2005 and the books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training.

With this series, mathematics undergoes a smooth diffusion to the game of cricket—a sport passionately loved by children.

# Course Components

# About the Authors

#### Primer to class 2

**R. Jayasree** has 28 years of experience in teaching mathematics to primary and secondary level students. She is currently associated with St Mary's School, New Delhi.

#### Classes 3 to 5

**Sema Gandhi** is currently associated with Delhi Police Public School, New Delhi. She ha been teaching for the last 17 years and worked as a teacher at Laxman Public School, New Delhi and St. Luke's High School, Solan.

**Dorothy Rodrigues** has been teaching school students since 1987. She was associated with Carman Residential School, Dehradun, St George's College, Agra, and Greenfields School, New Delhi. Presently she is teaching at Delhi Police Public School, New Delhi.

#### Classes 6 to 8

**Jayashri Bhattacharya** is currently teaching at Delhi Public School, Rohini. Over the last 25 years of her professional career, she had been associated with Rajghat Besant School, Varanasi, Atomic Energy Central School, Jadugoda and NK Bagrodia Public School.

**Tarika Dhawan** has several years of teaching experience behind her. Presently she is associated with Delhi Public School, Rohini. Her other teaching assingments were with Vikas Bharti Public School and NK Bagrodia Public School.

**C K Manjunath**, the series editor, has over 15 years of professional experience and holds a PhD (Application of Neural Networks on Bio-Medicine), MS (Information Science) from IISc Bangalore, and ADIS (Documentation & Information Science) from Indian Statistical Institute. He is truly a versatile professional having sound knowledge of all the sciences, mathematics and information technology. Presently he is the principal of Yenepoya Group of Institutions.

# **Key Pedagogical Features**

Know Your Field at the beginning of each chapter clearly defines the topics covered within a chapter

Net Practice provides a recapitulation exercise from the previous class Tips, Remember and Catch Your Mistakes, wherever appropriate within the text, stress on important points and prevent students from committing common mistakes

Googly includes interesting questions that stimulate the higher-order thinking skills of the learners Innings questions interspersed within the text provide practice of the mathematical concepts just learnt

Chapter Innings at the end of each chapter includes mental maths questions and text-based problems for detailed revision Highlights at the end of each chapter lists a quick and easy summary of the concepts learnt

Honing Multiple Intelligences nurtures the various intelligences and provides a holistic learning experience

# <section-header>

**ActiveTeach Universal Mathematics** is a series of eight books for students of Classes 1 to 8. The series adheres to the National Curriculum Framework 2005 and the books have been designed in accordance with the latest guidelines laid down by the National Council of Educational Research and Training (NCERT).

All the books are written based on extensive research and each chapter provides exercises featuring a variety of questions to help the learners gather enough practice for better applicability in real-life situations. The series is innovative in its treatment of the subject and integrates, in every chapter, the theory of multiple intelligences propounded by Howard Gardner. The **ActiveTeach** platform provides ample scope for students to use digital content at home to revise lessons and prepare for tests while facilitating self-assessment.

# Course Components

# **Key Pedagogical Features**

The series provides innumerable examples, illustrations, engaging animations, captivating videos, video-based tutorials, concept-enhancing audios, differentiated worksheets and a host of interactive activities

Interesting games to help students learn in the playway method Glossary section equipped with illustrations and voice-overs to help in building a strong foundation in mathematics

Chapter Innings at the end of each chapter includes mental maths questions and text-based problems for detailed revision Highlights at the end of each chapter lists a quick and easy summary of the concepts learnt A special section on Active Widgets contain interesting mathematics resources such as 2D and 3D objects, virtual geometry box, converter, word finder, calculator and stopwatch

**Maths Rehearse** is a Maths Workbook series that is aligned to NCERT's Maths book, Math-Magic, bit by bit. The series consists of eight books for grades 1 to 8. The book is predictable in its structure to maintain ease of exercise and consistency. The series rests on a fine balance of objective and subjective type of questions. It also boasts of a variety of questions such as Multiple Choice Questions, Picture-based questions, Real life-based questions, Word problems and HOTS.

**Longman Active Maths**, a series of mathematics textbooks for the pre-primary to Class 8, guides the students into the world of numbers. Designed to make the subject appealing to the students, the revised edition is carefully graded and follows the latest syllabus and curriculum guidelines as laid down by the NCERT.

Explanation of concepts through easy-to-understand examples, which are followed by sufficient number of exercises, help to develop and hone mathematical skills from the very beginning. The students would benefit from the interactive approach and enjoy doing mathematics.

# Computer Applications

Computer Science For class 9 (CBSE/State boards)

The new entrant in Pearson's flagship computer series, e-World, is a book developed for course named "Computer Applications". It is created for students of grade 9, strictly as per the curriculum released by CBSE in 2018. Blended with rich pedagogy, concepts are explained using suitable screenshots, figures, diagrams and tables. The book provides necessary and required emphasis on hands-on and practical aspects to the subject with a variety of questions and chapter-end exercises. Performing various tasks are taught in a stepwise and systematic manner using Windows 7 and Microsoft Office 2010 tools. Programming languages such as Scratch and Python are discussed in grade 9 to ingest coding skills in learners right from the middle school level. The course book also comes with ActiveApp which is an amalgamation of traditional teaching approach with digital exposure giving an experiential learning journey to students.

A blended learning solutions to aid learning with the help of audio-video tools, interactivities, simulations and assessments. It will give students a hands on experience of practical implementation and application of concepts learnt

# About the Authors

**Anshu Kumar** is PGT Computer Science, Delhi Public School, Rohini, Delhi. She has many years of experience in teaching senior classes.

**Shweta Malik** has also been teaching senior and middle school classes. She has experience in preparing academic support material and conducting workshops on animation and graphical packages.

# **Key Pedagogical Features**

Reinforcement Zone: provides in-text questions for quick self-testing. Quick facts and tips provide useful and exciting pieces of information to build learning interest. Animation, games, simulations, interactives and assessments clubbed with the textbook form a perfect blended learning package.

Activity time and lab exercises in every chapter for practical, handson experience. Assessment zone with carefully graded exercises to test knowledge of concepts learnt. Worksheets, Project Work, sample Olympiad Questions and TechTerms included.

Pearson

Computer ion

**e-world** is an endeavour to prepare the future generation to meet the challenges of an ever-advancing society and a dynamically changing environment. The series aims to ensure that children are equipped with a repertoire of technical skills and a positive attitude to become responsible citizens in a globally competitive society. The content in this series has been planned and organised in a systematic manner as per the guidelines of the curriculum. It is ensured that learning is a joyful experience for all learners and they can understand not only what they learn, but also how this learning is relevant in their lives. The series uses interface of Windows 10 to explain the concepts. With the aim to provide a blended learning experience to the learners, the series is supplemented with Pearson's flagship digital conetnt in the form of ActiveApp. ActiveApp is a web-based learning solution which provides amalgamation of traditional teaching approach with digital exposure giving experiential learning journey to students

# Course Components

Coursebook and Comprehensive Teacher's Resource Book

# About the Authors

**Anshu Kumar** is PGT Computer Science, Delhi Public School, Rohini, Delhi. She has many years of experience in teaching senior classes.

**Shweta Malik** has also been teaching senior and middle school classes. She has experience in preparing academic support material and conducting workshops on animation and graphical packages.

Sanchayan Kumar Ray, currently the subject coordinator and teacher of Computer Science in Don Bosco School, Kolkata, has almost two decades of experience in teaching

# **Key Pedagogical Features**

Set Up: Warm-up activity for learners to set the context for concepts to be discussed in the chapter Update: Provides interesting piece of information related to the topic Inshorts: Presents alternative options or shortcuts for performing operations

**Refresh:** Summary of the concepts learnt in the chapter for quick and easy recapitulation **Bookmark:** List of new and important terms and their definitions at the end of every chapter

Process it: In-text questions for practicing and testing the understanding of the concept just learnt

**Execute:** Carefully graded and comprehensive excercise at the end if the chapter to test knowledge of concepts learnt See Thomas and Annue

Aimed at students of classes 6–8, e-world ICSE Edition is a series written in a lucid and student-friendly style. The books present key concepts pertaining to Computer Science education in a comprehensive and detailed manner. Care has been taken to include information about the latest technological developments in the field of computers. Performing various tasks in Windows 7 and Microsoft Office 2010 has been taught in a stepwise and systematic manner. The programming concepts and fundamentals have been presented with numerous example codes and test runs, thereby making the books conducive for self-study. All the topics have been explained with suitable screenshots, figures, diagrams and tables, wherever appropriate. With a variety of questions and chapter-end exercises, the books provide the necessary and required emphasis on the hands-on and practical aspects to the subject.

## Course Components

Coursebook

Teacher's CD-ROM

- E-book
- Dynamic question bank
- **Tutorials** demonstrating the important applications of each software with voice-over
- Quizzes
- Complete source codes for all the example programs in the book
- Additional worksheets
- Answer key

# About the Authors

**Anita Goel,** a PhD in Computer Science from Jamia Millia Islamia, New Delhi and Associate Professor in University of Delhi, has more than twenty years' experience teaching the subject. In addition to supervising research students for the doctorate programme, she has authored numerous research

papers and also a book titled Computer Fundamentals published by Pearson Education in 2010.

**Sanchayan Kumar Ray**, currently the subject coordinator and teacher of Computer Science in Don Bosco School, Park Circus, Kolkata, has almost two decades of experience in teaching the subject to students in varied age groups. Apart from teaching the subject, he has also worked on consultancy projects and has developed monitoring and management software applications for reputed organisations.

# **Key Pedagogical Features**

Infohub provides interesting add-on information related to the topic at hand **Be a Techie** provides guidance to students for practical application of the knowledge gained Tech Bytes at the end of the chapter presents all the new and important terms with their definitions

Activities and Projects at the end of the books are additional hands-on exercises to strengthen the understanding to hone computer skills

Bits to Remember provides a quick summary of all the concepts learnt in the chapter

Image Study, a unique feature in every chapter, is designed to improve the observation and analytical skills of the students Lab Zone lists ample practical handson exercises for further honing the skills required for researching and programming **Crossword Zone** features a word puzzle to serve as a tool for revision of each chapter in a fun-filled way

**Crest: An Integrated Term Series**, a series of books for classes LKG, UKG and 1–5, facilitates 'learning without burden' and follows the recommendations of the National Curriculum Framework, 2005. The series integrates the core subjects—English, Mathematics, EVS/Science, Social Studies and General Knowledge—in a well-graded and interactive manner to ensure the learner's holistic development.

Semester Books (2), Practice Books (2), Comprehensive Teacher's Resource Books

A blended learning solution that combines pedagogically sound course with innovative teaching and learning resources—seamlessly integrating technology with the textbooks to ensure effective learning in a learner-friendly classroom environment. ActiveApp for students provides resources for them to practise and revise the classroom lessons.

# About the Authors

Ashoo Kalra has been associated with reputed institutions. She is presently Vice-Principal, Delhi Public School, Varanasi. She is a prolific author and brings to her content, gleanings from a rich experience as an educator.

**S. Latha** has an experience of over 13 years of teaching Mathematics. She has been a recipient of the Ramanujan Award in 2012 for the best Maths teacher and the Wipro Smart Teacher Award in 2008. She is currently associated with Pushpalata Matriculation Higher Secondary School, Tirunelveli, Tamil Nadu.

**B. Vijayalakshmi** has an experience of over 20 years of teaching Social Studies and English. She has been a recipient of the International School Award instituted by the British Council in 2013.

**Dr Abiya Chelliah** is currently an Assistant Professor at the Department of Botany, St John's College, Tirunelveli, Tamil Nadu. A patient teacher and researcher, Dr Chelliah has around a decade's experience of teaching science and writing, reviewing and editing books and research journals.

# **Key Pedagogical Features**

Apply it: emphasis on the practical application of knowledge **Picture Study,** a picture-based activity, is provided in EVS and Social Studies to inculcate the power of observation.

Warm Up, a pre-reading activity, sets the tone of the chapter in an interesting way.

Speaking and Listening sections in English facilitate the assessment of speaking and listening skills (ASL). Values and Life Skills section is aimed at developing work ethics and social responsibility.

Project hones the skills of observation, investigation, analysis and drawing conclusions. **Catch Your Mistakes** in Mathematics helps the students work out a sum with accuracy. Think and Answer is aimed at triggering thinking and reasoning skills beyond the level of classroom learning.

**New Longman Vistas** 1 to 8 is a revised integrated Social Studies series, based on the latest National Curriculum Framework. It has been developed for effective teaching and learning of Social Studies in the classroom and beyond. Its content is graded as per NCERT guidelines and presented in a new and attractive layout. It is a blended learning resource for the new-age learners; a combination of print and digital learning.

## Course Components

Coursebook and Comprehensive Teacher's Resource Book

### ActiveApp:

Content-mapped digital resources promote interactive learning engaging videos, animations, games and interactive activities that facilitate understanding.

Active widgets include easy to use tools

Useful elements like Heritage Studies (Classes 3 to 8) make teaching and learning of Social Studies relevant as well as interesting.

School Support Material (Teacher's build) has Worksheets, Dynamic Question Zone, Answer Keys and more.

# About the Authors

- Mukta Misra (Principal, DPS, Siddharth Vihar, Uttar Pradesh)
- Geeta Sehgal (Director of Academics, Modern Public School, Shalimar Bagh, New Delhi)
- Aditi Misra (Director Principal, DPS, Gurugram)
- **Guneet Ohri** (Founder, Principal, Suncity School, Gurugram; Resource person for CBSE)
- Vipul Singh (Associate Professor, University of Delhi)
- Anuradha Mukherjee (TGT, Step By Step School, Noida)
- Jasmine Dhillon (An active educationist with more than 15 years of experience)

# Key Highlights

- New layout and cover
- Timelines have been introduced
- Updated content and information
- New and updated diagrams, maps, illustrations and images
- Warm up activities
- My Corner

# **Key Pedagogical Features**

You will Learn:

Clearly outlines learning objectives

Did You Know?:

Provides extra information on a topic

### Key Terms:

Covers difficult words, now given on the same page as the term

### Life Skills:

Helps students to think, take decisions and have their own point of view

### Apply it:

Picture-based activity to encourage the application of concepts

### Find Out:

Encourage students to do research on their own

My Corner:

Special pages containing comic strips/trivia/activities to help engage the learners

### **Global Connections:**

Part of History section, Provides information about world events of the same period discussed in the chapter

R

**My Watchtower Environmental Studies for Grades 1 and 2 and Social Studies for Grades 3 to 5** is a well-graded integrated series that strictly adheres to the latest CISCE curriculum. The series caters to the new-age learners via in-class digital platform that is a blended learning solution of print, digital and assessment as it is the need of the hour. The series is a fresh breath of air as it focuses on innovative learner-centric pedagogical elements at both print and digital level. With 'learning without burden' as the philosophy driving the series, it is an amalgamation of the good old printed books with a distinct interdisciplinary approach and digital assets and widgets that makes learning interactive and fun.

The series is designed to inspire comprehensive and all-round development to ensure the practical application of knowledge gained in the classroom. It enables learners to learn in their own way, at their own pace and helps teachers to facilitate better teaching-learning processes inside the classroom to counter the challenging present-day educational needs.

# Print

Coursebook and Comprehensive Teacher's Resource Book

In-class digital with assets, assessments and widgets for teachers and ActiveApp for students

# About the Authors

**Nupur Bhattacharya** has over two decades of teaching experience in the subjects of social studies, environmental studies and English across various schools following both the CISCE as well as CBSE curriculums for classes 1 to 9 such as South City International and Garden High School, Kolkata to BD Memorial Institute, DPS Ruby Park, Kolkata; NIMS, Dubai (2018). She is an active teacher's trainer.

**Sujata Bhattacharyya** has over two decades of teaching experience in the subjects of social studies for various grades across schools following CISCE curriculum such as GD Birla Centre of Education, Kolkata, and has been the Head of Studies in Ambassador School, Dubai (2012–2016).

**Soma Nandy** has over two decades of teaching experience in the subjects of social studies, especially Geography, across both CISCE and CBSE curriculums in schools such as MP Birla HS School, Loreto House, Don Bosco School Park Circus and Birla High School, Kolkata.

# **Key Pedagogical Features**

Gear Up builds on the pre-knowledge of learners. Knowledge Trek takes learning beyond the book and inspires learners to know more. Milestones delineates major topics in a chapter and the learning outcomes of a chapter around which teachers can frame assessments.

Connect the Dots enables interdisciplinary learning and establishes connections with other subjects to facilitate learning in a real-life context.

Let Us Explore is critical and higher order thinking questions that develop learners' research and extra-reading abilities.

I do, I learn/We do, We learn are individual and group activities that aim to nurture creative and interpersonal skills among learners.

**Picture Study** develops the visual understanding of learners. Treasure Box are infographics that give important points for quick recapitulation.

With 'learning without burden' as the philosophy driving the series, Saga for grades 1 to 5 is a unique amalgamation of the traditional teaching method of storytelling and a modern approach to content. The series focuses on experiential and activity-based learning and gives learner the opportunity to learn better at their own pace, in their own way. It aims to make learners proficient in the domain of social sciences by nurturing multiple skills, values and perspectives that guide them to be sensible individuals and citizens of society. The content is aligned to the National Curriculum Framework.

# Course Components

Coursebook and Comprehensive Teacher's Resource Book

Saga: Social Studies series for classes 1 to 5 is an integrated social

**science series** with many attractive digital features to support seamless learning. The digital content is absolutely aligned to the content of the series. The integrated technology together with the coursebooks will ensure effective teaching learning in a learner-friendly classroom environment. The **ActiveApp** for students provides resources for them to practise and revise the classroom lessons.

# About the Authors

**Nita Ganguly** has been an educator and environmentalist for over 26 years and has won several National and State awards, including national winner of Rustam Irani Foundation's "Best Teachers award for Excellence in Education" in 2004 and "Excellence in Teaching Award in Innovative Teaching Practices" in 2010.

# **Key Pedagogical Features**

Knowing More provides interesting snippets of information that takes learning beyond the book. Find Out consists of critical/higher order thinking questions that develop learner's research skills.

Assessment and Test Papers help learners in periodic assessment and prepare them for examination.

Activities give learners the opportunity of learning by doing while studying the concepts. Exercises

provide ample practice and have life skill-based/ twenty-first century skill-based questions to hone every learner's individuality.

Talking Picture are application-based questions that help to develop the visual understanding of the learner.

# Saga Pages and Posters

present some important topics in an interesting and engaging manner using stories, activities and learner-friendly formats. **Peer Review** strengthens peer interaction and gives the opportunity to learn from each other.

*Longman Geography for ICSE Classes 6-8 (4e Updated Edition)* is a comprehensive study of the Earth and its physical as well as regional aspects. The series explores different lands, cultures, people and encourages students to appreciate the bond that exists between the humans and their environment.

The content has been presented in an easy-to-understand and comprehensive manner in order to move beyond mere narration of facts and figures. The aim is to make the study of this subject interesting and interactive.

# Course Components

Coursebook, Workbook & Teacher's Book

Student's & Teacher's DVD-ROM

# About the Authors

**Anuradha Mukherjee** has been teaching geography for over fourteen years in Kolkata, Delhi and Mumbai. Her expertise in writing books that are both informative and interactive has made her popular with teachers and students alike.

**Rupasree Mukherjee**, a senior geography teacher, has more than seventeen years of teaching experience at Don Bosco School (Liluah, West Bengal).

# **Key Pedagogical Features**

Milestones identifies the key ideas and outlines the learning outcomes of the chapter. Maps, photographs and diagrams help to understand the geographical concepts being discussed. Now You Know and My World provide additional information about concepts taught in a chapter.

Practice Maps at the end of every book for extensive help and practice in map work. Web Connect provides online references to relevant websites for further reference.

Review exercise helps to consolidate learning through various types of exercises. Snap Recap aids revision by summarizing the main concepts taught in a chapter.

# Expeditions ICSE Geography

Geography Grades 9–10 (ICSE)

**Expeditions—Geography for ICSE Classes 9 and 10** strictly follows the latest syllabus outlined by the Council for the Indian School Certificate Examinations (CISCE). Along with providing examination-oriented information, the books aim at making the process of learning enjoyable for the students. These books explore the physical as well as human aspects of our environment and aim at inculcating among students a deeper appreciation of the inter-relationship between man and his environment. The exercises at the end of each chapter have been designed keeping in mind the pattern of questions prescribed by the CISCE. Relevant diagrams and maps are adequately interspersed across the book to ensure an in-depth understanding of all the concepts.

Coursebook

Teacher's CD-ROM

- **Dynamic Question Bank** which enables teachers to auto-generate question papers.
- **an e-book** which has been designed as a dynamic and interactive tool to make learning more enjoyable.
- solutions to all the questions.
- printable outline maps.

# About the Authors

**Rupasree Mukherjee**, a senior geography teacher, has extensive teaching experience. She teaches at Don Bosco School (Liluah, West Bengal), which she joined in 1991. She has an advanced degree in Geography and a Bachelor in Education from the University of Calcutta. She is currently serving as the head of the Geography department at Don Bosco School.

**Baruna Ray Chowdhury** has an advanced degree in Geography from the University of Calcutta and a Bachelor of Education from Loreto College. She teaches Geography at La Martiniere for Girls (Kolkata, West Bengal) at the secondary and senior secondary levels and serves as the head of the Geography department. She has extensive teaching experience of more than two decades. She has also been conducting teacher-training workshops for teachers of secondary and senior secondary classes.

# **Key Pedagogical Features**

Scope at the beginning of each lesson outlines the main topics of the lesson. **Glossary** explains the most important technical terms used in a chapter. **Points to Remember** section helps students in the recapitulation of important concepts learnt in a chapter.

Review questions and the Model Question Papers help in further practice. The test papers are based on the latest marking scheme. **Exercises** at the end of each lesson include varied questions that adhere to the specifications of the ICSE examination question paper pattern.

Practice Maps and Booklet of Topographical Maps at the end of the Class 10 textbook will help students with map work. Internal Assessment/Project Work/Practical Work section prepares students for the ICSE examination by helping them to practically apply the knowledge acquired from the text.

The **Map Work** section prepares students for the ICSE examinations.

### FOURTH EDITION LONGMAN LONGMAN LONGMAN ONGMAN HISTORY AND CIVICS History and Civics **AND CIVICS** Grades 6-8 (ICSE) **JASMINE OHILLON** MINE DISILLON ASMINE THULLON VIPUL SINCH VIPUL SINCH VIPLIL SINCH P Pearson Pierson P Dearson

Longman History and Civics for ICSE Classes 6 to 8, 4e, is based on the latest syllabus prescribed by the Council for the Indian School Certificate Examinations. These books seek to dispel the common notion that history and civics are tedious and boring. They aim to make learning of the historical and political concepts an enjoyable experience. The pedagogical emphasis of these books lies in promoting the learning of the subject, as well as facilitating a clear understanding of the events that shaped the history of India and the rest of the world. Civics, usually regarded as dry and uninteresting, is presented in an engaging manner. The content has been specially designed to relate its importance to our everyday life.

# AGES AND EVENTS ICSE History and Civics

History and Civics Grades 9–10

(ICSE)

Ages and Events—ICSE History and Civics for Classes 9 and 10 is structured as per the latest syllabus prescribed by the Council for the Indian School Certificate Examinations (CISCE).

The books follow a narrative as well as critical approach while dealing with the historical and political concepts and events. Each topic of the syllabus has been extensively covered, keeping in mind the scope as well as the parameters of the board examination.

## Course Components

Coursebook and Detailed solutions for teachers

Teacher's CD-ROM

- **Dynamic Question Bank** which enables teachers to auto-generate question papers.
- An e-book which has been designed as a dynamic and interactive tool that will make learning more enjoyable.
- **Solutions** to all the questions.

## About the Authors

**H Nalini Lawrence** has pursued advanced studies in History and Sociology. She is currently serving as the vice-principal and Head of the Department, History, in Clarence High School, Bengaluru. Her teaching career spans more than thirty years. She is vastly experienced in teaching ICSE and ISC curricula.

**Manesh Chandra Kharga** has pursued advanced studies in History. He is currently serving as the Head of the Department, History, at St Paul's School, Darjeeling. His teaching career spans 26 years. He teaches History and Political Science at the higher-secondary level and has also worked as a Lecture in History at the Sikkim Government College for two years.

# **Key Pedagogical Features**

**Scope** lays down the topics to be covered in a chapter.

Points to remember acts as quick recapitulation section. **Exercises** contain questions structured according to the board examination paper.

Review helps to evaluate understanding of a topic. Internal Assessment and maps prepare the students for the board exams.

Images, maps and illustrations ably supplement the text and promote understanding.

Model Test Papers at the end of the books are based on the latest marking scheme for practice.

**Glossary** explains important terms and new words.

Timelines place events in chronological order.

The natural world is inhabited by living elements like plants, animals and human beings as well as inanimate objects. This is referred to as environment. Our environment is in a constant state of flux. The series **The Earth and Us (Primer–5)** aims to focus on the fundamental concepts of our environment and analyse the factors that cause these changes. It tries to inculcate awareness about various environmental concerns and helps us appreciate the innumerable contributions of nature.

# Course Components

Coursebook and Comprehensive Teacher's Resource Book

# About the Consultant Editor

Nandini Mathur has over twenty years of teaching experience in schools across India. In her capacity as a teacher, she has worked with students on various environment-based projects based on concepts like rainwater harvesting and water conservation. She has previously worked on developing content for books of social science.

# About the Authors

Meenu Mehra is presently employed as a teacher with a reputed school and has over fifteen years of experience as a teacher of primary and middle school. Kavita Nayyar Sood is presently working as the Principal at Divine Light International Sr. Sec. School, Sirhind. She has extensive teaching experience of over twenty-six years. She has worked on international projects on the environment and other global issues.

# **Key Pedagogical Features**

Quick Question encourages the learners to do their own research about particular concepts. Teacher's Help Box suggests effective ways of teaching a particular topic. I Learn, I Answer is the exercise section to gauge the assimilation of concepts by the learners.

Special pages have facts/activities/exercises which help to engage the learners.

Creativity/Activity Corner contains carefully graded project activities.

**Self Assessment** (Classes 4 to 5) helps the learners to evaluate their own learning.

My Corner reiterates important elements of a chapter using rhymes/lyrics/ riddles. I Can Make a Difference contains ideas and questions about important environmental issues and the learners are asked to think over them and come up with solutions.

The revised edition of A Beautiful Life is a series on value education and life skills for the primary and middle school children. It is based on the latest National Curriculum Framework (2005) for school education developed by the NCERT.

The approach of the series is essentially secular. It includes the humanistic elements rooted in various religions. The values are brought home by ageappropriate activities that enable the children to develop their self-esteem, critical thinking and emotional intelligence. Throughout the series, the teacher fulfils the role of a facilitator, gently guiding the learner to the right direction.

# About the Authors

**Shubha Subramaniam** is an educationist with vast teaching experience. She is also a special educator for children with specific learning disabilities. She has several short stories and poems for children to her credit. She has also conducted teacher training workshops in mathematics, science, and special skills.

**G Balasubramanian** is a well-known academician in the field of school education in the country. He has been a resource person for training programs on value education and adolescence education. He has been conferred 'Seva Ratan Award' for his contribution to Education by the Centenarian Trust, Chennai, and 'Life Time Achievement Award' by VIMHANS, Delhi.

# **Key Pedagogical Features**

Think it Over has questions and situations related to a theme. Read and Learn presents a story or an anecdote based on the central value dealt within the lesson. Talk About allows the learners to evaluate and express what they have understood.

Self-Assessment modules are included for a comprehensive review. What Would You Do probes the learners' personal reactions to a situation.

Beyond the Classroom encourages the learner to relate the values and life skills learnt to situations outside the classroom.

Activity helps in learning by doing. Your Space lets the learners express what each value means to them.

**Wings of Life** for Classes 1 to 8 is a series which aims to inculcate the basic values and life skills in the learners for their holistic development. It aims to make them accountable for their actions and interactions. The pedagogical elements are framed to develop the knowledge, values and attitudes necessary to become better and responsible people. The curriculum follows the guidelines of the National Curriculum Framework 2005. It adheres to the topics outlined by the NCERT to build a strong foundation in values and life skills from an early age. The author of the series is G Balasubramanian, a renowned educationist and a former Director (academics) of the CBSE.

# Key Features

- Warm-up enables students to recollect their previous knowledge about a concept.
- **Discussion time** enables the students to discuss their opinions with each other.
- Working together encourages interactions among the students.
- **Project activity** essentially enables the students to go beyond the text and find out what is really happening around them.
- Think and answer again lets the students decide what should be done in a particular situation. This inspires thought and sensitivity.
- Blog it! enables the students to express their opinions and thoughts freely.
- Learning further enables the students to analyse their response to a certain situation.
- Self-assessment lets the students evaluate their perspectives.
- Life skills hones their skills to excel in their day-to-day life. These skills are addressed in Think and Answer and Case Study.
- Value store consolidates the values derived from a lesson.

# In the Series

### Warm-up section

Establishes the core value of a lesson with the help of a story/dialogue/situation

| Y      | Michelangelo, the celebrated sculptor, once said, "I saw an angel in the marble and carved until I set him free."  |
|--------|--|
| you, m | Do you see an angel in yourself? Are you aware of your talents, capabilitie<br>dreams and interests? Would you like to nurture a talent that is latent in<br>ay be music, arts, sports, adventure or poetry? Say this loud—"I am unique<br>in do anything I put my mind to." |

~~~~~

### Working together

Enables learners to work together on a project or activity

### Working Together

1. Divide the class into six groups. Each group needs to pick a symbol that For example, have you ever seen an ant carry a large cookie crumb to some far away nest? Sometimes we see a group of ants carrying a heavy load. They try and try, until they reach home. This is how ants persevere. Once all the groups have decided on their 'symbol of perseverance', the team members will collaborate to design a collage with colourful drawings and nictures. They can also write their thoughts on what makes their symbol representative of grit and pers

Organise a play on the theme-Efforts never fail-to encourage and motivate your school's social services team.

### Blog it!

Creates opportunity for learners to express their opinion freely

~~~~~

### Blog It!

Growing up is not an easy thing. Some day-to-day problems that arise can be dealt with easily, while others are more complicated. What if your best friend is not talking to you? What if you see certain changes in your body and appearant that you are not too happy about? What if someone keeps bullying you about

- Write in about 200 words how you are coping up with the conflicts you find in the rocess of growth. Here are a few things you can do.
- Take advice from an older adult, teacher or relative See if you know anybody who has been in a similar situation
- Write about your feelings
- Exercise or relax and go back to thinking about what to do

### Exercises

Encourages learners to imagine themselves in practical situations and anticipate their own choices and actions

### Exercise

Which of the two attitudes in the story do you identify with-Dineshji's or

her character?

the old lady's? Why? The old lady could have easily walked away without helping Dineshii. Do you think our attitude towards others should depend on how they behave with us? What does the old woman's attitude towards Dineshji tell us about

### Discussion time

Triggers discussion on a topic and exchange of ideas

### Discussion Time

- . Here is an inspirational poem. Read it and answer the questions
- When things go wrong, as they sometimes will, When the road you're trudging seems all uphil
- When the funds are low and the debts are high
- And you want to smile, but you have to sigh When care is pressing you down a bit,

### Learning further

Outlines a path for further learning of a topic or concept

~~~~~~

### Learning Further

- Most novels, magazines and newspaper articles contain stories of people who had the courage to take decisions that changed their lives.
- Organise a story-time in your class where each student gets to share a story and analyse the choices made by the characters. Discuss with your classmates what other alternatives the character could have chosen. Look up movies, books or articles on the Internet, newspapers and magazines for reference. You may also write a story and discuss it.

### Self-Assessment

Encourages learners to assess the efficacy of a lesson

### Self-Assessment

. Tick the option that best describes you.

 When making decisions, I gather \_\_\_\_\_\_information i. little

efforts and competencies of the team members in your group. How do you think you can maximise the efficiency and efforts of everyone to optimise productivity? Make a presentation on the same with at least five suggestion

### Teacher's notes

Provides additional guidelines to the teachers for conducting a particular lesson

### cher's Notes

er than evaluating, enabling participation judgment, and appre can help students in creatively designing projects, cartoon strips, picture st inking of different ending to common stories and newsletters etc Teachers should encourage students to explore their ideas, think out of the box and tise inter-disciplinary approach to facilitate creativity. herous opportunities should be given to the students to display their creative skills

**New Know and Grow with Derek, 4e** series for Pan India Grades 1–8 is a culmination of one of Asia's best-known quiz masters, Derek O'Brien's methodologies for creating knowledgeable, responsible and better citizens of the society. The revised edition of the series aims at addressing the four vital skills for success in a learner's life—Personality Development, Life Skills, General Knowledge and Creative and Thinking Skills through improved content and new digital platform. The series serves a dual purpose of being a self-guide to the learners and can equally be teacher-driven.

# Course Components

Coursebook and Current Affairs and General Studies Booklet

\*New in-class digital platform and ActiveApp with various assets like animations, videos, interactive activities and games

\*In-class assessment tab in the App"

# About the Authors

As rightly put by the newspaper, Oman Daily, "There is a bright child in every child and Derek knows exactly how to bring it out." Derek O' Brien is Asia's one of the best-known quiz masters and his way of emphasizing on the overall development, life skills and creativity of a child, along with general knowledge is impeccable.

# **Key Pedagogical Features**

Grow with Derek enables learners to use the information to tackle challenges to get ahead in life by inculcating twenty-first century skills.

The thematic division of units, pages on facts, activities, special pages and quizzes give an edge to learners.

Know with Derek provides useful and interesting everyday snippets of information.

Child Safety Pages have been added at the end of each book as per the guidelines of Protection of Children from Sexual Offences Act (POCSO), 2012.

**Test Papers** at regular intervals help teachers evaluate the performance of the learners.

**NURTURE**-A Programme for Early Years is an early childhood education programme. Based on an interactive, play way and activity-based approach to learning, the programme focuses on developing and enhancing skill sets at the pre-primary grades. The activities suggested in the books have been carefully curated, designed and graded keeping in mind the age, interest level and the learning ability of the target audience.

# Course Components

The entire programme includes bespoke features for learners and instructors :

### For the learners:

- Communication, Language and Literacy Coursebooks A and B Printed notebooks for practice and application
- Numeracy
- Coursebook
- Printed notebooks for practice and application
- Understanding Our World Coursebooks A and B
- Flash cards
- Bonus stickers

For the instructors: Online Teacher Manual (daily planners, assessment ideas/manual, exemplar letters—to be sent to parents—curriculum guidance—Personal, Social and Emotional Development [PSED] ideas—circle time homework and extra craft—ideas for the activity room); Digital support; Worksheet Bank

# About the Author

An educator with over 30 years of hands-on experience, **Kaadambari Muttoo** has been the Director of prominent educational consultancies such as GEMS Education, Learn Today of the India Today group and the Shri Ram Education Trust, where her work centered on establishing K-12 schools and developing the Early Years and Primary curricula for the schools in her care.

# Key Highlights

- Exercises based on 21st century skills
- Rhymes to support the eurhythmics approach to ensure gross motor development and creative expression
- Theme-based curriculum
- Stories based on suggested themes relating to real-life situations
- Accelerated Reading Programme through phonics and whole language

# **Key Pedagogical Features**

Innovative themes to develop necessary skills at each level Focus on Accelerated Reading through a dual approach: Phonics and Whole language Stories, rhymes and art integrated into coursebooks and application books. Tips for implementation given in Coursebook for ongoing support

Based on three main approaches: Reggio Emilia, Montessori and Play-way by Froebel

Science through hands-on activities

Evidence based learning Continuous assessment as a part of learning routine with specific indicators: Budding, Blossoming and Flourishing

ActiveTeach Tiny Talents is an Early Childhood Care and Education (ECCE) programme. Based on the playway method and the activity-based approach to learning, the course focuses on developing and enhancing skill sets at the pre-primary grades.

With carefully designed activities, it includes concept-building and practice and makes the learners numeracy- and literacy-ready, while also giving them an early view of the world around them.

A wide variety of digital resources have been designed around the course content for maximum efficacy of learning. It is, therefore, a 360-degree programme, which makes both learning and teaching a fun-filled experience.

# **Key Pedagogical Features**

Improved platform with child-friendly features enhance learning. Widgets for Literacy, Numeracy and General Awareness make learning fun.

Animated concepts taught through stories, songs, poems reinforce understanding.

Liberal use of audio recordings promote listening skill. Innovative activities and worksheets offer opportunities for evaluation. Grade-specific games create scope for learning by play-way method.

# पुस्तक परिचय ः

रचनात्मक व्याकरण की इस पुस्तक शृंखला में व्याकरण को आनंददायक अनुभवों, उदाहरणों और स्वयं शिक्षण से जोड़ा गया है। इसमें विद्यार्थियों की आयु, कक्षा—स्तर को निश्चित रूप से ध्यान में रखते हुए सामग्री का स्तरीकरण किया गया है। व्याकरणिक नियमों को सहज व सुगम बनाने के लिए रोचक मनोवैज्ञानिक प्रविधियों का उपयोग भी किया गया है। इन पुस्तकों का नया, मौलिक तथा उपयोगी पहलू है, रचना। शिक्षण के विविध रूपों (मौखिक और लिखित रचना) से परिचित कराते हुए रचनात्मक दक्षताएँ प्राप्त करने के अनेक उपकरण जुटाए गए हैं। इस तरह विद्यार्थी हिंदी भाषा में अपने विचारों, भावनाओं को विविध रूपों में अभिव्यक्त करने का साम्थर्य (मौखिक और लिखित रचना) से परिचित कराते हुए रचनात्मक दक्षताएँ प्राप्त करने के अनेक उपकरण जुटाए गए हैं। इस तरह विद्यार्थी हिंदी भाषा में अपने विचारों, भावनाओं को विविध रूपों में अभिव्यक्त करने का साम्थर्य विकसित कर सकेंगे। शिक्षण के क्षेत्र में हो रहे नवाचारों को तथा अनुभवी शिक्षकों के मूल्यवान सुझावों के अनुरूप विषयवस्तु को इस संस्करण में प्रस्तुत किया गया है, जिससे इसकी गुणवत्ता प्रखर होगी और पुस्तक छात्रों के लिए अधिक उपयोगी सिद्ध हो सकेगी।

- रोचक और आकर्षक एनीमेशन
- दृश्य-श्रव्य अधिगम(शिक्षा) के साथ बोधगम्य वीडियो
- व्याकरण के उपविषयों पर आधारित अभ्यास पत्र
- दृश्य-श्रव्य एनीमेशन पर आधारित अभ्यास पत्र
- रोचक खेल गतिविधियाँ
- व्याकरणिक विषयों पर आधारित अतिरिक्त परस्पर संवादात्मक क्रियाकलाप
- व्याकरण के उपविषयों पर आधारित अभ्यास पत्र और बोधगम्य अभ्यास पत्र के उत्तर

# लेखक परिचय :

डॉ. सुरेश पंत लगभग आधी सदी से अधिक समय तक हिंदी क्षेत्र में प्रतिष्ठित व सम्मानित नाम है। भाषाविज्ञान, शोध–सामग्री निर्माण कार्य से भी जुड़े रहे हैं। अंतरराष्ट्रीय तथा राष्ट्रीय स्तर के अनेक सरकारी तथा गैर–सरकारी संस्थानों में हिंदी विशेषज्ञ, परामर्शदाता के रूप में ख्याति अर्जित की है। राष्ट्रीय संस्थानों में हिंदी विशेषज्ञ मुक्त लेखन, राष्ट्रीय पत्रों में भाषा और व्याकरण स्तर– लेखक ब्लॉगर, भाषाविज्ञान, भाषाशिक्षण, शैक्षिक व्याकरण पर अनेक पुस्तकों, का प्रकाशित होना आपकी महत्त्वपूर्ण उपलब्धियाँ हैं। हिंदी की कर्मठ सेवा के लिए साहित्यकला परिषद, हिंदी अकादमी, संस्कृत अकादमी, दक्षिण भारत हिंदी प्रचार सभा आदि के द्वारा सम्मानित किए गए हैं।

हिमानी जोशी की शैक्षणिक योग्यता एम.ए, एम.एड. है। शिक्षण के क्षेत्र में लगभग 20 वर्षों का अनुभव प्राप्त है। वर्तमान में अंतरराष्ट्रीय स्तर के विद्यालय में हिंदी शिक्षक के रूप में कार्यरत हैं।

# पुस्तक शृंखता की विशेषताएँ...

बदलती प्रौद्योगिकी के अनुरूप डिजिटल सामग्री द्वारा अध्ययन

रटने की अपेक्षा समझने और प्रयोग कर सकने की प्रक्रिया पर विशेष बल

भाषिक संरचना सिखाने की नवीन युक्तियों से परिचित कराना

> रोचक भाषिक गतिविधियों के द्वारा व्याकरण को खेल–खेल में सीखने की प्रवृत्ति का विकास

विषयवस्तु को रोचक और संप्रेषणपरक बनाने पर ध्यान केंद्रित

> राष्ट्रीय शिक्षा नीति, 2020 के भाषा शिक्षण संबंधी व्यापक सुझावों का अनुसरण

विद्यार्थियों के अनुभव-संसार से व्याकरण को जोड़कर भाषिक अर्जन को सुगम बनाना 0

'पियर्सन' का उद्देश्य हिंदी भाषा शिक्षण को उसकी पारंपरिक शिक्षण परिधि से बाहर निकालकर रोचक एवं नवीनतम प्रविधियों पर आधारित एक सुप्रबोध शिक्षण सामग्री का निर्माण करना है। 'उद्भव' हिंदी पाठमाला की सहायता से विद्यार्थी बहुत सरलता से हिंदी भाषा सीख सकेंगे तथा पाठ की विषयवस्तु के साथ अपने अनुभवों का तारतम्य आसानी से बिठा सकेंगे। जीवन, जिज्ञासा एवं जागरूकता जैसे शीर्षकों के अंतर्गत सँजोई गई पाठ्यसामग्री छात्रों की भाषा संबंधी समझ को अधिक रुचिकर ढंग से समृद्ध करेगी, साथ ही उनमें अंतर्निहित बहुप्रतिभाओं को मुखरित होने के चहुँमुखी आयाम विकसित करेंगी। स्वभावतः छात्रों में विविध ढंग से समझने व सीखने की जिज्ञासाएँ एवं उत्सुकताएँ होती हैं। वे अपने आस—पास के जीवन व परिवेश को बड़ी कौतूहलपूर्ण दृष्टि से देखते हैं और उसे जानने की सहज जिज्ञासा रखते हैं। उनकी इन्हीं जिज्ञासाओं को सकारात्मक दिशा देकर स्तरानुरूप जागरूकता प्रदान करना उद्भव पाठमाला का दूरगामी लक्ष्य है।

पाठ्यपुस्तक सह–अभ्यास पुस्तिका, शिक्षक संदर्शिका एवं उत्तरावली (शिक्षण सहयोग सामग्री)

**डिजिटल** शिक्षण सहयोग सामग्री (पेनड्राइव) लेखिका के बारे में

निष्ठा शर्मा – वरिष्ठ हिंदी अध्यापिका; श्री राम स्कूल, गुरुग्राम

# पुस्तक शृंखला की विशेषताएँ...

प्रत्येक पाठ की शुरूआत चित्ताकर्षक गतिविधि अथवा प्रश्नों के माध्यम से की गई है।

बच्चों की आयु और मानसिक विकास के अनुरूप सरल, सहज एवं रोचक पठन सामग्री का समावेश।

राष्ट्रीय पाट्यचर्या की रूपरेखा 2005 पर आधारित आकर्षक पाट्यपुस्तक शृंखला।

> पाठ्यपुस्तक में लेखन की विभिन्न विधाओं, जैसे– कहानी, कविता, चित्रकथा, प्रेरक-प्रसंग, रेखाचित्र, एकांकी, नाटक, व्यंग्य, संस्मरण, यात्रा-वर्णन, निबंध, लेख, पत्र आदि से जुडे रुचिकर पाठों को मोतियों की तरह पिरोया गया है।

सभी प्रकार की अधिगम शैलियों एवं बहुप्रतिभाओं को विकसित एवं पल्लवित करने वाली रोचक रचनात्मक गतिविधियों को उनके जीवन व अनुभवों से जोड़कर पाठों में शामिल किया गया है।

> भाषा के व्यापक रूपों के प्रति विद्यार्थियों को सजग कर विभिन्न विधाओं से परिचित कराते हुए विभिन्न भाषा प्रयोग के प्रति संवेदनशील बनाना, अर्थग्रहण करने की योग्यता उत्पन्न करना व नवीन शब्दों का प्रयोग करने में सक्षम बनाना आदि का प्रयास किया गया है।

विद्यार्थियों को साहित्यिक कौशल की बारीकियों से अवगत कराने का सजग प्रयास किया गया है। जैसे– क्रमबद्धता, प्रमुख या केंद्रीय भाव, निष्कर्ष, कारण और प्रभाव, चरित्र-चित्रण, समस्या-समाधान, तुलनात्मक अध्ययन एवं समीक्षा आदि। संकलनात्मक मूल्यांकन हेतु अभ्यास भाग में प्रश्नों का निर्माण ज्ञान के विभिन्न संज्ञानात्मक स्तरों को ध्यान में रखकर किया गया है। जैस– ज्ञान, समझ, अनुप्रयोग, विश्लेषण, मूल्यांकन एवं सुजनात्मकता।

'उल्लास' श्रृंखला का निर्माण राष्ट्रीय आधार पाठ्यक्रम (NCF) के निर्देशानुसार किया गया है। उल्लास पाठ्य और अभ्यास पुस्तक श्रृंखला हिंदी भाषा के व्यापक पाठ्यक्रम को सुगम, सुदृढ़ और आनंददायक बनाने का प्रयास है, साथ ही यह छात्रों को चिंतन और भावनात्मक अभिव्यक्ति के लिए भी अवसर प्रदान करती है। इस शृंखला में विदुयार्थियों की संप्रेषण दक्षता को बढ़ाने के लिए व्यावहारिक भाषा और विभिन्न गतिविधियों का समावेश किया गया है।

शिक्षण सहयोग सामग्री (सी.डी)

लेखिका के बारे में

मधु दर – चार दशकों से हिंदी शिक्षण में कार्यरत; संस्कृत तथा हिंदी की विषय-विशेषज्ञ; पाठ्यचर्या और हिंदी विषयक विशिष्ट गतिविधियों के विषय में परामर्शदात्री. सभी बोर्डों के हिंदी शिक्षकों के प्रशिक्षण और कार्यशालाओं में कार्यरत।

हिमानी जोशी - अहमदाबाद तथा दिल्ली के कुछ प्रतिष्ठित विदुयालयों में एक दशक से अधिक समय से प्राइमरी स्तर पर शिक्षण; संप्रेषण पदुधति से भाषा शिक्षण में नए प्रयोग; तीन पुस्तक श्रृंखला और कुछ लेख प्रकाशित; संप्रति पाथवेज़ स्कूल, नोएडा (उ. प्र.) में हिंदी शिक्षिका।

# शैक्षणिक विशेषताएँ

- सरस, रोचक और जीवन-मूल्यों को सुदृढ़ करने हेतु स्तरानुसार पाठ्य सामग्री।
- प्रत्येक पाठ में पूर्व पठन गतिविधि तथा रचनात्मक मूल्यांकन के लिए परियोजना कार्य तथा गतिविधियों के सुझाव।
- भाषिक कौशलों—सूनना, बोलना, पढना और लिखना की सभी विधाओं के स्तरीकृत अभ्यास ।
- क्रमबद्ध और रोचक पाठांत अभ्यासों दुवारा भाषा के उच्चतर कौशलों-चिंतन-मनन, कल्पना और अभिव्यक्ति का विकास।
- पुस्तक के अंत में रचनात्मक और संकलित मूल्यांकन के लिए अभ्यास पत्र।

# LET'S DO aND LEARN

Let's Do and Learn is a complete art, craft and drawing course for young learners, starting from Kindergarten till Class 5. The books have systematic and carefully graded activities that will develop and enhance the learner's capacity to visualise ideas. The series aims to foster creativity, facilitate imagination and encourage aesthetic expression. Special emphasis has been given to the use of colours in the books. Colours are used in appropriate context so that the learners are able to use them meaningfully.

## Course Components

- Key Features
- Simple and interactive tasks have been provided.
- Easy-to-understand **instructions** help in the accomplishment of the tasks.
- Colourful and attractive layout engages the learners.
- The topics covered include reverse painting, spray art, stencils, origami, crayon etching, mosaic colouring, sponge painting and paper collage.
- Teacher's Notes provide additional input for interactive pedagogy.

# Foundation Series

Rated 4.5 Stars on amazon in  $\star \star \star \star \star$ 

# Your Companion for a Strong Foundation

The new and updated edition of the *Pearson IIT Foundation Series* continues to be a source of comprehensive and reliable content for competitive readiness. Conceptual clarity and gaining mastery over the art of problem-solving are the central themes of the series. To ensure this, the series has lucid content along with neatly-sketched diagrams and real-life application-based examples.

This is an indispensable companion for all aspirants aiming to succeed in key entrance examinations, like Joint Entrance Examination (JEE), National Talent Search Examination (NTSE), Olympiads–Junior/Senior/International, Kishore Vaigyanik Protsahan Yojana (KVPY), etc.

The series consists of textbooks and practice books for Physics, Chemistry, Mathematics and Biology for classes 6–10.

# HIGHLIGHTS

- Key concepts explained in a learner-friendly manner
- Application-based problems, graded by difficulty, leading to conceptual clarity
- Solved examples presented in a logical and step-wise manner for each concept
- 'Test your Concepts' section at the end of every chapter to check progress
- Hints and Explanation for key questions along with common mistakes and how to avoid them

- > Application-based problems graded by difficulty level leading to conceptual clarity
- Hints and Explanations for key questions along with common mistakes are also included

**Pearson NEET Foundation Series**, comprising Physics, Chemistry, and Biology for class IX and X, is designed to help students to get an all-round grasp of the basic science and make its useful application at grassroot level. The series provides a perfect blend of learning through comprehensive theory and variety of exercise in-line with CBSE and NEET pattern. Coverage and features of this series makes it highly useful for NEET, AIIMS, CBSE, Olympiads, Kishore Vaigyanik Protsahan Yojana (KVPY), and NTSE.

# **Pearson Foundation** with MyInsights Grade 9 - 10

# CONTENTS

- Digital assessment, Pearson MyInsights access scratch card
- ♦ 4 Pearson foundation books (PCMB)

# Product Description:

The Pearson Foundation with MyInsights is the perfect package of bestselling product Pearson Foundation and AI powered digital assessments, Pearson MyInsights.

This combo gives the complete journey to a student from LEARNING, DIAGNOSE, PRACTICE and BENCHMARKING for grade 9 and grade 10 students to set the right basis for IIT-JEE, KVPY & NEET. It also gives a complete preparation for NTSE 1 (SAT) and Olympiads

# **Key Features:**

- **360 degree preparation** from learning, diagnose, practice and benchmarking.
- **Diagnostic Test** Diagnose preparation level with "Pearson Assessment Score" at concept level
- Exam-Relevant Practice Ample questions are provided to practice as per real exam environment
- Test Series Full length timed mock tests in a simulated environment gives All India Ranks
- Insightful Reports In-depth analysis on preparatio

Pearson Foundation with MyInsights Grade 9

Pearson Foundation with MyInsights Grade 10
